PROJECT DESCRIPTION:

The City of Fort Lauderdale is requesting to rezone 72,110 square feet (1.65 acres) of land located at 500 Seabreeze Boulevard from A-1-A Beachfront Area (ABA) District to Parks, Recreation and Open Space (P) District, which is the existing *D.C. Alexander Park*. The location map is attached as **Exhibit 1**. The application, narrative responses to criteria, and sketch and legal description of the property proposed to be rezoned are attached as **Exhibit 2**.

REVIEW CRITERIA:

Pursuant to the City's Unified Land Development Regulations (ULDR) Section 47-24.4.D, Rezoning Criteria, an application for a rezoning shall be reviewed in accordance with the following criteria:

1. The zoning district proposed is consistent with the City's Comprehensive Plan.

The property is currently zoned ABA and has an underlying land use designation of Central Beach Regional Activity Center which is intended to encourage a mix of uses, promote a strong local economy, integrated with residential, hotel, commercial and recreational uses, a strong waterfront, and marina experience, complemented by a world-class pedestrian environment and open space. The proposed Parks, Recreation and Open Space zoning district is consistent with this land use designation. Please refer to the Comprehensive Plan Consistency section within this report for additional information.

2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration.

The property where the proposed rezoning is to take place is an existing park. Moving forward with the proposed rezoning will make the current park use consistent with its zoning designation. The character of development of the parcel supports the proposed rezoning. If approved, the rezoning will be consistent with the character of development in the area under consideration.

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

Since the current use of the site is a park, the proposed rezoning will ensure the zoning district is compatible with the existing use. Furthermore, the proposed rezoning will enhance the existing surrounding residential and hotel uses by providing park and open space for residents and visitors to enjoy. The character of the surrounding area supports the proposed park use.

A general comparison of permitted uses in the current and proposed zoning district is provided in Table 1. For the complete detailed list of uses, refer to ULDR Section 47-12.5.1, List of Permitted and Conditional Uses; A-1-A Beachfront Area (ABA) District and ULDR Section 47-8.14, List of Permitted and Conditional Uses; Parks, Recreation and Open Space (P) District. A comparison of current and proposed dimensional standards for each district is provided in Table 2.

PLANNING & ZONING BOARD REVIEW OPTIONS:

The Planning and Zoning Board shall consider the application and make a determination based on the criteria in ULDR Section 47-24.4, Rezoning Criteria.

If the Planning and Zoning Board determines the application meets criteria as provided in this section, the Planning and Zoning Board shall recommend that the rezoning be approved or recommend a rezoning to a more restrictive zoning district than that requested in the application if necessary to ensure compliance with criteria for the rezoning and if consented to by applicant.

If the Planning and Zoning Board determines that the application does not meet the criteria provided for rezoning or if the applicant does not consent to a more restrictive zoning district, the Planning and Zoning Board shall deny the application and an appeal to the City Commission may be filed by the applicant in accordance with ULDR Section 47-26.B, Appeals.

Project narratives outlining how the rezoning complies with the applicable sections of the ULDR are attached as Exhibit 2, to assist the Board in determining if the proposal meets the criteria.
