PROJECT DESCRIPTION:

The applicant is seeking to rezone 0.15 acres of land at 624 NW 4th Avenue, generally located on the east side of NW 4th Avenue, west of NW 3rd Avenue, south of NW 7th Street and north of NW 6th Street from Residential Multifamily Mid Rise - Medium High Density (RMM-25) District to Northwest Regional Activity Center-Mixed Use east (NWRAC-MUe) District. If approved, the NWRAC-MUe District will extend northbound between NW 3rd Avenue and NW 4th Avenue, up to NW 7th Street and will encompass the subject property. The existing site is currently comprised of vacant land. At this time, development plans have not been submitted with the rezoning application.

The application, survey, and area map are attached as **Exhibit 1**. A sketch and legal description of the area proposed for rezoning is attached as **Exhibit 2**. The applicant's narrative responses to criteria are attached as **Exhibit 3**.

REVIEW CRITERIA:

Pursuant to criteria outlined in the City's Unified Land Development Regulations (ULDR) Section 47-24.4.D, Rezoning, the application shall be reviewed in accordance with the following:

1. The zoning district proposed is consistent with the City's Comprehensive Plan.

Rezoning the property to NWRAC-MUe is consistent with the Northwest Regional Activity Center (NWRAC) future land use. Please refer to the Comprehensive Plan Consistency section herein for additional information.

2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration.

The proposed rezoning of the property to NWRAC-MUe will not adversely impact the character of development in or near the area under consideration. The land proposed for rezoning is

surrounded by properties zoned NWRAC-MUe to the north, south and east, and Heavy Commercial/Light Industrial (B-3) to the west. The Northwest/Progresso/Flagler Heights Redevelopment Plan promotes the renovation of existing structures, with new infill development to help support local commerce and community revitalization. Rezoning of properties to NWRAC-MUe is in alignment with the neighborhood's goal of supporting redevelopment opportunities and has the potential of increasing a mix of uses including housing opportunities and local employment. A mix of uses can support new businesses and ensure higher levels of purchasing power through increases in density, helping to fortify the economic vitality of existing future businesses in the Progresso Village neighborhood.

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

The proposed rezoning is intended to promote and enhance a mixture of residential and non-residential uses which supports the character of the area and provides for a wide range of employment, shopping, services, cultural and residential opportunities within the NWRAC. Rezoning to NWRAC-MUe would ensure compliance with the development standards outlined in ULDR Section 47-13.29, Design Standard Applicability, that future development on the subject site will be required to meet. The Northwest Regional Activity Center - Illustrations for Design Standards, include but are not limited to building requirements, open space, vehicular and pedestrian access, parking, landscaping, as well as neighborhood compatibility standards which will be applied as applicable during the development review process at the time of site plan application.

The intent of the NWRAC is to encourage redevelopment and expansion of employment and housing opportunities within the area. Further, the proposed rezoning is consistent with the City's Comprehensive Plan applicable goals, objectives, and policies, specifically Future Land Use Element Goal 2, Objective 2.4, which encourages revitalization of redevelopment areas and redevelopment to be consistent with the Northwest/Progresso/Flagler Heights Redevelopment Plan.
