Best rating of A-, VII or better, subject to approval by the City's Risk Manager.

The coverages, limits, and/or endorsements required herein protect the interests of the City, and these coverages, limits, and/or endorsements shall in no way be relied upon by Applicant for assessing the extent or determining appropriate types and limits of coverage to protect Applicant against any loss exposures, whether as a result of this Agreement or otherwise. Any costs for including the City as an Additional Insured shall be at Applicant's expense.

If Applicant's primary insurance policy/policies do not meet the minimum requirements as set forth in this Agreement, Applicant may provide evidence of an Umbrella/Excess insurance policy to comply with this requirement.

Any exclusion or provision in any insurance policy maintained by Applicant that excludes coverage required in this Agreement shall be deemed unacceptable and shall be considered breach of contract.

All required insurance policies must be maintained until the Agreement work has been accepted by the City, or until this Agreement is terminated, whichever is later. City of Fort Lauderdale
Special Event Application

Lauderdale Tropical Bear Beach Party

A fenced area on the beach with two bars, and a dj with amplified music and speakers in the center of the fenced area. Approx. forty 10' x 10' pop up canopies arranged around the perimeter as cabanas.

This is very similar to the same event we have produced in the same location now three times prior. The exceptions are as follows:

1. We are adding more Cabana Canopies due to their popularity and this causes the fenced area to be slightly larger.
2. Having done this event three times prior, we find that moving equipment on and off the beach is exponentially more difficult. So we are adding a few tools to reduce the work load at the beach if they are acceptable and approved by the City.
3. At least one but not more than two Club Car Carryalls or UTV vehicles to move equipment on and off the beach. These will be rented from, delivered and picked up by Durante Equipment in Hollywood, FL. We expect that they will need to be delivered toward the end of the day Friday and would generally be picked up Monday AM. We will need some direction as far as where to park them , whether in the park or on the street, we expect there to be fees.
4. A 20kw Generac, Silent, Diesel generator will be delivered to the next to last parking space. It will be used to power two ice chests and an audio system as well as a few misc. items during set up and tear down and possibly some limited lighting. The generator will also be supplied by Durante Equipment.
5. Two 1,000 pound Ice Chest Freezers, placed adjacent to the generator and provided by Fort Lauderdale Ice. The ice chests, provided by Fort Lauderdale Ice, are likely to be delivered Friday and Picked up Monday. Alternately we can possibly load them onto our box truck and leave them in the truck but it will cause us to rent two trucks instead of one.
6. In the past we have paid for about half the parking spaces in that line. This year at the last minute we called and acquired all of them. We will start there this year and plan to rent all 9 spaces.
7. Lastly, since on the day of this event there will be a full moon, we would like to treat our visiting guests to a Fort Lauderdale Moon Rise on the beach. If approved we will extend the closing of the event to 8 PM. As the sun sets and the moon rises we would have the DJ blend the music to a more chill, end-of-day vibe, hopefully sending our guests home somewhat relaxed and energized by the experience. Depending on sourcing we may add hammocks on stands to the area. We are prepared to pay additional fees associated with having a life guard work later and/or we can post our own security to warn our

guests from getting in the water after Dusk or whatever time is prescribed by the city. We are flexible in this and wool work with the city

8. We do not envision any lighting other than very dim lights for the DJ and staff to be able to perform their duties and perhaps some very low LED light strips to mark the exit from the beach. In the event we determine that some low lighting would be appropriate, we would consult with the Turtle experts to make sure we cause no harm or light pollution. For clean up we will want to have some low lighting to make sure we leave the beach as it was found and we will need to know what lighting color and/or temperature is acceptable for that purpose.

Other than these notable changes, everything will remain the same with a food truck parked along the street, and barbeque catered for our VIP Guests.

As we have done in the past, we will have a dedicated crew at the beach for the duration making sure all the trash is collected and taken with us. We expect to be off the beach entirely within 2 hours of the end of the event.

For the past two events we have used SNL Events and I believe we even listed them on the application. I have not listed a contractor for this event as we have not made a decision at this time. We are currently working with a temp agency on other projects with a goal of having an established working relationship in place with direct supervision from our staff member who is always onsite in a logistics capacity.

We have completed the application for a 1 pm to 8 pm event. If that time frame is unacceptable, we can certainly discuss adjustments.

NOTE: We are applying here for the Birch State Park location where we have always done our beach events. If there is an opening in the calendar at the Southern end of the beach, we would consider moving this event to that location.
