

CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING

#14-1647

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: February 17, 2015

TITLE: Southwest 9th Street Sanitary Sewer Extension Design Services– Keith
and Schnars - \$53,715

Recommendation

It is recommended that the City Commission approve Task Order No. 2 (Exhibit 1) with Keith and Schnars, P.A. in the amount of \$53,715 for a sanitary sewer extension design services on Southwest 9th Street.

Background

The neighbors on the private road extension of Southwest 9th Street requested sanitary sewers to serve the properties west of Riverside Drive to Interstate 95 (Exhibit 2). Currently the properties are either undeveloped or on septic tank services. The lack of utility easements from the parcels' owners prevented the installation of sanitary sewers in the private road during the Water Works 2011 (Project Number 10578A, Riverside Park Basin A). The owners have dedicated the required utility easements to the City to allow for the construction and maintenance of public utilities in 2014. To improve fire protection and potable water service to the properties, a water main extension was included in the scope. This project was funded in the approved Fiscal Year 2015 Community Investment Plan.

This task order is being entered into pursuant to the Continuing Contract for Civil Engineering Consultant Services Agreement (Contract 626-10881) with Keith and Schnars, P.A., in accordance with the terms of the agreement for professional services dated November 6, 2012 and renewed on October 21, 2014. This task order is being performed under the terms and conditions of the Amended Master Agreement.

Resource Impact

There will be a fiscal impact to the City in the amount of \$53,715 for the task order and \$5,371 for estimated engineering fees, for a total of \$59,086.

Funds available as of January 23, 2015

ACCOUNT NUMBER	INDEX NAME (Program)	OBJECT CODE/ SUB-OBJECT NAME	AMENDED BUDGET (Object Code)	AVAILABLE BALANCE (Object Code)	AMOUNT
454-P12110.454-6599	Southwest 9 th Street Riverside Sanitary Sewer	Capital Outlay/ Construction	\$300,000	\$296,856	\$59,086
TOTAL ►					\$59,086

Strategic Connections:

This item is a *Press Play Fort Lauderdale Strategic Plan 2018* initiative, included in the Infrastructure Cylinder of Excellence, specifically advancing:

- Goal 2: Be a sustainable and resilient community.
- Objective 1: Proactively maintain our water, wastewater, road and bridge infrastructure.

This item advances the *Fast Forward Fort Lauderdale 2035 Vision Plan: We Are Ready*
