

**CITY OF FORT LAUDERDALE**  
**City Commission Agenda Memo**  
**REGULAR MEETING**

**#15-0241**

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Lee R. Feldman, ICMA-CM, City Manager

**DATE:** February 17, 2015

**TITLE:** Proprietary Software Configuration and Setup Services for the  
ONESolution Sustainable Development software - \$47,400

**Recommendation**

It is recommended that the City Commission approve the Add-On Quote/Order Forms in substantially the forms attached for the purchase of proprietary services for software configuration and setup from SunGard Public Sector Inc. (SunGard) in the amount of \$47,400, which includes up to \$9,000 for related travel expenses.

**Background**

As part of the efforts involved in configuring the ONESolution software from SunGard to upgrade from the CommunityPlus system to the ONESolution system, there is a significant amount of new table setups and system configuration required that was originally planned to be performed by City staff. To facilitate and expedite the completion of these setup and configuration tasks, SunGard has provided quotes for professional services to perform the work in conjunction with City staff. SunGard possesses proprietary knowledge to configure its software and is solely capable of providing this service.

**Resource Impact**

There will be a fiscal impact to the City in the estimated amount of \$47,400.
