FORT LAUDERDALE PUBLIC WORKS DEPARTMENT

12019 - 2625 NE 11TH COURT STORMWATER IMPROVEMENTS

PROFESSIONAL SERVICES

This Task Order is pursuant to the Continuing Service Contract Agreement (No. 626-10881-6) between the City of Fort Lauderdale, a Florida municipality, ("CITY") and Miller, Legg & Associates, Inc., ("CONSULTANT"), a Florida corporation, for Civil Engineering Consultant Services in accordance with the terms of the agreement for professional services dated November 6, 2012 and extended by the City Commission on October 21, 2014 between CITY and CONSULTANT ("MASTER AGREEMENT").

PROJECT BACKGROUND

This project is part of the Phase I Storm Master Plan for the design of the drainage system along NE 11 Court between Bayview Drive and Seminole Drive in the Coral Ridge Neighborhood of Fort Lauderdale Florida. Residential properties have flooded during extreme storm events. Currently, flooding is affecting public/private property by accumulating over sidewalk and frequent flooding and ponding occurs during every rain storm due to insufficient drainage infrastructure

PROJECT DESCRIPTION

The Project includes the design of a new stormwater system to address flooding issues at the site. This Project is included in Phase I of the Stormwater Master Plan. The 2625 NE 11th Court Stormwater Improvement Project is located in the City of Fort Lauderdale. The Project encompasses the roadway along NE 11 Court between Bayview Drive and Seminole Drive. A generalized address is 2625 NE 11th Court, Fort Lauderdale, FL 33304.

See "Exhibit 1" for project location. The existing project area consists of roads and green areas. This project is for the design of new tidal valves and the drainage system. The drainage system will improve water quality, water quantity, will address tidal and storm flooding which is currently damaging private property.

The task order includes the following services:

1. Civil Design

- a. The project shall be designed to the 10 year, 24 hour storm event and the streets shall have no standing water due to high tide. For water quantity purposes, a 1' sea level rise shall be taken into account in the design. The design phases to be completed shall include 30%, 90% and 100% specifications and plans, and the documents to be submitted include cost estimates, project schedule on MS project, drainage reports and calculations.
- b. CONSULTANT shall obtain all required permits from all necessary regulatory agencies.

Project: 12019

Consultant: Miller, Legg & Associates, Inc.

2. Construction Services

a. Respond to RFIs for technical questions and shop drawing approvals

SPECIFIC SCOPE OF SERVICES AND DELIVERABLES

This task order will cover the civil engineering services required to complete the stormwater drainage system design for the 2625 NE 11th Court Stormwater Improvement Project.

The CONSULTANT is responsible for all work of their sub consultants/subcontractors to meet the deliverables included on this task order.

CONSULTANT shall provide all engineering services described on the tasks herein below:

Task 1 30% Design Submittal

- 1.1.1 30% Drainage Report CONSULTANT shall prepare a preliminary investigation of the existing drainage systems within the project limits. CONSULTANT shall also prepare a drainage analysis to determine the drainage requirements and the cost of the project. The proposed drainage system must comply with South Florida Water Management District (SFWMD) criteria, Broward County criteria and must satisfy level of service (LOS) set forth by the CITY (10 year 24 hour storm) and no standing water.
 - 1.1.1.1 Design Alternative 1 CONSULTANT shall include in the 30% drainage report a design that meets the CITY's road protection criteria (10 year 1 day storm event).
 - 1.1.1.2 **Design alternative 2** CONSULTANT shall include a design alternative that best meets the Level of service (LOS) corresponding to the available task order construction budget.
- 1.1.2 30% Construction Documents -. CITY shall inform the CONSULTANT within 7 day of receiving the 30% drainage report submittal on how to proceed with the proposed design alternatives. CONSULTANT shall attend a coordination meeting with CITY to finalize the preliminary Design Drawings. CONSULTANT shall also obtain all necessary approvals from the CITY prior to proceeding with a design alternative. CONSULTANT shall prepare and submit meeting minutes.
- 1.1.3 Cost Estimate at 30%- CONSULTANT shall prepare the cost estimate at 30% of the construction drawings development, propose and make the changes to the design if needed to have it within the proposed budget.
- 1.1.4 **Project Schedule** CONSULTANT shall deliver a schedule in Microsoft Project of the task order work break down as part of this task order for City review and approval. Schedule shall include deliverables dates, milestones, QA/QC time. CITY review time frame shall be not less than 7 business days per submittal.

Task 2 90% Design Submittal

1.2.1 90% Construction Documents - CONSULTANT shall provide Paving Grading and Drainage Plan, Storm Water Pollution Prevention Plan, Maintenance of Traffic Plan, Paving Grading and Drainage Details Plan, Demolition Plan, Paving

Project: 12019

Consultant: Miller, Legg & Associates, Inc.

Marking and Signage Plan, Specifications and Utility Relocation Plan (if applicable). Plans will include 30%, and 60% mark-ups made by the CITY.

1.2.2 Permitting – CONSULTANT shall obtain all design permits for <u>2625 NE 11th</u>

<u>Court Project</u> to allow the City to bid out the construction of the project. This item includes responding to all permit agencies comments. This item does not include permits fees, which are reimbursable expenses paid per contract agreement clauses.

| 1.2.2.1 | SFWMD | Environmental Resource Permit |
|---------|-------------------------|-------------------------------------|
| 1.2.2.2 | FDEP/BCELBPD | Surface Water License |
| 1.2.2.3 | City of Fort Lauderdale | Engineering and Building Department |

1.2.3 Project Schedule - CONSULTANT shall update and submit the project schedule.

Task 3 100% Design Submittal

- 1.3.1 100% Construction documents CONSULTANT shall submit Specifications, Paving Grading and Drainage Plan, Storm Water Pollution Prevention Plan, Maintenance of Traffic Plan, Paving Grading and Drainage Details Plan, Demolition Plan, Paving Marking and Signage Plan and Utility Relocation Plan (if applicable). CONSULTANT shall coordinate specifications and drawings, prepare the construction drawings based on Design Development Drawings. Drawings will include final mark-ups made by the CITY (including 30% and 90% markups) and all regulatory agencies' comments will be implemented. The CONSULTANT shall apply sustainable design principles. CONSULTANT shall conduct and respond to constructability reviews made by CITY on the 100% completion of submitted by CONSULTANT.
- 1.3.2 100% Cost Estimate CONSULTANT shall prepare the cost estimate at 100% of the construction drawings, and propose and make the changes to the design if it is required to be within the proposed budget.
- 1.3.3 100% Drainage report CONSULTANT shall prepare a final drainage report based on existing conditions and the proposed design in order to determine the drainage requirements and the cost of the project. The final drainage report shall justify the final proposed solution; it shall also compile challenges, alternative designs, and recommendations. The proposed drainage system must be adequate based on South Florida Water Management District (SFWMD) criteria, Broward County criteria and must satisfy LOS set forth by the CITY.

Task 4 Construction/Bid Documentation Services

- 1.4.1 **Bidding** CONSULTANT shall provide all documentation required for bidding and execution of construction services and assist the CITY during the bidding process by answering bid questions, issuing the clarification or drawings/addendums as needed.
- 1.4.2 Construction Administration CONSULTANT shall review the shop drawings and submittals, answer RFI's, and respond to requests for changes.

Project: 12019

Consultant: Miller, Legg & Associates, Inc.

Deliverables:

Deliverables for this project shall consist of the following:

Task 1 30% Design Submittal

Additional Survey (if required)

1.1.1 30% Drainage Report

1.1.1.1 Design Alternative 1

1.1.1.2 Design Alternative 2

1.1.2 30% Construction plans

1.1.3 Cost Estimate at 30%

1.1.4 Project schedule

Task 2 90% Design Submittal

1.2.1 90% Construction plans and specifications

1.2.2 Permitting - obtaining all permits and approvals for the Construction Documents

1.2.2.1 SFWMD Environmental Resource Permit Surface Water License

1.2.2.3 City of Fort Lauderdale Engineering and Building Department

1.2.3 Project Schedule update

Task 3 100% Construction plans

1.3.1 100% Construction plans including all specifications

1.3.2 100% Cost Estimate

1.3.3 Final Drainage report

Task 4 Construction/Bid Documentation Services

1.4.1 Bidding Package, responses to the questions if required.

1.4.2 Construction Administration including review of shop drawings, submittals, and RFI's

The deliverables need to include DWG, PDF, WORD, ICPR or routing files and Excel files in original format as required by Contract Agreement Article 11. The drawings need to comply with CITY CAD Standards.

PROJECT ASSUMPTIONS

Specific assumptions for the project:

- CONSULTANT shall review all City, County State records, data and/or other documentation available
 to review land ownership, easements or other restrictions that may affect the project and the
 surveying deliverables of this task order.
- CONSULTANT shall prepare hydraulic, water quality, flood plain watershed modeling and analysis
 utilizing EPA's Storm Water Management Model (SWMM), ICPR or equal for the design of the
 stormwater solutions associated with the Project. CONSULTANT shall calibrate the models to be
 consistent with observable and proposed conditions.

Project: 12019

Consultant: Miller, Legg & Associates, Inc.

CITY'S RESPONSIBILITIES

 CITY shall provide all survey data, project records, drawings, reports, studies, etc. required for the final design.

• The City of Fort Lauderdale shall be responsible for closeout services associated with any

permits obtained for this project.

- The City's project manager, or a designated representative, will coordinate the project for the CITY.
- CITY will provide decision on which design alternative to proceed with the development of the design plans.
- CITY shall coordinate with adjacent property owners as applicable to obtain access to private property. CITY shall provide CONSULTANT written confirmation for private property access.

Meeting attendance.

Timely review of submittals.

Payment of permit fees as reimbursable expense per contract agreement.

ADDITIONAL SERVICES

If authorized in writing by the CITY as an amendment to this Task Order, the CONSULTANT shall furnish, or obtain from others, Additional Services of the types as listed in the Master Agreement. The CITY, as indicated in the Master Agreement, will pay for these services.

PERFORMANCE SCHEDULE

The CONSULTANT shall perform the services identified in Tasks 1 through 5 inclusive within sixty (60) working days of written Notice to Proceed as shown on the task order schedule on "Exhibit 2".

PROJECT FUNDING

Performance of this project is at the CITY's discretion and may be contingent upon the CITY receiving funding and work shall not begin until the CITY notifies the CONSULTANT that funding sources for this project are in place.

METHOD OF COMPENSATION

The services performed will be accomplished using the Not-to-Exceed method of compensation. The total hourly rates payable by the CITY for each of CONSULTANT's employee categories, reimbursable expenses, if any, and sub-consultant fees, if any, are shown on "Exhibit 3" attached hereto and made a part hereof. The Method of Compensation for reimbursable expenses is "actual cost" up to the "Not-to-Exceed" amount.

Sub consultant proposal is included in "Exhibit 4"

Billing shall be per the final negotiated not to exceed price. CITY will have to go back to the Commission for approval of the overall contract once the not to exceed price is detailed / documented and finalized to

Project: 12019

Consultant: Miller, Legg & Associates, Inc.

be incorporated in the contract. A detailed breakdown of price will need to be included as an exhibit in this task order.

Invoices shall be processed for work approved per percentage of task order completed. City Project manager shall review and approve all invoices prior to processing final pay request.

TERMS OF COMPENSATION

Services will be provided for the following Not-to-Exceed amounts:

| Table | | | Labor | Fees | S | |
