BACKGROUND/DESCRIPTION:

In the City's Vision Plan, Fast Forward Fort Lauderdale: Our City, Our Vision 2035, neighbors expressed a desire for a community whose parks and public places are abundant and located in walking distance. The City's Unified Land Development Regulations (ULDR) currently only permits active or passive park uses in Parks, Recreation and Open Space (P), Regional Activity Center - City Center (RAC-CC) and Regional Activity Center - Urban Village (RAC-UV) Zoning Districts. In order for park uses to occur in areas outside these zoning districts, a rezoning of each property is required.

In an effort to modernize the City's zoning code the subject amendments seek to allow more flexibility in locating park uses, streamline the process by which parks are established and address associated parking requirements.

As an example, the Northwest-Progresso-Flagler Heights Community Redevelopment Agency (NFP-CRA) has been approached by neighbors in the portion of the redevelopment area west of the Florida East Coast Railway (FEC) to construct a park on certain vacant properties. The proposed initiative would utilize vacant properties by turning them into active and passive areas. Based on the current zoning standards, each proposed site will need a separate application for a rezoning to one of the districts listed above. These proposed amendments, if adopted, will allow the City to react quickly to these types of requests.

The following is a summary of the proposed amendments. Please refer to **Exhibit 1** for the complete language.

Permitting Park Use in all Zoning Districts:

As indicated above current ULDR regulations allow active and passive park uses when located within the Park (P) zoning district, Regional Activity Center – City Center (RAC-CC) and Regional Activity Center – Urban Village (RAC-UV) zoning districts. For any proposed park use outside of those 3 zoning districts a rezoning of the subject site is required resulting in a process that requires recommendation by the Planning and Zoning Board to the City Commission and two readings by the City Commission prior to adoption.

This amendment seeks to add the active and passive park use to all zoning districts without the need to apply for rezoning as these uses are generally benign in nature with minimal impacts to surrounding properties while giving the City options as to possible locations of future parks. This portion of the proposed amendment will add active and passive park use to the following sections of the ULDR:

- 47-5. Residential Zoning Districts and Residential Office Zoning Districts;
- 47-6. Business Zoning Districts;
- 47-7. Industrial Zoning Districts;
- 47-8. Public Purpose Districts;
- 47-9. X-Exclusive Use District;
- 47-10. Commerce Center District;
- 47-11. Commercial Recreation District;
- 47-12. Central Beach Districts;
- 47-13. Regional Activity Center Districts;
- 47-15. Port Everglades Development District;
- 47-14 General Aviation Districts; and,
- 47-16. Port Everglades Development District

It should be noted that all other uses that are permitted in the Park (P) zoning district would still require a rezoning in order to be permitted.

Inclusion of Cultural and Educational Use within Park (P) Zoning:

This portion of the proposed amendment seeks to add cultural and educational facilities to the current list of permitted uses within the Park (P) Zoning District. The inclusion of these uses will add suitable permitted uses to the Park (P) Zoning District that are consistent with the intent and purpose of the district and are consistent with the permitted uses listed in the City's Comprehensive Plan.

This amendment will add the following language to section 47-8.14. List of Permitted and Conditional Uses, Parks, Recreation and Open Space (P) District of the ULDR (47-8.14.A.c):

- Cultural Facilities, Educational Facilities

Clarification of Active and Passive Park Uses:

This portion of the amendment seeks to clarify active and passive park uses by adding a new section to the ULDR proposed as Section 47-18.44. Active and Passive Park. The addition of this section to the ULDR will define an active and passive park where no definition exists today and includes language that will clarify what associated accessory uses may be placed within park areas.

The proposed language consists of the following:

A. Definition.

1. Park – Land used primarily for recreation or the maintenance of open space
 - a. Active Park – A park use developed for active recreation, such as sporting events and playgrounds that may require or include administration, schedule programs, organized events, equipment rental or similar activities as part of its standard operations.

- b. Passive Park – A low intensity park use that requires minimal development of land area, such as, but not limited to nature preserves, picnic areas and open space.
- B. Active and passive parks may include exercise equipment or exercise areas, play equipment or play areas, shade structures, picnic tables, bathrooms, sculptures or similar structures commonly associated with park use.

Parking Requirements for Park use:

Current ULDR parking requirements call for parking spaces equivalent to 1% of the total land area. However, once on-site circulation is taken into consideration a disproportionate amount of land area can be taken up by vehicular use areas. Further, many parks are located in residential settings and are intended to function as neighborhood serving parks where many people walk or ride a bike to visit. To address this and to add flexibility to the design of park areas this portion of the amendment seeks to permit the following:

- No parking requirements for parks that are located within Regional Activity Centers (including the Central Beach-RAC, the Downtown-RAC, the South-RAC, and the Northwest-RAC);
- No parking requirements for parks that are one half acre or less in size; and,
- On-street parking abutting the site can count towards the overall parking requirements on a one-for-one basis.

The City of Fort Lauderdale, through the Vision Plan and Strategic Plan, has set a 5-year goal of incorporating availability of a park within a 10-minute walking distance for 70% of all residents and to increase the satisfaction of the quality of parks and recreation programs and facilities to 81%. This amendment is intended to further the goals and objectives of both the Vision and Strategic plans as adopted by the City Commission.

The *2035 Vision Plan: Fast Forward Fort Lauderdale*, adopted by the City Commission on April 16, 2013, was the result of over 1,500 unique ideas collected from various members of the community through an extensive outreach program that developed a vision for the City of Fort Lauderdale by the year 2035 (to read the entire 2035 Vision Plan please go to <http://www.fortlauderdale.gov/vision/>). In addition the *Press Play Fort Lauderdale Strategic Plan 2018* was adopted by the City Commission to establish a 5-year period in which to accomplish specific goals and objectives as outlined in the Vision Plan (to read the entire 2018 Strategic Plan please go to <http://www.fortlauderdale.gov/pressplay/>).

These two documents lay the framework for changes to the City's Unified Land Development Regulations to help reach the City's long term vision of creating quality accessible public spaces with a variety of options for a healthy outdoor lifestyle.

This ULDR amendment is part of the *Press Play Fort Lauderdale Strategic Plan 2018* initiative, included in the *Public Places* Cylinder of Excellence, specifically advancing:

- Goal 1: Be a community that finds opportunities and leverages partnerships to create unique, inviting, and connected gathering places that highlight out beached, waterways, urban areas, and parks.
- Objective 1: Improve access to and enjoyment of our beach, Riverwalk, waterways, parks, and open spaces for everyone
- Initiative 1: Create playful areas for all ages, considering families, active and passive sports, and pets

PLANNING & ZONING BOARD REVIEW OPTIONS:

The Planning and Zoning Board, in its capacity as the Local Planning Agency, shall determine whether the proposed change is consistent with the City of Fort Lauderdale's Comprehensive Plan and whether the Planning and Zoning Board recommends approval of the proposed amendments to the City Commission.

Sec. 47-18.44. Active and Passive Park.

A. Definition.

1. Park – Land used primarily for recreation or the maintenance of open space
 - a. Active Park – A park use developed for active recreation, such as sporting events and playgrounds that may require or include administration, schedule programs, organized events, equipment rental or similar activities as part of its standard operations.
 - b. Passive Park – A low intensity park use that requires minimal development of land area, such as, but not limited to nature preserves, picnic areas and open space.

B. Active and passive parks may include exercise equipment or exercise areas, play equipment or play areas, shade structures, picnic tables, bathrooms, or

similar structures commonly associated with park use.

Sec. 47-20.2. Parking and loading zone requirements.

TABLE 1. Parking and Loading Zone Requirements

Use	Standard Requirements	
	Parking Space Requirement	Loading Zone Requirement
Open space, public/private natural area, conservation area, hiking trail, park	Space equivalent to 1% of total land area in square feet. <u>There shall be no minimum parking requirement when located within a Regional Activity Center. Parking requirements shall only be required for an area greater than one half (1/2) acre and shall be calculated only for that portion of land area over one half (1/2) acre.</u>	N/A

Sec. 47-20.3. Reductions and exemptions

H. Active and Passive Park Use. The number of required parking spaces for active and passive park use may be reduced by the number of on-street parking spaces provided in accordance with the following criteria:

1. The on-street parking space abuts the development site; and,
2. The on-street parking space is located between the extended property lines of the development site; and,
3. A minimum 5-foot wide sidewalk shall be installed subject to the approval of the City Engineer. A sidewalk wider than five (5) feet may be required by the City Engineer if necessary to provide a sidewalk consistent with abutting properties or if necessary to meet Engineering standards; and,
4. The on-street parking spaces must meet the geometric, drainage and site clearance standards provided in Section 47-20 and such other standards determined to be necessary to provide adequate and safe parking as determined by the City Engineer; and,
5. The right-of-way abutting the on-street parking spaces has sufficient width as determined by the City Engineer to maintain the on-street parking spaces safely; and,
6. The on-street parking spaces remain open for use by the public; and,
7. Street trees are in place along the property abutting the on-street parking

space in accordance with the requirements of Section 47-21.
