April 12, 2013

Ms. Laura Bybee
Statewide Initiatives Contract Officer
Central Purchasing Division
Office of Management and Enterprise Services
2401 North Lincoln Blvd
Oklahoma City, OK 73105

Dear Ms. Bybee:

The State of Florida is realigning the contract vehicles for acquiring defibrillators and related equipment. These products are being moved to the medical and dental supplies and equipment state term contract (475-000-11-1). It is anticipated that the realignment will take approximately one month to complete.

In the interim, other eligible users (OEU), as defined by Chapter 287 Florida Statutes and Rule 60A-1.005, Florida Administrative Code, do not receive their procurement or budget authority through the State's Chief Procurement Officer and therefore can contract directly through the NASPO/OK contract #SW300 to acquire needed defibrillators and related equipment.

Sincerely,

Kelly Loll
Director of State Purchasing and Chief Procurement Officer
