**Communication to the City Commission**

**Motion** made by Ms. Ellis, seconded by Mr. Villeneuve, to send the following communication to the City Commission:

The Board wishes to inform the Commission that they were very uncomfortable having to make a decision on the height of a sea wall and were seeking guidance from the Commission and/or staff regarding what ordinance changes they may be considering. The Board has deferred consideration of application B16002 for 30 days and they were expecting a response from the Commission regarding what they felt was appropriate.

In a voice vote, motion passed unanimously.
