Requesting Additional Funds:

Mr. Brown:

Grace Community Development Corporation Organization is requesting additional funds for the completion of the rehabilitation for the learning center in the amount of \$220,000. This learning center will be of vital importance to the residents and surrounding community.

So far, Grace Community has had pledge, loan, fund raising, and donation. However, due to the FEMA Flood Plain change in that area we are short on funds to complete this necessary learning center project.

Thanking you in advance. Your assistance in fulfilling our request will be extremely appreciated.

Regards,

Pastor Lucdel Harrigan
