TITLE: Preliminary Rate Resolution for the Beach Business Improvement
Assessment Establishing the Estimated FY 2017 Non-Ad Valorem
Assessment Rate and Authorizing a Public Hearing on September 12,
2016

Recommendation

It is recommended that the City Commission adopt the Preliminary Rate Resolution for the Beach Business Improvement Assessment.

Background

The City of Fort Lauderdale authorized the imposition of an annual Beach Business Improvement Assessment to establish funding to support services, facilities, and/or programs providing a special benefit to business properties and areas within the beach business boundaries on October 3, 2006 (C-06-34). Annually, the City must adopt the Preliminary Rate Resolution (1) containing a brief and general description of the Beach Business Improvement services, facilities or programs to be provided; (2) determining the Beach Business Improvement Assessed Cost to be assessed; (3) establishing the estimated assessment rate; and (4) authorizing the date, time, and place of a public hearing to consider the adoption of the Annual Rate Resolution and directing the City Manager to perform functions necessary for the annual adoption of the assessment.

The FY 2017 Beach Business Improvement District Budget includes a non-ad valorem assessment rate at \$.8525 per \$1,000 of assessed property value to generate an estimated \$840,008 in revenue. The total assessed valuation of the properties within the district is \$1,037,206,530.

The City Manager is required per state statute to certify the non-ad valorem assessment rate to the Broward County Tax Collector no later than September 15, 2016.
