

**CITY OF FORT LAUDERDALE  
City Commission Agenda Memo  
REGULAR MEETING**

**#16-0313**

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Lee R. Feldman, ICMA-CM, City Manager

**DATE:** March 15, 2016

**TITLE:** Ordinance Amending the Unified Land Development Regulations Revising  
the Criteria for Reviewing and Approving Rezoning Requests

**Recommendation**

It is recommended the City Commission adopt an ordinance amending the Unified Land Development Regulations (ULDR) on second reading revising the criteria by which rezoning requests are reviewed and approved.

**Background**

On April 7, 2015 the City Commission directed staff to evaluate the criteria by which rezoning requests are approved based on a communication from the Planning and Zoning Board (PZB). Please see Exhibit 1 for more information.

On September 16, 2015 the PZB recommended approval of staff's draft amendment with modified language to the City Commission. Please see Exhibits 2 and 3 for more information.

On February 16, 2016 the City Commission heard the draft amendment on first reading; however the Commission felt the language needed to be revised to address their concerns regarding the removal of language that specifically addressed the character of the surrounding area under consideration for a rezoning application.

On March 1, 2016 staff presented alternative draft language and the City Commission approved the ordinance on first reading. However, the City Commission directed staff to address the term "neighborhood" as it is utilized within the context of the proposed amendment in order to make it clear what is intended by this term prior to second reading.

To address this directive staff has revised the draft language to include a minimum distance measurement when determining the area of the neighborhood that should be analyzed when a rezoning is applied for. Given that city blocks within Fort Lauderdale can range from between 300 and 1000 feet in length staff recommends a distance for this analysis of 500-feet as this will provide for a suitable range from the subject site of a given application and allow for a standardized area that can take into consideration the

established development patterns. Further, staff has revised the language to indicate changes in intensity and density rather than increases as it is reasonable that a rezoning application could be a request for a down zoning of property.

Please see the following revisions (changes between first and second reading are indicated with a strike and double underline):

- D. *Criteria. An application for a rezoning is defined as an application that proposes to change the zoning designation of land on a request to amend the Unified Land Development Regulations to change a zoning district or boundary as depicted upon the Official Zoning Map of the City of Fort Lauderdale. ~~The~~ An application for a rezoning shall be reviewed in accordance for compliance with the following criteria:*
1. *The zoning district proposed is consistent with the City's Comprehensive Plan.*
  2. *~~The rezoning furthers public health, safety and welfare through compliance with Section 47-25, Development Review Criteria.~~ The application for rezoning shall demonstrate that the proposed zoning district does not negatively impact the character of the surrounding area by demonstrating the following:*
    - a. *The lists of permitted and conditional uses for the proposed zoning district are similar in intensity and density to the permitted and conditional uses of adjacent zoning districts or represent a logical change in intensity and density based upon the development pattern of the subject area; and,*
    - b. *The proposed zoning district provides a suitable transition between the neighboring zoning districts within five hundred (500) feet of the site proposed to be rezoned; and,*
    - c. *The proposed zoning district is consistent with the established development pattern on the area; and*
  3. *~~The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.~~ The proposed zoning district complies with Section 47-25, Development Review Criteria.*

The above language is intended to provide standards by which the character of the existing surrounding area can be maintained by demonstrating that the proposed zoning accomplishes the following:

- Establishes compatible uses between it and the surrounding area;
- Furthers a development pattern based on the existing development pattern and trends of the surrounding area;
- Provides for suitable transitions between less intensive to more intensive zoning districts;
- Provide for a suitable distance by which neighborhoods can be analyzed in relation to a proposed rezoning.

To review the entire amendment in strike and underline format, please refer to Exhibit 4.

### **Resource Impact**

There is no fiscal impact associated with this action.

### **Strategic Connections**

This item is a *Press Play Fort Lauderdale Strategic Plan 2018* initiative, included within the Neighborhood Enhancement Cylinder of Excellence, specifically advancing:

**Motion** made by Mr. McCulla, seconded by Vice Chair Hansen, that the Ordinance regarding rezoning be reworded to require that the applicant meet two of the following three criteria, not all of them:

1. The zoning district proposed is consistent with the City's Comprehensive Plan;
2. Substantial changes in the character of development in or near the area under consideration support the proposed rezoning;

#### IV. COMMUNICATION TO THE CITY COMMISSION

Ms. Parker advised that the City Clerk's Office had requested clarification of a communication to the City Commission submitted in January 2015, including the wording of the motion as well as confirmation of how many Board members voted in favor of it. The motion suggested that Staff review, improve, or eliminate Condition 2 for rezoning. She requested that the motion and communication be restated with greater clarity.

**Motion** made by Mr. McCulla to communicate to the City Commission that they consider removing Criterion 2 from the list of code criteria for rezoning a parcel in the City.

Mr. McCulla explained that this criterion states substantial changes must have occurred the subject neighborhood or area to warrant rezoning of a parcel. He pointed out that the Board has often approved or recommended the requested zoning changes even when substantial change is not demonstrated by applicants. Code states that the following three criteria for rezoning must be met:

1. The zoning district proposed is consistent with the City's Comprehensive Plan;
2. Substantial changes in the character of development in or near the area under consideration support the proposed rezoning;
3. The character of the area proposed is suitable for the uses permitted in the zoning district and is compatible with surrounding districts and uses.

He pointed out that any changes required under Condition 2 would also be met by either Condition 1 or 3, and concluded that Condition 2 could be removed from the three required criteria or the Ordinance could be modified to require that two of the three criteria must be met.

Mr. McCulla restated his **motion** as follows: **motion** that the Ordinance regarding rezoning be reworded to require that the applicant meet two of the three presently stated criteria, not all of them.

Vice Chair Hansen **seconded** the **motion**. In a roll call vote, the **motion** passed 8-0.

**REQUEST:** Amendment to the City's Unified Land Development Regulations ("ULDR");  
Proposed revision to Section 47-24.4, Rezoning

<b>Case Number</b>	T15003	
<b>Applicant</b>	City of Fort Lauderdale	
<b>ULDR Sections</b>	47-24.4. Rezoning (City Commission)	
<b>Notification Requirements</b>	10-day legal ad	
<b>Action Required</b>	Recommend approval or denial to City Commission	
<b>Authored By</b>	Anthony Gregory Fajardo, Zoning Administrator	

**BACKGROUND/DESCRIPTION:**

At the January 20, 2015 Planning and Zoning Board (PZB) hearing, the PZB communicated to the City Commission a desire to amend the City's Unified Land Development Regulations (ULDR) relative to rezoning application criteria. The PZB clarified the request at the March 18, 2015 PZB hearing recommending that "criterion 2" be made either optional or removed from the list of code criteria. Please see Exhibit 1 for the communications to the City Commission.

The City's ULDR currently includes the following three criteria that must be considered when reviewing rezoning applications:

- 1) The zoning district proposed is consistent with the City's Comprehensive Plan;
- 2) Substantial changes in the character of development in or near the area under consideration support the proposed rezoning;
- 3) The character of the area proposed is suitable for the uses permitted in the zoning district and is compatible with surrounding districts and uses.

The Board discussed the second criterion, which references a need to define how substantial changes in a subject neighborhood or area where the rezoning is proposed support rezoning the parcel. The Board discussed that any changes required under the second criterion could be met by fulfilling either the first or third criterion. It was the opinion of the Board that the second criterion is difficult to address as a separate requirement. Therefore, the Board concluded that the second criterion should either be removed or the ULDR language modified to require that two of the three criteria be met.

As a result of the PZB communication, on April 7, 2015 the City Commission directed staff to evaluate the criteria and how the language could be improved.

The criteria for a rezoning request are intended to acknowledge the character of an area and protect it from the impacts of more intensive zoning districts that are inconsistent with the surrounding uses. Most of the specific impacts associated with a proposed use are typically addressed through site layout and design, and measures put in place to address any specific issues. In addition, most zoning districts, which fall within the same general category, only differ in the types of uses and not in the dimensional requirements for setbacks and height.

Accordingly, staff has drafted an amendment to Section 47-24.4., Rezoning to address the request. The following is a summary of the proposed draft amendment language:

- D. Criteria. An application for a rezoning, defined as a proposed amendment to the Unified Land Development Regulations, shall be consistent with the City's Comprehensive Plan. An application for rezoning that proposes changes to the zoning designation of land on the Official Zoning Map of the City of Fort Lauderdale shall also demonstrate the rezoning is in furtherance of public health, safety and welfare by demonstrating ~~be reviewed for~~ compliance with Section 47-25, Development Review Criteria. ~~In addition, an application for a rezoning shall be reviewed in accordance and on conjunction with one of the~~ following criteria:

~~1. The zoning district proposed is consistent with the city's comprehensive plan.~~

21. Substantial changes in the character of development in or near the area under consideration supports the proposed rezoning.

32. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses

To review the proposed amendments please see the draft amendment attached as Exhibit 2.

This ULDR amendment is part of the *Press Play Fort Lauderdale Strategic Plan 2018* initiative, included in the *Neighborhood Enhancement* Cylinder of Excellence, specifically advancing:

- Goal 6: Be an inclusive community made up of distinct, complementary, and diverse neighborhoods.
- Objective 1: Evolve and update the land development code to balance neighborhood quality, character, and livability through sustainable development
- Initiative 1: Examine land-use patterns and neighborhood development trends to recommend changes to the Unified Land Development Regulations (ULDR) for optimal neighborhood growth, including parking, landscaping, setbacks, change of use and reuse, etc.

**PLANNING & ZONING BOARD REVIEW OPTIONS:**

The Planning and Zoning Board, in its capacity as the Local Planning Agency, shall determine whether the proposed change is consistent with the City of Fort Lauderdale's Comprehensive Plan and whether the Planning and Zoning Board recommends approval of the proposed amendments to the City Commission.

**Sec. 47-24.4. - Rezoning (city commission).**

- A. *Applicant.* The owner of the property sought to be rezoned or the city.
- B. *Application.* An application for a rezoning shall be made to the department. The application shall include the information provided in Sec. 47-24.1.F.
- C. *Review process.*
  - 1. An application for rezoning shall be submitted to the department for review to consider if the application meets the rezoning criteria.
  - 2. The department shall forward its recommendations to the planning and zoning board for consideration.
  - 3. The planning and zoning board shall hold a public hearing to consider the application and the record and recommendations forwarded by the department and shall hear public comment on the application.
  - 4. If the planning and zoning board determines that the application meets the criteria as provided in this section, the planning and zoning board shall recommend that the rezoning be approved or recommend a rezoning to a more restrictive zoning district than that requested in the application if necessary to ensure compliance with the criteria for the rezoning and if consented to by the applicant.
  - 5. If the planning and zoning board determines that the application does not meet the criteria provided for rezoning or if the applicant does not consent to a more restrictive zoning district, the planning and zoning board shall deny the application and an appeal to the city commission may be filed by the applicant in accordance with Section 47-26B, Appeals.
  - 6. If the rezoning application is recommended for approval or if an appeal of a denial of an application has been filed by the applicant in accordance with this section, the planning and zoning board shall forward its record and recommendations to the city commission for consideration.
  - 7. The city commission shall hold a public hearing to consider the application and the record and recommendations forwarded by the department and the planning and zoning board and shall hear public comment on the application.
  - 8. If the city commission determines that the rezoning meets the criteria for rezoning the city commission shall approve the change in zoning as requested in the application or approve a change to a more restrictive zoning district than that requested in the application if necessary to meet the criteria provided for rezoning and if consented to by the applicant. If the city commission determines that the proposed rezoning does not meet the criteria in, or if the applicant does not consent to a more restrictive zoning district, the city commission shall deny the application.

9. Approval of a rezoning shall be by ordinance adopted by the city commission.
10. If an application is for rezoning of more than ten (10) contiguous acres, the application shall be considered in accordance with Sec. 47-27.5.B, Notice Procedures for Public Hearings.
- D. *Criteria.* An application for a rezoning, defined as a proposed amendment to the Unified Land Development Regulations, shall be consistent with the City's Comprehensive Plan. An application for rezoning that proposes changes to the zoning designation of land on the Official Zoning Map of the City of Fort Lauderdale shall also demonstrate the rezoning is in furtherance of public health, safety and welfare by demonstrating ~~be reviewed for compliance with Section 47-25, Development Review Criteria. In addition, an application for a rezoning shall be reviewed in accordance and in conjunction with one of the following criteria:~~
1. ~~The zoning district proposed is consistent with the city's comprehensive plan.~~
- ~~1.2.~~ Substantial changes in the character of development in or near the area under consideration supports the proposed rezoning- or
- ~~2.3.~~ The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.
- E. *Effective date of approval.* A rezoning shall take effect at the time provided in the ordinance approving the rezoning.
- F. *Withdrawal of an application.* An applicant may withdraw an application for rezoning at any time prior to a vote by the planning and zoning board on the application. If two (2) applications for rezoning of the same parcel of property are withdrawn by the same applicant within one (1) year, no other application to rezone the tract of land shall be considered by the city for at least two (2) years after the date of withdrawal of the second application.
- G. *New application after denial.* No application for a rezoning which has been previously denied by the planning and zoning board or by the city commission shall be accepted for at least two (2) years after the date of denial. An application to rezone property to a designation that is different than the designation which was applied for and denied and is different than a designation that was considered and denied as part of an application by the planning and zoning board, city commission or both, will be accepted and considered without consideration of time since a previous application was denied.
- H. *Appeal.* If the planning and zoning board or city commission denies the rezoning and the applicant desires to appeal the denial, the provisions of Section 47-26B, Appeals, shall apply.

~~Chair McTigue called the meeting to order at 6:30 p.m. and all recited the Pledge of Allegiance. The Chair introduced the Board members, and Chief Zoning Administrator Anthony Fajardo introduced the Staff members present. Assistant City Attorney D'Wayne Spence explained the quasi-judicial process used by the Board.~~

~~Mr. McCulla commented that the zoning of the subject area, which has been in place for approximately 30 years, was intended to provide intense resort oriented development, and the question was whether or not the Application meets the spirit and the letter of that zoning, without consideration of whether or not this zoning may change the character of the area.~~

~~Ms. Maus pointed out that ABA zoning encourages high density intense development, but also requires setbacks that are half the proposed height of a building, which is not the case with the Application. She requested an update from Staff regarding similar developments on the beach and whether they meet the setback requirement in Code. Mr. Fajardo replied that setback reductions are not an unusual request, and cited examples of developments that received these reductions.~~

~~Motion made by Ms. Maus, seconded by Mr. McCulla, to approve. In a roll call vote, the motion passed 5-2 (Ms. Golub and Ms. Maus dissenting).~~

~~Chair McTigue advised that the Application would now move forward to the City Commission for approval, which could provide individuals who could not be present at tonight's meeting with an opportunity to be heard.~~

5. **Applicant / Project:** City of Fort Lauderdale
- Request:** \* Section 47-24.4.D. Criteria.  
Amending the Unified Land Development Regulations to revise the rezoning criteria requirements of Section 47-24.4.D to permit the existing language as stated in criterion 2 as optional where it is currently non-optional as part of the requirements for a rezoning of property within the City for Fort Lauderdale.
- Case Number:** T15003
- General Location:** City-wide
- Case Planner:** Anthony Gregory Fajardo
- Commission District:** All Districts

Mr. Fajardo advised that this Item is a request for an amendment to the ULDR Section 47-24.4, Rezoning Criteria. He recalled that at the January 20, 2015 Planning and Zoning Board meeting, the Board sent a communication to the City Commission requesting that Staff be directed to look at the three criteria currently written into this Ordinance. He read the following three criteria into the record at this time:

1. The zoning district proposed is consistent with the City's Comprehensive Plan;
2. Substantial changes in the character of development in or near the area under consideration support the proposed rezoning;
3. The character of the area proposed is suitable for the uses permitted in the zoning district and is compatible with the surrounding districts and uses.

Staff arrived at the determination that criterion #2 could be made optional, which is the decision before the Board. Mr. Fajardo explained that Staff rewrote the language of the standard requirements in order to allow the Applicant to select one criterion and submit an application under this guideline.

Ms. Golub stated that there should not be an issue with a developer fulfilling one of the two criteria, as they require different analysis. Ms. McCulla added that developers did not seem to be complying with criterion #2, which led to the Board's recommendation that it be removed. Ms. Desir-Jean agreed that this had been the Board's original intent when their communication had been sent to the City Commission.

**Motion** made by Mr. McCulla, seconded by Ms. Maus, to pass on to the Commission Staff's proposed rewording of the rezoning criteria, with the following amendment: that the Board amend their proposed wording to exclude what is now identified as criterion #1, that being "substantial changes have occurred in the area," and that criterion #2 would now be included within the body of D criterion.

Mr. Fajardo suggested that the Board ask to have the language of criterion #1 removed, and Staff will work with the City Attorney's Office to determine the appropriate method of incorporating it into the criteria before recommending approval to the City Commission. Mr. McCulla and Ms. Maus agreed to **amend** their **motion** and **second** to use the language recommended by Mr. Fajardo.

In a roll call vote, the **motion** passed 7-0.

#### ~~IV. COMMUNICATION TO THE CITY COMMISSION~~

~~None.~~

#### ~~V. FOR THE GOOD OF THE CITY OF FORT LAUDERDALE~~

~~Mr. Fajardo read an email from Pamela Adams into the record, noting that as part of the public participation process regarding the City's Parks and Recreation Master Plan update, the consulting team will conduct focus groups and encourage the participation of the City's advisory board members. The Planning and Zoning Board is asked to attend a focus group meeting on September 23, 2015 at 9 a.m. at City Hall in the 8<sup>th</sup> Floor Conference Room. He concluded that the members are not required to attend this focus group, as it is an attempt to seek input from the Board on the master planning process.~~

~~Ms. Golub stated that she would be willing to participate on a more convenient date when another board is meeting, and requested that the consultant publicize other dates when Planning and Zoning Board members might attend.~~
