

**CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING**

#16-0720

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: September 7, 2016

TITLE: Motion to Approve Contract for Purchase of Fort Lauderdale Executive
Airport Runway Pavement Rehabilitation – Weekley Asphalt Paving, Inc. -
\$692,851

Recommendation

It is recommended that the City Commission award a contract, in substantially the form attached, to Weekley Asphalt Paving, Inc. for the Fort Lauderdale Executive Airport (FXE) Runway Pavement Rehabilitation in the estimated amount of \$692,851.

Background

In 2012, the Florida Department of Transportation (FDOT) conducted a pavement evaluation inspection at FXE. The inspection revealed that the asphalt pavements required preventative maintenance in the form of crack-sealing as well as the application of an asphalt seal coat in order to extend the useful pavement life of Runways 9/27 and 13/31. The FDOT provided a Joint Participation Agreement (JPA) in July 2015 for reimbursement of design and construction costs associated with this project.

A task order was awarded in October 2015 to the Airport's general engineering aviation consultant, HDR Engineering, Inc. (HDR), to develop plans and bid specifications to address the above concerns. HDR proposed the following recommendations in their design: crack sealing, milling and re-surfacing of Runway 9/27 centerline, asphalt seal coating of both runways, and pavement striping along both runways and corresponding connectors.

On March 21, 2016, the Procurement Services Division issued Invitation to Bid No. 663-11718 in the form of a base bid (Runway 9/27) and alternate bid (Runway 13/31). Two bids were received on May 10, 2016. The bid submitted by Weekley Asphalt Paving, Inc. of Pembroke Pines, FL has met all of the specifications of the bid and has been deemed the lowest cost, responsive and responsible bid. Staff reviewed the bid prices and at this time is recommending the award of the base bid portion of the contract (\$603,141); as well as the alternate bid items for insurance, surety/performance, payment bond, and airfield painting on Runway 13/31 (\$89,710) for a total contract award of \$692,851.

Funds for this contract are available from the project budget and from the previously approved JPA from FDOT in the amount of \$432,000 for the reimbursement of approximately 80% of the anticipated project costs. The FDOT has also provided additional funding in the form of a Supplemental Joint Participation Agreement (SJPA) to cover the additional project costs. The SJPA is being awarded and appropriated on this agenda (CAM 16-0878).

Resource Impact

There will be a fiscal impact to the City in the amount of \$692,851 for the contract and \$23,316 for estimated in-house project management fees for a total of \$716,167.
