1) Attachment on item 862-11702-01-01 (35-gal recycling cart- Pepsi blue) is supporting documents packet that includes all required information for the bid.

2) Integrated spacer on USD65B or USD95B built into wheel; Axle spacer section for 65 and 95 gallon cart intentionally left blank

3) Optional air vent spare repair part same as lid repair part for yard waste

4) In-mold Labels must be installed at the plant during manufacturing

5) All RFID tags provided will be ultra high adhesive

The Rehrig Pacific Cart is equipped with blow-molded, snap-on wheels with knobby treads. These are equipped with integrated spacers. There are only 3 components to our wheel assembly and proved to be advantageous for quickly mounting our 2 wheels on 1 axle. We believe our wheels are better suited for operational efficiencies and are of superior design. Rehrig Pacific has millions of containers with this preferred design in cities and villages across the country.
