Improvement District's Millage Rate and Budget

Recommendation

It is recommended that the City Commission adopt a resolution approving the final FY 2017 Sunrise Key Neighborhood Improvement District Millage Rate and adopt a resolution approving the final FY 2017 Sunrise Key Neighborhood Budget.

Background

The Sunrise Key Neighborhood Improvement District (SKNID) is a local government neighborhood improvement district created by Ordinance C-92-12 in accordance with Section 163.506, Florida Statutes. It is a dependent district of the City of Fort Lauderdale. The district is authorized to levy ad valorem tax on real and personal property up to two mills annually to generate revenue to provide security services. The revenue is collected via tax bills by the Broward County Revenue Collector and is electronically transmitted to the City. The funds are set aside in a trust account for the District and are subsequently reimbursed to the district on an as needed basis.

The Sunrise Key Neighborhood Improvement District Board set its millage rate at 1.0000 mill and established its budget of \$115,700 at its May 17, 2016 meeting. As noted in the meeting minutes, reserve funds will be used to cover the one-time costs associated with the decorative sign posts as well as the house and entryway wall cleaning and painting. Revenue is estimated at \$93,568 and will support the budget as detailed in the Sunrise Key Neighborhood Improvement District Minutes (Exhibit 1).

Resource Impact

The Sunrise Key Neighborhood Final Budget is \$115,700 and is included in the City's FY 2017 Final Budget
