and;

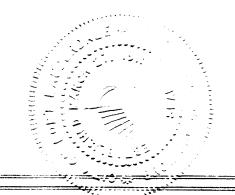

WHEREAS, it is the desire of the City Commission of the City of Fort Lauderdale to adopt a final budget for the fiscal year beginning October 1, 2016 and ending September 30, 2017;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA:

<u>SECTION 1</u>. That the final budget, titled "FY 2017 FINAL ALL FUNDS BUDGET" as amended, is hereby adopted and approved as the final budget of the City of Fort Lauderdale, as Exhibit "1" and incorporated herein, for the fiscal period beginning October 1, 2016 and ending September 30, 2017.

<u>SECTION 2</u>. That the City of Fort Lauderdale Staffing Levels, as amended, is hereby adopted as Exhibit "2" and incorporated herein, for the fiscal period beginning October 1, 2016 and ending September 30, 2017.

<u>SECTION 3</u>. That the Return on Investment (ROI) policy in support of the FY 2017 Final Budget, is hereby adopted as Exhibit "3" and incorporated herein, for the fiscal period beginning October 1, 2016 and ending September 30, 2017.

RESOLUTION NO. 16-157

PAGE 4

<u>SECTION 4</u>. That the adopted final operating budget for Fiscal Year 2017 establishes limitations on expenditures/expenses by fund total. Said limitation meaning that the total sum allocated to each fund for total expenditures/expenses may not be increased without specific authorization by a duly enacted resolution effecting such amendment or transfer.

<u>SECTION 5</u>. That during the course of the 2017 fiscal year the City Commission may transfer budgeted amounts from one department, fund or project to another department, fund or project and otherwise amend the budget by Motion in accordance with Section 9.04 of the City Charter. For all other amendments of the budget not falling within the provisions of Section 9.04 of the City Charter, the budget shall be amended by Resolution.

SECTION 6. That this resolution will take effect immediately upon its adoption.

ADOPTED this 12th day of September, 2016.

Mayor OHN P. "JACK" SEILER

New Positions proposed for FY 2017

^{*}Community Redevelopment Division city employee's were transferred to Other General Government in FY 2017

Enterprise Fund Return on Investment (ROI) Policy Summary

Policy

The City provides services through the operation of publicly owned utilities and other operations referred to as enterprise funds. Enterprise funds are treated in a manner similar to that of their private counterparts and a return on investment (ROI) is provided to the General Fund on an annual basis. The ROI is intended to generate a fair and reasonable rate of return recognizing the City's investment.

Recommended Range for Return on Investment (ROI) Rates

Minimum Rate:

2.69% - Based on 30 year Treasury Bond, as of 1st day of the year

Maximum Rate:

6.18% - Based on average investor owned utility, adjusted for taxes and

risk

Setting of ROI Rate Annually

The City Manager will set the rate annually as part of the proposed budget. The ranges should be reviewed every 3 years, at a minimum. Each Enterprise Fund is reviewed on an annual basis to ensure long term financial stability.

FY 2016 and FY 2017 Proposed ROI Rate Comparison

Enterprise Fund	FY 2016 Rate	FY 2017 Proposed Rate				
Parking Fund	4.20%	4.45%				
Water and Sewer Fund	3.90%	3.90%				
Central Region Fund	3.90%	3.90%				
Stormwater Fund	1.00%	0.00%				

Note: Given the significant unfunded capital needs of the Stormwater program, a rate of 0%, which is lower than the minimum, is recommended for FY 2017.

Basis for ROI Range

<u>Rate Base</u> - The rate base for applying the ROI rate is the Enterprise fund's net position as reported in the most recent Comprehensive Annual Financial Report (CAFR). The net position includes all assets, less liabilities for each fund. The total net position for each fund is multiplied by the rate in order to determine the ROI. This is the same rate base that has been used since inception of the ROI.

Range - A reasonable rate of return will be applied to the rate base in order to calculate a ROI to the General Fund. The range for the rate of return will be established every three years with a minimum rate based on the United States Treasury 30-year bond and a maximum rate based on the average rate of return allowed by the Florida Public Service Commission for the four largest investor owned electric utilities. Tying the transfer to rate base is expected to result in a fairly predictable and stable transfer that should increase over time as new capital investments are made in the utility. If the utility is not making investments in its infrastructure, the rate base can depreciate resulting in a lower ROI.

<u>Minimum Rate</u> - The rate of return for a United States Treasury 30-year bond as of the first business day of the calendar year shall be used as the lower bound of the reasonable rate of return. As of January 2, 2015, this rate would be **2.69%**. The 30-year Treasury bond was selected as the lower bound to represent the lowest level of return the City would want to accept for a safe investment.

Maximum Rate - The average Return on Equity (ROE) allowed by the Florida Public Service Commission for the four largest investor-owned electric utilities shall be the basis for the upper bound. As of January 2, 2015 this rate would be calculated to be 10.38%. This average rate shall be adjusted to account for the differences between an investor owned business and a municipally owned enterprise. The rate shall be reduced to account for the fact that the City is a tax-exempt entity and does not pay taxes on its collected return (30%) and reduced further due to the lower level of risk a City owned enterprise faces, as compared to an investor owned business (15%). Once the average rate is adjusted for risk, the maximum rate would be 6.18%. The details of this calculation for January 2, 2015 are included below:

Electric Utility	Public Service Commission Allowable Return on Equity (ROE)						
Florida Power & Light (FPL)	10.50%						
Progress Energy Florida	10.50%						
Florida Public Utilities Company	10.25%						
Tampa Electric (TECO)	10.25%						
Average for Electric Utilities	10.38%						
Tax Exempt Adjustment	(30%)						
Risk Adjustment	(15%)						
Recommended Maximum ROI	6.18%
