

**CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING**

#17-0031

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: February 7, 2017

TITLE: Motion to Approve Contract for Asphalt Resurfacing – M & M Asphalt
Maintenance Inc. - \$364,567 (two-year total)

Recommendation

It is recommended that the City Commission award a two-year contract to M & M Asphalt Maintenance Inc., in substantially the form attached, for asphalt resurfacing in the estimated amount of \$364,567; and authorize the City Manager or designee to approve two, one-year renewal options, contingent upon the appropriation of funds.

Background

This is a two-year contract with work to be performed on a task order basis. Work will include but is not limited to installation of Type S-3 asphalt concrete, Florida Department of Transportation (FDOT) Superpave 9.5 asphaltic concrete, thermoplastic pavement marking, milling and leveling of existing asphalt pavement, accessible concrete ramps, and other items quantified in the contract.

The intent of this contract is to mill and resurface roadways with pavement condition index (PCI) below 55, as identified in the City's 2013 inspection by Atkins North America, Inc. This contract will also be utilized to construct improvements in or adjacent to City facilities and for other projects requiring the unit bid items included in this contract.

On October 31, 2016, the Procurement Services Division issued Invitation to Bid No. 673-11822. Five bids were received on November 29, 2016. M & M Asphalt Maintenance Inc. met all of the specifications of the bid request and has been deemed the lowest cost, responsive and responsible bidder.

Resource Impact

There will be a fiscal impact to the City in the amount of \$364,567 for the contract award and \$36,500 for estimated in-house project management fees or a total of \$401,067. Funds for this purchase are available in the FY 2017 Community Investment Plan in the accounts listed below.
