I don't have any problems with the grant; as long as we have funding to execute and manage the project when required.

Alan:

No reason for you to do anything yet. I will draft a CAM asking if I may apply for the first March 2017 Commission meeting. The next grant cycle with FIND will open early January 2017 and close March 31(ish). This project should be included in the 2018 CIP budget and funding will be identified via resolution which must be included with the grant application. I Have discussed it with our County's FIND Commissioner already, but say hi to Mark and Janet.

I just wanted to give you a heads up that a PM will need to run the project once we receive the grant.

Thanks

Thanks,

Will you be creating a CIP project for this? And is there any FY17 funding for it, or are we going to wait until Oct 17 to fund design, etc through your FY18 budget. We will be seeing Janet and Mark Crossley next Wednesday, so will discuss with her.

Alan:

Attached is a grant pre application form I wanted to make you aware of as the project we are seeking grant funds will need PW assistance to manage it. I will be applying to FIND in the first quarter of next year and if awarded, the project can begin in October 2017. Please let me know you are now aware, and let me know if you have any concerns.

Thanks
