Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: March 7, 2017

TITLE: SE 17th Street Mobility Plan Presentation

The SE 17th Street Mobility Plan is a FY 2015 Commission Annual Action Priority (CAAP) with the objective of improving mobility along SE 17th Street and providing for safe pedestrian and bicycle options.

The plan was kicked off in July 2015 with three public workshops held at various milestones with the latest on December 14, 2016. Through this process, City staff has been working together with agency partners, local stakeholders, and neighbors on identification of issues in the corridor and have developed solutions to improve mobility options for all modes.

The attached presentation is intended to provide an overview of the plan purpose, show progress made to date, and highlight key recommendations to consider. Feedback will be incorporated into the final plan and brought to Commission at a future date to be adopted. It is anticipated this will occur at the April 19, 2017 Commission meeting.
