

Section 47-18.46 Medical Cannabis Dispensing Facilities

A. Regulated uses.

[Generally.]In the development and execution of this section it is recognized that marihuana (sic) is listed on Schedule I of the Comprehensive Drug Abuse Prevention and Control Act of the United States Code Annotated, 21 U.S.C.A. § 801 et seq (the "Act"). Drugs and substances listed on Schedule I of the Act are declared drugs or substances with high potential for abuse with no currently accepted medical use in treatment in the United States and that there is a lack any accepted safe use of the drug or substance under medical supervision. 21 U.S.C.A. § 812(b)(1). Certain actions and conduct involving Schedule I drugs or substances are unlawful under Federal law. Section 29 of the Florida Constitution provides that certain actions and conduct involving the medical use of marijuana are not subject to criminal or civil liability or sanctions under Florida law. Special regulation of these uses is necessary to ensure that these adverse effects will not contribute to the blighting or downgrading of the surrounding neighborhood. These special regulations are itemized in the following subsections of this section. These regulations are for the purpose of preventing a concentration of these uses in any one (1) area and requiring a distance separation of such uses from each other as well as other vulnerable uses identified herein.
