---	----------------

TITLE AND SUBJECT: Approve Award of Request for Proposal 17-21, U.S. Communities Cleaning Supplies, Equipment and Custodial Related Product Services and Solutions

DESCRIPTION/DISCUSSION: Included in the Board binders is information on Request for Proposal (RFP) 17-21, for cleaning supplies; equipment; and custodial related products, services, and solutions for use throughout the district. The RFP was lawfully advertised on March 27, 2017 and April 3, 2017. The proposals were opened on May 9, 2017. Notifications were sent to 53 vendors, and the district received five responses. The bid is for a three-year contract, commencing November 1, 2017, with two one-year renewal options.

U.S. Communities is a nonprofit government purchasing cooperative that reduces the cost of goods and services for participating agencies by aggregating purchasing power nationwide. As lead agency for the RFP, approval means Fresno Unified will establish a nationwide master agreement that can be used by more than 90,000 public agencies. Lead agencies competitively solicit contracts which U.S. Communities makes available to public agencies and nonprofit organizations nationwide.

Objectives of the RFP:

- Provide a comprehensive competitively solicited master agreement offering products and services to participating public agencies
- Establish the master agreement as a supplier's primary offering
- Achieve cost savings through a single competitive solicitation process that eliminates the need for multiple proposals
- Combine the volumes of participating public agencies to achieve cost effective pricing
- Reduce administrative and overhead cost through state-of-the-art ordering and delivery systems
- Provide environmentally responsible products and services

Proposals were evaluated on each proposer's ability to meet or exceed requirements set forth in the RFP. Based on an extensive review, staff recommends award to the best value respondent:

Interline Brands DBA Supplyworks (Jacksonville, FL) Estimated annual cost \$653,000
Headquartered in Jacksonville, FL with a Fresno sales office, and warehouses and distribution centers throughout California

Recommended proposal and evaluation documents are available for review in the Board Office.

1. INTRODUCTION

Fresno Unified School District (herein “Lead Public Agency”) on behalf of itself and all states, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and nonprofit organizations (herein “Participating Public Agencies”) is soliciting proposals from qualified suppliers to enter into a Master Agreement for a complete line of Cleaning Supplies, Equipment and Custodial Related Products, Services and Solutions (herein “Products and Services”).

Proposals will be received prior to 2:01 P.M. on May 2nd, 2017. Envelopes must be sealed, prominently marked with the RFP number, RFP title, RFP opening time/date and name of vendor, and submitted to:

FRESNO UNIFIED SCHOOL DISTRICT
PURCHASING DEPARTMENT
4498 N. BRAWLEY AVENUE
FRESNO, CALIFORNIA 93722

Proposals must be received no later than the time and date designated above. Proposals received later than the designated time and date will not be accepted. Facsimile (FAX) copies of the RFP will not be accepted.

This request does not commit the District to pay for any costs incurred in the submission of the RFP, or in making necessary studies for the preparation thereof, not to procure or contract for the services or materials.

Questions regarding this solicitation may be submitted in writing to: Marisa Thibodeaux, Buyer II, 4498 N. Brawley Ave., Fresno, CA 93722. Phone 559-457-3584 or Fax 559-457-6040 E-mail: Marisa.thibodeaux@fresnounified.org.

Oral communications of District employees concerning this RFP shall not be binding on the District and shall in no way excuse the vendor of his/her obligations as set forth in the Proposal.

ALL PRODUCTS OFFERED MUST BE NEW, UNUSED, LATEST DESIGN AND TECHNOLOGY.

2. OBJECTIVES

- A. Provide a comprehensive competitively solicited Master Agreement offering Products and Services to Participating Public Agencies;
- B. Establish the Master Agreement as a Supplier's primary offering to Participating Public Agencies;
- C. Achieve cost savings for Suppliers and Participating Public Agencies through a single competitive solicitation process that eliminates the need for multiple bids or proposals;
- D. Combine the volumes of Participating Public Agencies to achieve cost effective pricing;
- E. Reduce the administrative and overhead costs of Suppliers and Participating Public Agencies through state of the art ordering and delivery systems;
- F. Provide Participating Public Agencies with environmentally responsible products and services.

3. GENERAL TERMS AND CONDITIONS

Taxes – Taxes shall not be included in unit prices. The District will pay only the State Sales and Use Tax; however, California Use Tax will be paid to out-of-state vendors only when their permit number is shown on both their RFP and invoices. The successful Vendors shall list separately any taxes payable by the District and shall certify on the invoices that Federal Excise Tax is not included in the prices listed thereon. Federal Excise Tax is not applicable, as school districts are exempt therefrom. The District, upon request, shall furnish the contractor such Federal Tax Exemption Certificates as may be required,

Brand Name and Number– The Vendors shall state the brand name and number in the column provided. If none is indicated, it shall be understood that the vendor is quoting on the exact brand name and number specified in the RFP form. Should any item for which proposals are requested by patented, or otherwise protected or designated by the particular name of the maker and the Vendor desires to RFP on an item of equal character and quality, he may offer such substitute item by clearly indicating that such substitution is intended and specify the brand. Such substitution shall be accepted only if deemed by the Executive Director of Purchasing to be equal in all respects to that specified. If samples are requested by the Executive Director of Purchasing for this determination, they shall be submitted in accordance with Paragraph 12, except that they may be submitted after the RFP opening.

Samples – Samples shall be furnished free of cost to the District after the RFP opening. If requested, they are to be sent within seven (7) days to the Purchasing Department, 4498 N. Brawley Avenue, Fresno, California, 93722, unless otherwise specified. The District reserves the right to reject the RFP of any Vendor failing to submit samples as requested. Samples must be plainly marked with name of vendor, RFP number and date of the RFP opening. Samples of the successful Vendors may be retained for comparison with deliveries. Vendors may pick up samples (if not destroyed by test) on notice from the Executive Director of Purchasing. If not picked up within fifteen (15) calendar days after date of such notice,

samples may be disposed of by the District. Vendors (or their agent) hereby assume all risks of loss or damage to samples whatever the cause.

Quantity and Quality of Materials or Services– The successful Vendors shall furnish and deliver the quantities designated in the RFP or purchase order. All materials, supplies or services furnished under the contract shall be in accordance with the RFP specifications and the District's sample or the sample furnished by the Vendors and accepted by the District. When a sample is taken from a shipment and sent to a laboratory for testing and the test shows that the sample does not comply with the RFP specifications, the cost of such test shall be paid by the Vendor(s). The Vendor certifies that all materials conform to all applicable requirements of CAL OSHA and all other requirements of law. All items of equipment and individual components, where applicable standards have been established, shall be listed by the Underwriter Laboratories, Inc., and bear the UL label.

Material Safety Data Sheets – For all products requiring a Material Safety Data Sheet – The District requires that a Material Safety Data Sheet accompany all orders at the time of delivery.

Severability – If any provisions of this agreement shall be held invalid or unenforceable by a court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provisions hereof.

Amendments – The terms of this Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever except by written agreement signed by the parties.

Entire Agreement – This RFP and all attachments thereto constitutes the entire agreement between the parties. There are no understandings, agreements, representations or warranties, express or implied, not specified in the Agreement. Vendor, by the execution of his/her signature on the RFP Form acknowledges that he/she has and read this Agreement, understands it, and agrees to be bound by its terms and conditions.

Force Majeure Clause – The parties to the contract shall be excused from performance thereunder during the time and to the extent that they are prevented from obtaining, delivering or performing by act of God, fire, strike, loss or shortage of transportation facilities, lockout, or commandeering of materials, products, plants or facilities by the government, when satisfactory evidence thereof is presented to the other party, provided that it is satisfactorily established that the nonperformance is not due to the fault or neglect of the party not performing.

Hold Harmless Clause – The successful Vendor agrees to indemnify, defend and save harmless Fresno Unified School District, its governing board, related divisions and entities, officers, agents, and employees from and against any and all claims, demands, losses, defense costs, or liability of any kind or nature which the District, its officers, agents, and employees may sustain or injure or which may be imposed upon them for injury to or death of persons, or damage to property as a result of, arising out of, or in any manner connected with the Vendor or Vendor's agents, employees or subcontractor's performance under the terms of this contract, expecting only liability arising out of the sole negligence of the District.

Prevailing Law – In the event of any conflict or ambiguity between these instructions and state or federal law or regulations, the latter shall prevail. Additionally, all equipment to be supplied or services to be performed under the RFP proposal shall conform to all applicable requirements of local, state and federal law.

Governing Law and Venue – In the event of litigation, the RFP documents, specifications and related matters shall be governed by and construed only in accordance with the laws of the State of California. Venue shall only be with the appropriate state or federal court located in Fresno County.

Permits and Licenses – The successful Vendors and all of his employees or agents shall secure and maintain in force such licenses and permits as are required by law, in connection with the furnishing of materials, articles or services herein listed. All operations and materials shall be in accordance with law.

Anti-discrimination – It is the policy of the Fresno Unified School District Board of Education, that in connection with all work performed under Purchasing Contracts there shall be no discrimination against any prospective or active employee engaged in the work because of sexual orientation, physical and mental disability, medical conditions, marital status, age, pregnancy, veteran status, gender, race, color, ancestry, national origin, sex, or religious creed. Therefore, the Vendor agrees to comply with applicable Federal and California laws including, but not limited to, the California Fair Employment and Housing Act. In addition, the successful Vendors agree to require like compliance by all subcontractors employed on the work by him.

1. ABOUT U.S. COMMUNITIES

U.S. Communities Government Purchasing Alliance (herein “U.S. Communities”) assists Participating Public Agencies reduce the cost of purchased goods through strategic sourcing that combines the volumes and the purchasing power of public agencies nationwide. This is accomplished through an award of competitively solicited contracts for high quality products and services by large and well recognized public agencies (herein “Lead Public Agencies”). The contracts provide for use by not only the respective Lead Public Agency, but also by other Participating Public Agencies.

National Sponsors

U.S. Communities is jointly sponsored by the National Association of Counties (NACo), the National League of Cities (NLC), the Association of School Business Officials International (ASBO), the United States Conference of Mayors (USCM) and the National Governors Association (NGA) (herein “National Sponsors”).

Advisory Board

The U.S. Communities Advisory Board is made up of key government purchasing officials from across the United States.

Each Advisory Board Member is expected to actively participate in product proposals and selection, participate in policy direction, and share expertise and purchasing innovations.

Current U.S. Communities Advisory Board Members

Participating Public Agencies

Today more than 55,000 public agencies utilize U.S. Communities contracts and suppliers to procure over \$2.5 Billion Dollars in products and services annually. Each month more than

500 new public agencies register to participate. The continuing rapid growth of public agency participation is fueled by the program's proven track record of providing public agencies unparalleled value.

The Supplier(s) must communicate directly with any Participating Public Agency concerning the placement of orders, issuance of the purchase order, contractual disputes, invoicing, and payment.

Fresno Unified School District is acting as "Contracting Agent" for the Participating Public Agencies and shall **not** be held liable for any costs, damages, expenses, fees, liabilities, etc. incurred by any other Participating Public Agency.

Each Participating Public Agency enters into a Master Intergovernmental Cooperative Purchasing Agreement (MICPA) outlining the terms and conditions that allow access to the Lead Public Agencies' Master Agreements. Under the terms of the MICPA, the procurement by the Participating Public Agency shall be construed to be in accordance with, and governed by, the laws of the state in which the Participating Public Agency resides. A copy of the MICPA is attached as Appendix A.

Estimated Volume

The estimated dollar volume of Products and Services purchased under the proposed Master Agreement is \$150 Million Dollars annually. This estimate is based on the anticipated volume of the Lead Public Agency, the U.S. Communities Advisory Board members, and current sales within the U.S. Communities program. While there is no minimum quantity of products required to be purchased under the proposed Master Agreement, Fresno Unified School District and the U.S. Communities Advisory Board Members are committed to utilizing the Master Agreement. The Advisory Board members shall determine if the Master Agreement is of value to their agency, and will promote the Master Agreement among other public agencies nationwide and internationally. The Advisory Board in 2016 purchased more than \$168 Million Dollars of products and services from existing U.S. Communities contracts.

Marketing Support

U. S. Communities provides marketing support for each Supplier's products through the following:

- National Sponsors as referenced above.
- State Associations of Counties, Schools and Municipal Leagues.
- Administrative and marketing personnel that directly promote the U.S. Communities Suppliers to Participating Public Agencies through public agency meetings, direct mail, national publications, annual meetings and a network of K-12, City, County, Higher Education and State Associations.
- U.S. Communities provides Suppliers government sales training, and a host of online marketing and sales management tools to effectively increase sales through U.S. Communities.

Multiple Awards

Multiple awards may be issued as a result of the solicitation. Multiple Awards will ensure that any ensuing Master Agreements fulfill current and future requirements of the diverse and large number of Participating Public Agencies.

Fresno Unified School District reserves the right to award the contract in the aggregate, by section, multiple award, primary, secondary, and tertiary, whichever is in the best interest of the School District and Participating Public Agencies as a result of this solicitation.

Evaluation of Proposals

Proposals will be evaluated by the Lead Public Agency in accordance with, and subject to, the relevant statutes, ordinances, rules and regulations that govern its procurement practices.

U.S. Communities Advisory Board members and other Participating Public Agencies will assist the Lead Public Agency in evaluating proposals. The Supplier(s) that respond(s) affirmatively meets the requirements of this Request for Proposal and provides the best overall value will be eligible for a contract award. U.S. Communities reserves the right to make available or not make available Master Agreements awarded by a Lead Public Agency to Participating Public Agencies.

Format of Proposals

Respondents should provide their response in a single document that includes page numbers so evaluators can easily reference sections of the response. Information should be organized in the same way as the RFP is structured, meaning each question in the RFP should be shown, directly followed by the proposer's response.

1. SUPPLIER QUALIFICATIONS AND COMMITMENTS

Commitments

U.S. Communities views the relationship with an awarded Supplier as an opportunity to provide maximum benefit to both the Participating Public Agencies and to the Supplier.

The successful foundation of the partnership requires commitments from both U.S. Communities and the Supplier. U.S. Communities requires the Supplier to make the four commitments set forth below (Corporate, Pricing, Economy, Sales) to ensure that Supplier is providing the highest level of public benefit to Participating Public Agencies:

(a) **Corporate Commitment.**

(i) The pricing, terms and conditions of the Master Agreement shall, at all times, be Supplier's primary contractual offering of Products and Services to Public Agencies. All of Supplier's direct and indirect marketing and sales efforts to Public Agencies shall demonstrate that the Master Agreement is Supplier's primary offering and not just one of Supplier's contract options.

(ii) Supplier's sales force (including inside, direct and/or authorized dealers, distributors and representatives) shall always present the Master Agreement when marketing Products or Services to Public Agencies.

(iii) Supplier shall advise all Public Agencies that are existing customers of Supplier as to the pricing and other value offered through the Master Agreement.

(iv) Upon authorization by a Public Agency, Supplier shall transition such Public Agency to the pricing, terms and conditions of the Master Agreement.

(v) Supplier shall ensure that the U.S. Communities program and the Master Agreement are actively supported by Supplier's senior executive management.

(vi) Supplier shall provide a national/senior management level representative with the authority and responsibility to ensure that the Supplier's Commitments are maintained at all times. Supplier shall also designate a lead referral contact person who shall be responsible for receiving communications from U.S. Communities concerning new Participating Public Agency registrations and for ensuring timely follow-up by Supplier's staff to requests for contact from Participating Public Agencies. Supplier shall also provide the personnel necessary to implement and support a supplier-based internet web page dedicated to Supplier's U.S. Communities program and linked to U.S. Communities' website and shall implement and support such web page.

(vii) Supplier shall demonstrate in its procurement solicitation response and throughout the term of the Master Agreement that national/senior management fully supports the U.S. Communities program and its commitments

and requirements. National/Senior management is defined as the executive(s) with companywide authority.

(viii) Where Supplier has an existing contract for Products and Services with a state, Supplier shall notify the state of the Master Agreement and transition the state to the pricing, terms and conditions of the Master Agreement upon the state's request. Regardless of whether the state decides to transition to the Master Agreement, Supplier shall primarily offer the Master Agreement to all Public Agencies located within the state.

(b) **Pricing Commitment.**

(i) Supplier represents to U.S. Communities that the pricing offered under the Master Agreement is the lowest overall available pricing (net to purchaser) on Products and Services that it offers to Public Agencies. Supplier's pricing shall be evaluated on either an overall project basis or the Public Agency's actual usage for more frequently purchased Products and Services.

(ii) **Contracts Offering Lower Prices.** If a pre-existing contract and/or a Public Agency's unique buying pattern provide one or more Public Agencies a lower price than that offered under the Master Agreement, Supplier shall match that lower pricing under the Master Agreement and inform the eligible Public Agencies that the lower pricing is available under the Master Agreement. If an eligible Public Agency requests to be transitioned to the Master Agreement, Supplier shall do so and report the Public Agency's purchases made under the Master Agreement going forward. The price match only applies to the eligible Public Agencies. Below are three examples of Supplier's obligation to match the pricing under Supplier's contracts offering lower prices.

(A) Supplier holds a state contract with lower pricing that is available to all Public Agencies within the state. Supplier would be required to match the lower state pricing under the Master Agreement and make it available to all Public Agencies within the state.

(B) Supplier holds a regional cooperative contract with lower pricing that is available only to the ten cooperative members. Supplier would be required to match the lower cooperative pricing under the Master Agreement and make it available to the ten cooperative members.

(C) Supplier holds a contract with an individual Public Agency. The Public Agency contract does not contain any cooperative language and therefore other Public Agencies are not eligible to utilize the contract. Supplier would be required to match the lower pricing under the Master Agreement and make it available only to the individual Public Agency.

(iii) **Deviating Buying Patterns.** Occasionally U.S. Communities and Supplier may interact with a Public Agency that has a buying pattern or terms and conditions that considerably deviate from the normal Public Agency buying

pattern and terms and conditions, and causes Supplier's pricing under the Master Agreement to be higher than an alternative contract held by Supplier. This could be created by a unique end-user preference or requirements. In the event that this situation occurs, Supplier may address the issue by lowering the price under the Master Agreement on the item(s) causing the large deviation for that Public Agency. Supplier would not be required to lower the price for other Public Agencies.

(iv) **Supplier's Options in Responding to a Third Party Procurement Solicitation.** While it is the objective of U.S. Communities to encourage Public Agencies to piggyback on to the Master Agreement rather than issue their own procurement solicitations, U.S. Communities recognizes that for various reasons some Public Agencies will issue their own solicitations. The following options are available to Supplier when responding to a Public Agency solicitation:

(A) Supplier may opt not to respond to the procurement solicitation. Supplier may make the Master Agreement available to the Public Agency as a comparison to its solicitation responses.

(B) Supplier may respond with the pricing, terms and conditions of the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement.

(C) If competitive conditions require pricing lower than the standard Master Agreement pricing, Supplier may submit lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement. Supplier would not be required to extend the lower price to other Public Agencies.

(D) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement. If awarded a contract, Supplier shall still be bound by all obligations set forth in this Section 3.3, including, without limitation, the requirement to continue to advise the awarding Public Agency of the pricing, terms and conditions of the Master Agreement.

(E) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement and if an alternative response is permitted, Supplier may offer the pricing under the Master Agreement as an alternative for consideration.

(c) **Economy Commitment.** Supplier shall demonstrate the benefits, including the pricing advantage, of the Master Agreement over alternative options, including competitive solicitation pricing and shall proactively offer the terms and pricing under the Master Agreement to Public Agencies as a more effective alternative to the cost and time associated with such alternate bids and solicitations.

(d) **Sales Commitment.** Supplier shall market the Master Agreement through Supplier's sales force or dealer network that is properly trained, engaged and committed to offering the Master Agreement as Supplier's primary offering to Public Agencies. Supplier's sales force compensation and incentives shall be greater than or equal to the compensation and incentives earned under other contracts to Public Agencies.

(i) **Supplier Sales.** Supplier shall be responsible for proactive sales of Supplier's Products and Services to Public Agencies and the timely follow-up to sales leads identified by U.S. Communities. Use of product catalogs, targeted advertising, direct mail, online marketing and other sales initiatives are encouraged. All of Supplier's sales materials targeted towards Public Agencies shall include the U.S. Communities logo. U.S. Communities hereby grants to Supplier, during the term of this Agreement, a non-exclusive, revocable, non-transferable, license to use the U.S. Communities name, trademark, and logo solely to perform its obligations under this Agreement, and for no other purpose. Any goodwill, rights, or benefits derived from Supplier's use of the U.S. Communities name, trademark, or logo shall inure to the benefit of U.S. Communities. U.S. Communities shall provide Supplier with its logo and the standards to be employed in the use of the logo. During the term of the Agreement, the Supplier shall provide U.S. Communities with its logo and the standards to be employed in the use of the logo for purposes of reproducing and using Supplier's name and logo in connection with the advertising, marketing and promotion of the Master Agreement to Public Agencies. Supplier shall assist U.S. Communities by providing camera-ready logos and by participating in related trade shows and conferences. At a minimum, Supplier's sales initiatives shall communicate that (i) the Master Agreement was competitively solicited by the Lead Public Agency, (ii) the Master Agreement provides the Supplier's best overall pricing and value to eligible agencies, (iii) there is no cost to Participating Public Agencies, and (iv) the Master Agreement is a non-exclusive contract.

(ii) **Branding and Logo Compliance.** Supplier shall be responsible for complying with the U.S. Communities branding and logo standards and guidelines. Prior to use by Supplier, all U.S. Communities related marketing material must be submitted to U.S. Communities for review and approval.

(iii) **Sales Force Training.** Supplier shall train its national sales force on the Master Agreement and U.S. Communities program. U.S. Communities shall be available to train on a national, regional or local level and generally assist with the education of sales personnel.

(iv) **Participating Public Agency Access.** Supplier shall establish the following communication links to facilitate customer access and communication:

(A) A dedicated U.S. Communities internet web-based homepage that is accessible from Supplier's homepage or main menu navigation containing:

- (1) U.S. Communities standard logo with Founding Co-Sponsors logos;
- (2) Copy of original procurement solicitation;
- (3) Copy of Master Agreement including any amendments;
- (4) Summary of Products and Services pricing;
- (5) Electronic link to U.S. Communities' online registration page; and
- (6) Other promotional material as requested by U.S. Communities.

(B) A dedicated toll-free national hotline for inquiries regarding U.S. Communities.

(C) A dedicated email address for general inquiries in the following format: uscommunities@(name of supplier).com.

(v) Electronic Registration. Supplier shall be responsible for ensuring that each Public Agency has completed U.S. Communities' online registration process prior to processing the Public Agency's first sales order.

(vi) Supplier's Performance Review. Upon request by U.S. Communities, Supplier shall participate in a performance review meeting with U.S. Communities to evaluate Supplier's performance of the covenants set forth in this Agreement.

(vii) Supplier Content. Supplier may, from time to time, provide certain graphics, media, and other content to U.S. Communities (collectively "Supplier Content") for use on U.S. Communities websites and for general marketing and publicity purposes. During the term of the Agreement, Supplier hereby grants to U.S. Communities and its affiliates a non-exclusive, worldwide, free, transferrable, license to reproduce, modify, distribute, publically perform, publically display, and use Supplier Content in connection with U.S. Communities websites and for general marketing and publicity purposes, with the right to sublicense each and every such right. Supplier warrants that: (a) Supplier is the owner of or otherwise has the unrestricted right to grant the rights in and to Supplier Content as contemplated hereunder; and (b) the use of Supplier Content and any other materials or services provided to U.S. Communities as contemplated hereunder will not violate, infringe, or misappropriate the intellectual property rights or other rights of any third party.

U.S. Communities Administration Agreement

The Agreement outlines the Supplier's general duties and responsibilities in implementing the U.S. Communities contract.

5. TECHNICAL PROPOSAL INSTRUCTIONS:

- 5.1. The Proposer must submit the Technical Proposal in a separate binder containing the following information. This information will be considered the minimum content of the proposal. Proposal contents shall be arranged in the same order and identified with headings as presented herein. It is required that two (2) hard copies and five (5) electronic copies of the technical proposal be provided. Electronic copies should be provided in thumb drive format. The Proposer must include a notarized statement that the thumb drive version is a true copy of the printed version.

Electronic/soft copies submitted must be certified free of viruses, malware, Trojans, worms, rootkits, spyware, adware, etc. Those who submit electronic/soft copies that contain viruses, malware, Trojans, worms, rootkits, spyware, adware, etc. may be liable for resulting damages.

- 5.2. The Proposer must submit the Technical Proposal in a separate binder containing the following information divided by tabs:

Tab 1 – COVER LETTER: The cover letter will provide a brief history of the Proposer and its organization. The letter will indicate the principal or officer of the Proposer organization who will be the District's primary point of contact during negotiations. This individual must have the authority to negotiate all aspects on the scope of products, services and solutions on behalf of the Proposer. An officer authorized to bind the Proposer to the terms and conditions of this RFP must sign the cover letter transmitting the proposal.

Tab 2 - EXECUTIVE SUMMARY: The Proposer will provide an Executive Summary that presents in brief, concise terms a summary level description of the contents of the Proposal.

Tab 3 – PROPOSER PROFILE: The Proposer must provide a profile of its organization and all other companies who will be providing products or services through a dealer or distribution arrangement with the Proposer. At a minimum, the Proposer will provide the following information.

- Name of firm submitting proposal
- Main office address
- If a corporation, when and where incorporated
- Number of years in business
- Total number of employees
- Appropriate Federal, State, and County registration numbers

Tab 4 – PROPOSER INFORMATION:

- b. Completed and signed Supplier Worksheet for National Program Consideration (Ref. page 17).
- c. Supplier Information (Ref. pages 19-25)

Tab 5 – STATEMENT OF QUALIFICATIONS:

The Statement of Qualifications must include a description of organizational and staff experience, and resumes of proposed staff.

- a. Organizational and Staff Experience: Proposers must describe their qualifications and experience to perform the work described in this Request for Proposal. Information about experience should include direct experience with the specific subject matter.
- b. References: Provide three (3) references in Attachment A of public agencies where products or services of similar size and scope have been performed in the last twelve (12) months. References must include organization names, addresses, names of contact persons, and telephone numbers for such references.
- c. Personnel: The manufacturing staff and dealer/distribution network staff who may be assigned direct work during this contract should be identified. Information is required which will show the composition of the work group, its specific qualifications, and recent relevant experience. Special mention shall be made of direct technical supervisors and key technical personnel, and approximate percentage of the total time each will be available for this contract.

Tab 6 – FINANCIAL STATEMENTS:

Proposer must provide detailed, audited income statements and balance sheets from four of the most recent reporting periods.

Tab 7 – U.S. COMMUNITIES ADMINISTRATION AGREEMENT, signed, unaltered

6. COST PROPOSAL INSTRUCTIONS:

- 6.1. The Proposer must submit a cost proposal in a separate binder, clearly marked, fully supported by cost and pricing data adequate to establish the reasonableness of the proposed fee.

It is required that two (2) hard copies and five (5) electronic copies of the cost proposal be provided. Electronic copies should be provided in thumb drive format. The Proposer must include a notarized statement that the thumb drive version is a true copy of the printed version.

- a. Provide the pricing using a **fixed percentage** (%) discount off PROPOSER'S CATALOG PRICE LIST, or other objectively verifiable criteria, by product category shown. Proposers should indicate these category discounts in Attachment C. Proposers may add additional categories as needed to those in Attachment C.
- b. Copies of the relevant price lists must be included in the Cost Proposal. Proposer should indicate the frequency with which price lists update. The frequency should not exceed once per year.
- c. Price list should include a column to show product's environmental attributes such as chemical products third party "green" certification, paper products

percent post-consumer waste and percent total recycled content, can liners HDPE, LLDPE or LDPE designation, etc.

- d. Provide the pricing for all services and solutions using a **mark-up percentage over cost** in Attachment C. Cost shall be substantiated by an actual invoice indicating the amount paid for services or solutions. Proposer may propose alternative methodologies for pricing services if it feels it is in the best interest of Participating Public Agencies.
 - e. Detail any additional pricing incentives in Attachment C that may be available to Participating Public Agencies such as for large volume purchases, prompt payment discounts, or rebates.
 - f. Prices/discounts shall be F.O.B. destination.
 - g. It is the Proposer's responsibility to provide the District and Participating Public Agencies with an up-to-date price list and any necessary brochures, finish material samples or related materials at no charge for the duration of the contract.
- 6.2. The Proposer must submit Sample Pricing in ATTACHMENT B for evaluation purposes only. Pricing shall be based on Proposers fixed percentage discount off its catalog price list or other objectively verifiable criteria. Proposer should not take into consideration any pricing incentives or rebates it is offering through this contract in the pricing provided in Attachment B.

Note: Sample Pricing is not to be construed as Proposer's complete offer nor is it a core list. It is for evaluation purposes only. Proposer's entire catalog list/assortment will be Proposer's offer to Fresno Unified School District and Participating Public Agencies.

7. CONTACT FOR CONTRACTUAL MATERS:

- 7.1. All communications and requests for information and clarifications shall be directed to the following procurement official:

Marisa Thibodeaux, Buyer
Purchasing Department
Telephone: 559-457-3584

- 8.2. Proposers are reminded that changes to the Request for Proposal, in the form of Addenda, are often issued. All addenda **MUST** be signed and submitted to the Purchasing Department, 4498 N. Brawley Avenue, Fresno, CA 93722 before the due date/time or must accompany the proposal. Notice of addenda will be posted at www.fresnounified.org/dept/operations/Purch. It is the Proposer's responsibility to monitor the web page for the most current addenda.
- 8.3. It is the Proposer's responsibility to clearly identify and to describe the products and services being offered in response to this Request for Proposal. Proposers are cautioned that organization of their response, as well as thoroughness is critical to the District's evaluation process. The RFP forms must be completed legibly and in their entirety; and all required supplemental information must be furnished and presented in an organized, comprehensive and easy to follow manner.
- 8.4. Unnecessarily elaborate brochures of other presentations beyond that sufficient to present a complete and effective proposal are not desired. Elaborate artwork, expensive paper, bindings, visual and other presentation aids are not required. The District encourages the use of recycled paper, therefore it is urged that proposals be submitted on paper made from or with recycled content and be printed on both sides.
- 8.5. Each hard copy of the proposal shall consist of:
 - a. Cover Sheet
 - b. Technical proposal as required in the General Information section, paragraph 5, **TECHNICAL PROPOSAL INSTRUCTIONS**.
 - c. Cost proposal as required in the General Information section, paragraph 6, **COST PROPOSAL INSTRUCTIONS**.
- 8.6. By executing the cover sheet, Proposer acknowledges that it has read this Request for Proposal, understand it, and agree to be bound by its terms and conditions. Proposals may be submitted by mail or delivered in person.

9. LATE PROPOSALS:

- 9.1. Proposals received in the Purchasing Department after the date and time prescribed shall not be considered for contract award and shall be returned to the Proposer.

10. PERIOD THAT PROPOSALS REMAIN VALID:

10.1. Proposals will remain valid for a period of one-hundred twenty days (120) calendar days after the date specified for receipt of proposals.

11. EVALUATION OF PROPOSAL – SELECTION FACTORS:

The following factors will be considered in the award of this contract:

11.1. **PROVEN EXPERIENCE** of the Company's success in providing Cleaning Supplies, Equipment and Custodial Related Products, Services and Solutions on a nationwide and local basis in a timely manner.

11.2. Depth of response to **TECHNICAL PROPOSAL INSTRUCTIONS** (Ref. General Information, paragraph 5).

11.3. Depth of response to **COST PROPOSAL INSTRUCTIONS** (Ref. General Information, paragraph 6).

11.4. Depth of response to **SUPPLIER QUALIFICATIONS AND SUPPLIER INFORMATION**.

12. TRADE SECRET/PROPRIETARY INFORMATION:

12.1. Trade secrets or proprietary information submitted by a Proposer in connection with a procurement transaction shall not be subject to public disclosure under the California Public Records Act; however, Proposers must invoke the protections of this section prior to or upon submission of the data or other materials.

12.2. The Proposer must identify the data or other materials to be protected and state the reasons why protection is necessary. Disposition of material after award(s) should be stated by the Proposer.

This Master Intergovernmental Cooperative Purchasing Agreement (“Agreement”) is made between certain government agencies that execute a Lead Public Agency Certificate (collectively, “Lead Public Agencies”) to be appended and made a part hereof and other government agencies (“Participating Public Agencies”) that agree to the terms and conditions hereof through the U.S. Communities registration process and made a part hereof.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Lead Public Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers (each, a “Contract Supplier”) have entered into Master Agreements with Lead Public Agencies to provide a variety of goods, products and services based on national and international volumes (herein “Products and Services”);

WHEREAS, Master Agreements are made available by Lead Public Agencies through U.S. Communities and provide that Participating Public Agencies may purchase Products and Services on the same terms, conditions and pricing as the Lead Public Agency, subject to any applicable local purchasing ordinances and the laws of the State of purchase;

WHEREAS, the parties desire to comply with the requirements and formalities of any intergovernmental cooperative act, if applicable, to the laws of the State of purchase;

WHEREAS, the parties hereto desire to conserve resources and reduce procurement cost;

WHEREAS, the parties hereto desire to improve the efficiency, effectiveness and economy of the procurement of necessary Products and Services;

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties agree as follows:

1. That each party will facilitate the cooperative procurement of Products and Services.
2. That the procurement of Products and Services subject to this Agreement shall be conducted in accordance with and subject to the relevant statutes, ordinances, rules and regulations that govern each party’s procurement practices.
3. That the cooperative use of solicitations obtained by a party to this Agreement shall be in accordance with the terms and conditions of the solicitation, except as modification of those terms and conditions is otherwise allowed or required by applicable law.
4. That the Lead Public Agencies will make available, upon reasonable request and subject to convenience, information which may assist in improving the effectiveness, efficiency and economy of Participating Public Agencies’ procurement of Products and Services.
5. That the Participating Public Agency will make timely payments to the Contract Supplier for Products and Services received in accordance with the terms and conditions of the procurement. Payment, inspections and acceptance of Products and Services ordered by the Participating Public Agency shall be the exclusive obligation of such Participating Public Agency. Disputes between the Participating Public Agency and Contract Supplier are to be resolved in accord with the law and venue rules of the State of purchase.

6. The Participating Public Agency shall not use this Agreement as a method for obtaining additional concessions or reduced prices for similar products or services.
7. The Participating Public Agency is solely responsible for ordering, accepting, and paying and any other action, inaction or decision regarding the Products and Services obtained under this Agreement. A Lead Public Agency shall not be liable in any manner for any action or inaction or decisions taken by a Participating Public Agency. The Participating Public Agency shall, to the extent permitted by applicable law, hold the Lead Public Agency harmless from any liability that may arise from action or inaction of the Participating Public Agency.
8. The exercise of any rights or remedies by the Participating Public Agency shall be the exclusive obligation of such Participating Public Agency.
9. This Agreement shall remain in effect until termination by a party giving thirty (30) days prior written notice to U.S. Communities at 2999 Oak Road, Suite 710, Walnut Creek, CA 94597.
10. This Agreement shall become effective after execution of the Lead Public Agency Certificate or Participating Public Agency registration, as applicable.

This ADMINISTRATION AGREEMENT (“Agreement”) is made as of _____, by and between U.S. COMMUNITIES GOVERNMENT PURCHASING ALLIANCE (“U.S. Communities”) and _____ (“Supplier”).

RECITALS

WHEREAS, _____ (“Lead Public Agency”) has entered into a certain Master Agreement dated as of even date herewith, referenced as Agreement No. _____, by and between Lead Public Agency and Supplier (as amended from time to time in accordance with the terms thereof, the “Master Agreement”) for the purchase of _____ (the “Products and Services”);

WHEREAS, the Master Agreement provides that any state, county, city, special district, local government, school district, private K-12 school, technical or vocational school, higher education institution (including community colleges, colleges and universities, both public and private), other government agency or nonprofit organization (each a “Public Agency” and collectively, “Public Agencies”) may purchase Products and Services at the prices indicated in the Master Agreement upon prior registration with U.S. Communities, in which case the Public Agency becomes a “Participating Public Agency”;

WHEREAS, U.S. Communities has the administrative and legal capacity to administer purchases under the Master Agreement to Participating Public Agencies;

WHEREAS, U.S. Communities serves in an administrative capacity for Lead Public Agency and other lead public agencies in connection with other master agreements offered by U.S. Communities;

WHEREAS, Lead Public Agency desires U.S. Communities to proceed with administration of the Master Agreement on the same basis as other master agreements;

WHEREAS, “U.S. Communities Government Purchasing Alliance” is a trade name licensed by U.S. Communities Purchasing & Finance Agency; and

WHEREAS, U.S. Communities and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, U.S. Communities and Supplier hereby agree as follows:

ARTICLE I

GENERAL TERMS AND CONDITIONS

1.1 The Master Agreement, attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement.

1.2 U.S. Communities shall be afforded all of the rights, privileges and indemnifications afforded to Lead Public Agency under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to U.S. Communities under this Agreement including, without limitation, Supplier’s obligation to provide insurance and indemnifications to Lead Public Agency.

1.3 Supplier shall perform all duties, responsibilities and obligations required under the Master Agreement.

1.4 U.S. Communities shall perform all of its duties, responsibilities and obligations as administrator of purchases under the Master Agreement as set forth herein, and Supplier acknowledges that U.S. Communities shall act in the capacity of administrator of purchases under the Master Agreement.

1.5 With respect to any purchases made by Lead Public Agency or any Participating Public Agency pursuant to the Master Agreement, U.S. Communities (a) shall not be construed as a dealer, re-marketer, representative, partner, or agent of any type of Supplier, Lead Public Agency or such Participating Public Agency, (b) shall not be obligated, liable or responsible (i) for any orders made by Lead Public Agency, any Participating Public Agency or any employee of Lead Public Agency or a Participating Public Agency under the Master Agreement, or (ii) for any payments required to be made with respect to such order, and (c) shall not be obligated, liable or responsible for any failure by a Participating Public Agency to (i) comply with procedures or requirements of applicable law or ordinance, or (ii) obtain the due authorization and approval necessary to purchase under the Master Agreement. U.S. Communities makes no representations or guaranties with respect to any minimum purchases required to be made by Lead Public Agency, any Participating Public Agency, or any employee of Lead Public Agency or a Participating Public Agency under the Master Agreement.

ARTICLE II

TERM OF AGREEMENT

2.1 This Agreement is effective as of _____ and shall terminate upon termination of the Master Agreement or any earlier termination in accordance with the terms of this Agreement, provided, however, that the obligation to pay all amounts owed by Supplier to U.S. Communities through the termination of this Agreement and all indemnifications afforded by Supplier to U.S. Communities shall survive the term of this Agreement.

ARTICLE III

REPRESENTATIONS AND COVENANTS

3.1 U.S. Communities views the relationship with Supplier as an opportunity to provide benefits to the Lead Public Agency, Public Agencies and Supplier. The successful foundation of the relationship requires certain representations and covenants from both U.S. Communities and Supplier.

3.2 U.S. Communities' Representations and Covenants.

(a) **Marketing.** U.S. Communities shall proactively market the Master Agreement to Public Agencies using resources such as a network of major sponsors including the National League of Cities (NLC), the National Association of Counties (NACo), the United States Conference of Mayors (USCM), the Association of School Business Officials (ASBO), and the National Governor's Association (NGA) (collectively, the "Founding Co-Sponsors"), and individual national, regional and state-level sponsors. In addition, the U.S. Communities staff shall make best efforts to enhance Supplier's marketing efforts through meetings with Public Agencies, participation in key events and tradeshow and other marketing activity such as advertising, articles and promotional campaigns.

(b) Training and Knowledge Management Support. U.S. Communities shall provide support for the education, training and engagement of Supplier's sales force as provided herein. Through its staff (each, a "Program Manager" and collectively, the "Program Managers"), U.S. Communities shall, with scheduling assistance from Supplier, conduct training sessions and conduct calls jointly with Supplier to Public Agencies. U.S. Communities shall also provide Supplier with access to U.S. Communities' private intranet website which provides presentations, documents and information to assist Supplier's sales force in effectively promoting the Master Agreement.

3.3 Supplier's Representations and Covenants. Supplier hereby represents and covenants as follows in order to ensure that Supplier is providing the highest level of public benefit to Participating Public Agencies (such representations and covenants are sometimes referred to as "Supplier's Commitments" and are comprised of the Corporate Commitment, Pricing Commitment, Economy Commitment and Sales Commitment):

(a) Corporate Commitment.

(i) The pricing, terms and conditions of the Master Agreement shall, at all times, be Supplier's primary contractual offering of Products and Services to Public Agencies. All of Supplier's direct and indirect marketing and sales efforts to Public Agencies shall demonstrate that the Master Agreement is Supplier's primary offering and not just one of Supplier's contract options.

(ii) Supplier's sales force (including inside, direct and/or authorized dealers, distributors and representatives) shall always present the Master Agreement when marketing Products or Services to Public Agencies.

(iii) Supplier shall advise all Public Agencies that are existing customers of Supplier as to the pricing and other value offered through the Master Agreement.

(iv) Upon authorization by a Public Agency, Supplier shall transition such Public Agency to the pricing, terms and conditions of the Master Agreement.

(v) Supplier shall ensure that the U.S. Communities program and the Master Agreement are actively supported by Supplier's senior executive management.

(vi) Supplier shall provide a national/senior management level representative with the authority and responsibility to ensure that the Supplier's Commitments are maintained at all times. Supplier shall also designate a lead referral contact person who shall be responsible for receiving communications from U.S. Communities concerning new Participating Public Agency registrations and for ensuring timely follow-up by Supplier's staff to requests for contact from Participating Public Agencies. Supplier shall also provide the personnel necessary to implement and support a supplier-based internet web page dedicated to Supplier's U.S. Communities program and linked to U.S. Communities' website and shall implement and support such web page.

(vii) Supplier shall demonstrate in its procurement solicitation response and throughout the term of the Master Agreement that national/senior management fully supports the U.S. Communities program and its commitments and requirements. National/Senior management is defined as the executive(s) with companywide authority.

(viii) Where Supplier has an existing contract for Products and Services with a state, Supplier shall notify the state of the Master Agreement and transition the state to the pricing, terms

and conditions of the Master Agreement upon the state's request. Regardless of whether the state decides to transition to the Master Agreement, Supplier shall primarily offer the Master Agreement to all Public Agencies located within the state.

(b) **Pricing Commitment.**

(i) Supplier represents to U.S. Communities that the pricing offered under the Master Agreement is the lowest overall available pricing (net to purchaser) on Products and Services that it offers to Public Agencies. Supplier's pricing shall be evaluated on either an overall project basis or the Public Agency's actual usage for more frequently purchased Products and Services.

(ii) **Contracts Offering Lower Prices.** If a pre-existing contract and/or a Public Agency's unique buying pattern provide one or more Public Agencies a lower price than that offered under the Master Agreement, Supplier shall match that lower pricing under the Master Agreement and inform the eligible Public Agencies that the lower pricing is available under the Master Agreement. If an eligible Public Agency requests to be transitioned to the Master Agreement, Supplier shall do so and report the Public Agency's purchases made under the Master Agreement going forward. The price match only applies to the eligible Public Agencies. Below are three examples of Supplier's obligation to match the pricing under Supplier's contracts offering lower prices.

(A) Supplier holds a state contract with lower pricing that is available to all Public Agencies within the state. Supplier would be required to match the lower state pricing under the Master Agreement and make it available to all Public Agencies within the state.

(B) Supplier holds a regional cooperative contract with lower pricing that is available only to the ten cooperative members. Supplier would be required to match the lower cooperative pricing under the Master Agreement and make it available to the ten cooperative members.

(C) Supplier holds a contract with an individual Public Agency. The Public Agency contract does not contain any cooperative language and therefore other Public Agencies are not eligible to utilize the contract. Supplier would be required to match the lower pricing under the Master Agreement and make it available only to the individual Public Agency.

(iii) **Deviating Buying Patterns.** Occasionally U.S. Communities and Supplier may interact with a Public Agency that has a buying pattern or terms and conditions that considerably deviate from the normal Public Agency buying pattern and terms and conditions, and causes Supplier's pricing under the Master Agreement to be higher than an alternative contract held by Supplier. This could be created by a unique end-user preference or requirements. In the event that this situation occurs, Supplier may address the issue by lowering the price under the Master Agreement on the item(s) causing the large deviation for that Public Agency. Supplier would not be required to lower the price for other Public Agencies.

(iv) **Supplier's Options in Responding to a Third Party Procurement Solicitation.** While it is the objective of U.S. Communities to encourage Public Agencies to piggyback on to the Master Agreement rather than issue their own procurement solicitations, U.S. Communities recognizes that for various reasons some Public Agencies will issue their own solicitations. The following options are available to Supplier when responding to a Public Agency solicitation:

(A) Supplier may opt not to respond to the procurement solicitation. Supplier may make the Master Agreement available to the Public Agency as a comparison to its solicitation responses.

(B) Supplier may respond with the pricing, terms and conditions of the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement.

(C) If competitive conditions require pricing lower than the standard Master Agreement pricing, Supplier may submit lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement. Supplier would not be required to extend the lower price to other Public Agencies.

(D) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement. If awarded a contract, Supplier shall still be bound by all obligations set forth in this Section 3.3, including, without limitation, the requirement to continue to advise the awarding Public Agency of the pricing, terms and conditions of the Master Agreement.

(E) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement and if an alternative response is permitted, Supplier may offer the pricing under the Master Agreement as an alternative for consideration.

(c) **Economy Commitment.** Supplier shall demonstrate the benefits, including the pricing advantage, of the Master Agreement over alternative options, including competitive solicitation pricing and shall proactively offer the terms and pricing under the Master Agreement to Public Agencies as a more effective alternative to the cost and time associated with such alternate bids and solicitations.

(d) **Sales Commitment.** Supplier shall market the Master Agreement through Supplier's sales force or dealer network that is properly trained, engaged and committed to offering the Master Agreement as Supplier's primary offering to Public Agencies. Supplier's sales force compensation and incentives shall be greater than or equal to the compensation and incentives earned under other contracts to Public Agencies.

(i) **Supplier Sales.** Supplier shall be responsible for proactive sales of Supplier's Products and Services to Public Agencies and the timely follow-up to sales leads identified by U.S. Communities. Use of product catalogs, targeted advertising, direct mail, online marketing and other sales initiatives are encouraged. All of Supplier's sales materials targeted towards Public Agencies shall include the U.S. Communities logo. U.S. Communities hereby grants to Supplier, during the term of this Agreement, a non-exclusive, revocable, non-transferable, license to use the U.S. Communities name, trademark, and logo solely to perform its obligations under this Agreement, and for no other purpose. Any goodwill, rights, or benefits derived from Supplier's use of the U.S. Communities name, trademark, or logo shall inure to the benefit of U.S. Communities. U.S. Communities shall provide Supplier with its logo and the standards to be employed in the use of the logo. During the term of the Agreement, the Supplier shall provide U.S. Communities with its logo and the standards to be employed in the use of the logo for purposes of reproducing and using Supplier's name and logo in connection with the advertising, marketing and promotion of the Master Agreement to Public Agencies. Supplier shall assist U.S. Communities by providing camera-ready logos and by participating in related trade shows and conferences. At a minimum, Supplier's sales initiatives shall communicate that (i) the Master Agreement was competitively solicited by the Lead Public Agency, (ii) the Master Agreement provides the Supplier's

best overall pricing and value to eligible agencies, (iii) there is no cost to Participating Public Agencies, and (iv) the Master Agreement is a non-exclusive contract.

(ii) Branding and Logo Compliance. Supplier shall be responsible for complying with the U.S. Communities branding and logo standards and guidelines. Prior to use by Supplier, all U.S. Communities related marketing material must be submitted to U.S. Communities for review and approval.

(iii) Sales Force Training. Supplier shall train its national sales force on the Master Agreement and U.S. Communities program. U.S. Communities shall be available to train on a national, regional or local level and generally assist with the education of sales personnel.

(iv) Participating Public Agency Access. Supplier shall establish the following communication links to facilitate customer access and communication:

(A) A dedicated U.S. Communities internet web-based homepage that is accessible from Supplier's homepage or main menu navigation containing:

- (1) U.S. Communities standard logo with Founding Co-Sponsors logos;
- (2) Copy of original procurement solicitation;
- (3) Copy of Master Agreement including any amendments;
- (4) Summary of Products and Services pricing;
- (5) Electronic link to U.S. Communities' online registration page; and
- (6) Other promotional material as requested by U.S. Communities.

(B) A dedicated toll-free national hotline for inquiries regarding U.S. Communities.

(C) A dedicated email address for general inquiries in the following format: uscommunities@(name of supplier).com.

(v) Electronic Registration. Supplier shall be responsible for ensuring that each Public Agency has completed U.S. Communities' online registration process prior to processing the Public Agency's first sales order.

(vi) Supplier's Performance Review. Upon request by U.S. Communities, Supplier shall participate in a performance review meeting with U.S. Communities to evaluate Supplier's performance of the covenants set forth in this Agreement.

(vii) Supplier Content. Supplier may, from time to time, provide certain graphics, media, and other content to U.S. Communities (collectively "Supplier Content") for use on U.S. Communities websites and for general marketing and publicity purposes. During the term of the Agreement, Supplier hereby grants to U.S. Communities and its affiliates a non-exclusive, worldwide, free, transferrable, license to reproduce, modify, distribute, publically perform, publically display, and use Supplier Content in connection with U.S. Communities websites and for general marketing and publicity purposes, with the right to sublicense each and every such right. Supplier warrants that: (a) Supplier is the owner of or otherwise has the unrestricted right to grant the rights in and to Supplier Content as contemplated hereunder; and (b) the use of Supplier Content and any other materials or services provided

to U.S. Communities as contemplated hereunder will not violate, infringe, or misappropriate the intellectual property rights or other rights of any third party

3.4 Breach of Supplier's Representations and Covenants. The representations and covenants set forth in this Agreement are the foundation of the relationship between U.S. Communities and Supplier. If Supplier is found to be in violation of, or non-compliance with, one or more of the representations and covenants set forth in this Agreement, Supplier shall have ninety (90) days from the notice of default to cure such violation or non-compliance and, if Supplier fails to cure such violation or non-compliance within such notice period, it shall be deemed a cause for immediate termination of the Master Agreement at Lead Public Agency's sole discretion or this Agreement at U.S. Communities' sole discretion.

3.5 Indemnity. Supplier hereby agrees to indemnify and defend U.S. Communities, and its parent companies, subsidiaries, affiliates, shareholders, member, manager, officers, directors, employees, agents, and representatives from and against any and all claims, costs, proceedings, demands, losses, damages, and expenses (including, without limitation, reasonable attorney's fees and legal costs) of any kind or nature, arising from or relating to, any actual or alleged breach of any of Supplier's representations, warranties, or covenants in this Agreement.

ARTICLE IV

PRICING AUDITS

4.1 Supplier shall, at Supplier's sole expense, maintain an accounting of all purchases made by Lead Public Agency and Participating Public Agencies under the Master Agreement. U.S. Communities and Lead Public Agency each reserve the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. U.S. Communities shall have the authority to conduct random audits of Supplier's pricing that is offered to Participating Public Agencies at U.S. Communities' sole cost and expense. Notwithstanding the foregoing, in the event that U.S. Communities is made aware of any pricing being offered to three (3) or more Participating Public Agencies that is materially inconsistent with the pricing under the Master Agreement, U.S. Communities shall have the ability to conduct a reasonable audit of Supplier's pricing at Supplier's sole cost and expense during regular business hours upon reasonable notice. U.S. Communities may conduct the audit internally or may engage a third-party auditing firm on a non-contingent basis. Supplier shall solely be responsible for the cost of the audit. In the event of an audit, the requested materials shall be provided in the format and at the location where kept in the ordinary course of business by Supplier.

ARTICLE V

FEES & REPORTING

5.1 Administrative Fees. Supplier shall pay to U.S. Communities a monthly administrative fee based upon the total sales price of all purchases shipped and billed pursuant to the Master Agreement, excluding taxes, in the amount of two percent (2%) of aggregate purchases made during each calendar month (individually and collectively, "Administrative Fees"). Supplier's annual sales shall be measured on a calendar year basis. All Administrative Fees shall be payable in U.S. Dollars and shall be made by wire to U.S. Communities, or its designee or trustee as may be directed in writing by U.S. Communities. Administrative Fees shall be due and payable within thirty (30) days of the end of each calendar month

for purchases shipped and billed during such calendar month. U.S. Communities agrees to pay to Lead Public Agency five percent (5%) of all Administrative Fees received from Supplier to help offset Lead Public Agency's costs incurred in connection with managing the Master Agreement nationally.

5.2 Sales Reports. Within thirty (30) days of the end of each calendar month, Supplier shall deliver to U.S. Communities an electronic accounting report, in the format prescribed by Exhibit B, attached hereto, summarizing all purchases made under the Master Agreement during such calendar month ("Sales Report"). All purchases indicated in the Sales Report shall be denominated in U.S. Dollars. All purchases shipped and billed pursuant to the Master Agreement for the applicable calendar month shall be included in the Sales Report. Submitted reports shall be verified by U.S. Communities against its registration database. Any data that is inconsistent with the registration database shall be changed prior to processing. U.S. Communities reserves the right upon reasonable advance notice to Supplier to change the prescribed report format to accommodate the distribution of the Administrative Fees to its program sponsors and state associations.

5.3 Exception Reporting/Sales Reports Audits. U.S. Communities or its designee may, at its sole discretion, compare Supplier's Sales Reports with Participating Public Agency records or other sales analysis performed by Participating Public Agencies, sponsors, advisory board members or U.S. Communities staff. If there is a material discrepancy between the Sales Report and such records or sales analysis as determined by U.S. Communities, U.S. Communities shall notify Supplier in writing and Supplier shall have thirty (30) days from the date of such notice to resolve the discrepancy to U.S. Communities' reasonable satisfaction. Upon resolution of the discrepancy, Supplier shall remit payment to U.S. Communities' trustee within fifteen (15) calendar days. Any questions regarding an exception report should be directed to U.S. Communities in writing to reporting@uscommunities.org. If Supplier does not resolve the discrepancy to U.S. Communities' reasonable satisfaction within thirty (30) days, U.S. Communities shall have the right to engage outside services to conduct an independent audit of Supplier's reports. Supplier shall solely be responsible for the cost of the audit.

5.4 Online Reporting. Within forty-five (45) days of the end of each calendar month, U.S. Communities shall provide online reporting to Supplier containing Supplier's sales reporting for such calendar month. Supplier shall have access to various reports through the U.S. Communities intranet website. Such reports are useful in resolving reporting issues and enabling Supplier to better manage its Master Agreement.

5.5 Usage Reporting. Within thirty (30) days of the end of each contract year, Supplier shall deliver to U.S. Communities an electronic usage report of all sales under the Master Agreement, including:

- (i) Supplier's Product Number
- (ii) Product Description
- (iii) Manufacturer Name
- (iv) Manufacturer Number
- (v) Unit of Measure
- (vi) U.S. Communities Price
- (vii) Number of times ordered
- (viii) Units sold
- (ix) Sales by Manufacturer

5.6 Supplier's Failure to Provide Reports or Pay Administrative Fees. Failure to provide a Sales Report or pay Administrative Fees within the time and in the manner specified herein shall be

regarded as a material breach under this Agreement and if not cured within thirty (30) days of written notice to Supplier, shall be deemed a cause for termination of the Master Agreement at Lead Public Agency's sole discretion or this Agreement at U.S. Communities' sole discretion. All Administrative Fees not paid within thirty (30) days of the end of the previous calendar month shall bear interest at the rate of one and one-half percent (1.5%) per month until paid in full.

ARTICLE VI

MISCELLANEOUS

6.1 **Entire Agreement.** This Agreement supersedes any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereof, and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained herein shall be valid or binding.

6.2 **Assignment.**

(a) **Supplier.** Neither this Agreement nor any rights or obligations hereunder shall be assignable by Supplier without prior written consent of U.S. Communities, and any assignment without such consent shall be void.

(b) **U.S. Communities.** This Agreement and any rights or obligations hereunder may be assigned by U.S. Communities in U.S. Communities' sole discretion, to an existing or newly established legal entity that has the authority and capacity to perform U.S. Communities' obligations hereunder.

6.3 **Notices.** All reports, notices or other communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery requiring signature on receipt to the addresses as set forth below. U.S. Communities may, by written notice delivered to Supplier, designate any different address to which subsequent reports, notices or other communications shall be sent.

U.S. Communities:

U.S. Communities
9711 Washingtonian Blvd. Suite 100
Gaithersburg, MD 20878-7381
Attn: Program Manager Administration

Supplier:

Attn: U.S. Communities Program Manager

6.4 **Severability.** If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever.

6.5 **Waiver.** Any failure of a party to enforce, for any period of time, any of the provisions under this Agreement shall not be construed as a waiver of such provisions or of the right of said party thereafter to enforce each and every provision under this Agreement.

6.6 Counterparts. This Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

6.7 Modifications. This Agreement may not be effectively amended, changed, modified, altered or terminated without the prior written consent of the parties hereto.

6.8 Governing Law; Arbitration. This Agreement will be governed by and interpreted in accordance with the laws of the State of California without regard to any conflict of laws principles. Any dispute, claim, or controversy arising out of or relating to this Agreement or the breach, termination, enforcement, interpretation or validity thereof, including the determination of the scope or applicability of this dispute resolution clause, shall be determined by arbitration in Walnut Creek, California, before one (1) arbitrator. The arbitration shall be administered by JAMS pursuant to its Comprehensive Arbitration Rules and Procedures. Judgment on the award may be entered in any court having jurisdiction. This clause shall not preclude parties from seeking provisional remedies in aid of arbitration from a court of appropriate jurisdiction. The prevailing party will be entitled to recover its reasonable attorneys' fees and arbitration costs from the other party. The arbitration award shall be final and binding. Each party commits that prior to commencement of arbitration proceedings, the parties shall submit the dispute to JAMS for mediation. The parties will cooperate with JAMS and with one another in selecting a mediator from JAMS panel of neutrals, and in promptly scheduling the mediation proceedings. The parties covenant that they will participate in the mediation in good faith, and that they will share equally in its costs. The mediation will be conducted by each party designating a duly authorized officer or other representative to represent the party with the authority to bind the party, and that the parties agree to exchange informally such information as is reasonably necessary and relevant to the issues being mediated. All offers, promises, conduct, and statements, whether oral or written, made in the course of the mediation by any of the parties, their agents, employees, experts, and attorneys, and by the mediator or any JAMS employees, are confidential, privileged, and inadmissible for any purpose, including impeachment, in any arbitration or other proceeding involving the parties, provided that evidence that is otherwise admissible or discoverable shall not be rendered inadmissible or non-discoverable as a result of its use in the mediation. If the dispute is not resolved within thirty (30) days from the date of the submission of the dispute to mediation (or such later date as the parties may mutually agree in writing), the administration of the arbitration shall proceed. The mediation may continue, if the parties so agree, after the appointment of the arbitrator. Unless otherwise agreed by the parties, the mediator shall be disqualified from serving as arbitrator in the case. The pendency of a mediation shall not preclude a party from seeking provisional remedies in aid of the arbitration from a court of appropriate jurisdiction, and the parties agree not to defend against any application for provisional relief on the ground that a mediation is pending.

6.9 Successors and Assigns. This Agreement shall inure to the benefit of and shall be binding upon U.S. Communities, Supplier and any successor and assign thereto; subject, however, to the limitations contained herein.

If any purchase made under the Master Agreement is funded in whole or in part by Federal Emergency Management Agency (“FEMA”) grants, Contractor shall comply with all federal laws and regulations applicable to the receipt of FEMA grants, including, but not limited to the contractual procedures set forth in Title 44 of the Code of Federal Regulations, Part 13 (“44 CFR 13”).

In addition, Contractor agrees to the following specific provisions:

1. Pursuant to 44 CFR 13.36(i)(1), University is entitled to exercise all administrative, contractual, or other remedies permitted by law to enforce Contractor’s compliance with the terms of this Master Agreement, including but not limited to those remedies set forth at 44 CFR 13.43.
2. Pursuant to 44 CFR 13.36(i)(2), University may terminate the Master Agreement for cause or convenience in accordance with the procedures set forth in the Master Agreement and those provided by 44 CFR 13.44.
3. Pursuant to 44 CFR 13.36(i)(3)-(6)(12), and (13), Contractor shall comply with the following federal laws:
 - a. Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor (“DOL”) regulations (41 CFR Ch. 60);
 - b. Copeland “Anti-Kickback” Act (18 U.S.C. 874), as supplemented in DOL regulations (29 CFR Part 3);
 - c. Davis-Bacon Act (40 U.S.C. 276a-276a-7) as supplemented by DOL regulations (29 CFR Part 5);
 - d. Section 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by DOL regulations (29 CFR Part 5);
 - e. Section 306 of the Clean Air Act (42 U.S.C. 1857(h), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15); and
 - f. Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).
4. Pursuant to 44 CFR 13.36(i)(7), Contractor shall comply with FEMA requirements and regulations pertaining to reporting, including but not limited to those set forth at 44 CFR 40 and 41.
5. Pursuant to 44 CFR 13.36(i)(8), Contractor agrees to the following provisions regarding patents:

a. All rights to inventions and/or discoveries that arise or are developed, in the course of or under this Agreement, shall belong to the University and be disposed of in accordance with University policy. The University, at its own discretion, may file for patents in connection with all rights to any such inventions and/or discoveries.

6. Pursuant to 44 CFR 13.36(i)(9), Contractor agrees to the following provisions, regarding copyrights:

a. If this Agreement results in any copyrightable material or inventions, in accordance with 44 CFR 13.34, FEMA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, for Federal Government purposes:

- (1) The copyright in any work developed under a grant or contract; and
- (2) Any rights of copyright to which a grantee or a contractor purchases ownership with grant support.

7. Pursuant to 44 CFR 13.36(i)(10), Contractor shall maintain any books, documents, papers, and records of the Contractor which are directly pertinent to this Master Agreement. At any time during normal business hours and as often as University deems necessary, Contractor shall permit University, FEMA, the Comptroller General of United States, or any of their duly authorized representatives to inspect and photocopy such records for the purpose of making audit, examination, excerpts, and transcriptions.

8. Pursuant to 44 CFR 13.36(i)(11), Contractor shall retain all required records for three years after FEMA or University makes final payments and all other pending matters are closed. In addition, Contractor shall comply with record retention requirements set forth in 44 CFR 13.42.

Purchases made under this contract may be partially or fully funded with federal grant funds. Funding for this work may include Federal Funding sources, including Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development. When such funding is provided, Contractor shall comply with all terms, conditions and requirements enumerated by the grant funding source, as well as requirements of the State statutes for which the contract is utilized, whichever is the more restrictive requirement. When using Federal Funding, Contractor shall comply with all wage and latest reporting provisions of the Federal Davis-Bacon Act. HUD-4010 Labor Provisions also applies to this contract.

By entering into this Contract the Contractor agrees to comply with all applicable provisions of Title 2, Subtitle A, Chapter II, PART 200—UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS contained in Title 2 C.F.R. § 200 et seq.

Pursuant to certain state notice provisions the following public agencies and political subdivisions of the referenced public agencies are eligible to access the contract award made pursuant to this solicitation. Public agencies and political subdivisions are hereby given notice of the foregoing request for proposal for purposes of complying with the procedural requirements of said statutes:

BID OPENING HAS CHANGED TO MAY 9, 2017 PRIOR TO 2:01 P.M.

Questions and answers from RFP # 17-21

1. Please provide the current contract pricing by line item

Answer: It is Fresno Unified School Districts policy not to release prior bid information when the new bid is open.

2. What are the annual sales by the incumbent supplier within each US STATE from July 1, 2015 thru June 30, 2016? Example, if there are 50 customers in the State of Oregon how much do the 50 customer's sales total for the time frame indicated.

Answer: Sales by state are unavailable.

3. What percentage of annual sales are by agency type- example K-12, Higher Education, Local Governments, and State Governments?

Answer: Sales by agency type are unavailable.

4. Can you extend the RFP due date an extra 2 weeks?

Answer: The proposal due date has been extended to May 9th, 2017 at 2:00 pm PST.

5. On the pricing commitment section, does this pricing commitment relate to only those prices under the same terms and conditions?

Answer: The U.S. Communities Pricing Commitment pertains to any items sold through the U.S. Communities contract. Please refer to 3.3 (b), Pricing Commitment in Appendix B.

6. On the pricing commitment section, what if the manufacturers do not offer the same or lowest cost available to distributors for the US Communities contract? Distributor pricing is dependent on what costs we, distributors receive manufacturers of the products being offered through contract.

Answer: The Pricing Commitment requires that “the pricing offered under the Master Agreement is the lowest overall available pricing (net to purchaser) on Products and Services that [the Supplier] offers to Public Agencies”. Please refer to 3.3 (b), Pricing Commitment in Appendix B.

7. On the pricing commitment section, how will US Communities respond if we as a contractor try to transition current business from a public agency to the US Communities contract where it results in a loss in revenue because the manufacturer(s) is unwilling to offer the contracted distributor a lower cost?

Answer: Please refer to Section 3.3 (a), (iii) and (iv) of Appendix B.

8. On the pricing commitment section, how will US Communities respond when a bid is published that does not allow pricing to be offered by the winning bidder using a GPO that does not contain the same terms of the RFP?

Answer: Please refer to Section 3.3 (b), (iv) (A-E) of Appendix B.

9. US Communities stipulates that the contractor’s sales force compensation and incentives under the UC Communities program shall be greater than or equal to the compensation and incentives earned under other contracts with public agencies. Why is this a concern? How can a contractor make such a commitment when there are no guarantee sales by end users for a new US Communities contractor?

Answer: The requirement of the U.S. Communities Sales Commitment is to lead with U.S. Communities and this language ensures no sales person is discouraged from selling using the Master Agreement due to compensation barriers.

10. Can you kindly send me your current award tabulation to include the products with pricing that was previously awarded for our review?

Answer: See answer to Question 1.

11. For the Fresno Unified School District bid, will the deliveries be sent to each school or do you have a main warehouse that will receive deliveries?

Answer: All deliveries for Fresno Unified will be sent to a central warehouse for distribution to school sites. Due to the fact that this is a nationwide bid, there may be other agencies that require purchases to be sent to multiple sites.

12. For addendum #1 the link to download the documents I still show attachment B sample pricing as the items that are going out to bid.

Answer: Please see section 6.2 of the RFP on page 29.

13. Now in the meeting you stated that these were not the complete bid items that it was just a sample sheet, where can I find the complete list unless I misunderstood and this is the complete items list.

Answer: Please see answer to Question 12.

14. Also can I have the list of attendees at the meeting

Answer: This is provided as a part of this Addendum.

15. It was noted during the pre-bid meeting that US Communities/Fresno Unified will be selecting a single vendor. Is there any opportunity for multiple awards should bidders recommend unique or innovative solutions? We recognize that not all agencies will be willing to try new technology but also believe that many may wish to have the option.

Answer: Please see the Multiple Awards section of the RFP on page 10. FUSD reserves the right to award the contract in the aggregate, by section, multiple award, primary, secondary, and tertiary, whichever is in the best interest of the School District and Participating Public Agencies as a result of this solicitation.

16. On page 20 under "Distribution – 3", how is "retail network" defined? Do you need the total square footage of all member distribution facilities? (We have 120+ members)

Answer: Please provide the number and location of each retail and distribution facility. Please provide a listing of these facilities and a map, if available.

17. On page 20 under "Distribution – 4", what exactly is meant by "support center?" Should this include each of Triple S member location where we are able to directly service an account/customer?

Answer: Please indicate the number and location of customer support (service) centers.

18. On page 27 under section 5.1, is there specific language you require to be included in the notarized statement or can/should it be as simple as "Triple S hereby attests that the information included on the submitted thumb drives is identical to and a true copy of the information provided in the hard copy (printed) submission."

Answer: The above noted language is acceptable.

19. Is it permissible to provide pricing in terms of both "discount off list" and by using a "cost plus" model or do you prefer a single format exclusively?

Answer: Please refer to Section 6, Cost Proposal Instructions on page 28 of the RFP.

20. In Attachment C and under the last tab for “services,” are you referring to the proposed percentage mark-up over US Communities cost or “retail cost” for the service?

Answer: Please see Section 6, Cost Proposal Instructions, (d) on page 29 of the RFP.

21. We greatly respect the response timeline set forth by US Communities/Fresno Unified School District but kindly request an extension, preferably allowing for two additional weeks to respond.

Answer: Please see answer to Question 4.

22. While I understand it’s an information portal for the USC members, does it also need to be able to process orders? If so, besides the standard payment terms, would we need to accept credit cards as a form of payment as well?

Answer: The requirement in the Supplier Qualifications and Commitments, (d) Sales Commitment, (iv) Participating Public Agency Access, describes the U.S. Communities landing page required of any awarded vendor. This page does not require the ability to process orders. Please describe your company’s order processing abilities in the Supplier Information Section, Administration.

Products, Services & Solutions

May 8, 2017

To: Fresno Unified School District
4498 N. Brawley Ave
Fresno, CA 93722
Attention: Marisa Thibodeaux, Purchasing Department

On behalf of our 4,800 associates who make Interline Brands a premier distributor of janitorial, custodial and facility maintenance products, thank you for the opportunity to propose a solutions for your facility's needs and support of the U.S. Communities members across the nation.

Interline Brands Inc. is a large scale, national distributor of janitorial, custodial and maintenance products to all customer segments through various brands. Approaching 2 billion dollars in sales, Interline markets its products and services through our family of brands. SupplyWorks is our new Institutional brand which combines the market expertise of Amsan®, JanPak, CleanSource, Trayco and Sexauer® to become the leading broad-line national provider of integrated facility maintenance solutions with unparalleled expertise in all things relating to janitorial and custodial products.

In July 2015, Interline Brands was purchased by The Home Depot combining the national strength of our Interline Brands family of brands with the global strength, recognition and national infrastructure of The Home Depot.

The proposal enclosed will demonstrate our ability to provide a high level of customer service at the local level while effectively leveraging our global procurement resources. We believe our proposal will showcase the value that SupplyWorks can provide Fresno Unified School District and all U.S. Communities agencies nationally.

Kindly advise our team regarding any questions on this offering and any award decision.

Regards,

Eric Thompson

EXECUTIVE SUMMARY

Interline Brands dba SupplyWorks is a leading national provider of integrated facility maintenance solutions. Our smart solutions and unparalleled expertise advance the performance, image, safety, health, and sustainability of facilities throughout the United States. As a Home Depot company our significantly increased depth and scale further help us promote a strategy of providing local, high touch customer service with an unrivaled national infrastructure.

Through our SupplyWorks division with our over 1000 sales professionals, we serve a diversified client base including state, county and local government, K-12 education, colleges/universities and non-profits. Over 200 customer care and technical support professionals can be reached at a U.S. Communities members' dedicated phone number (1.800.393.1131) or email (uscommunities@interlinebrands.com). We understand the four commitments set forth (Corporate, Pricing, Economy, and Sales); they were thoroughly reviewed and our position is further explained in detail in the proposal. As part of our commitment U.S. Communities is the only national Public cooperative that we would support under our SupplyWorks division.

The leadership team referenced in the proposal recognizes the successful foundation of this partnership will provide the maximum benefit to both participating public agencies and the supplier. We feel the team referenced signifies the importance with which we view this opportunity. We have the full support of our senior executive management team, many of them closely monitored and/or had input into this proposal.

The pricing model offered is designed to provide the Participating Public Agencies the most favorable overall available pricing that we offer to Public Agencies. Our pricing model will be managed utilizing our customized online product catalog at <https://usc.supplyworks.com/>. This robust website provides 24/7 access to over 140,000 (10,000 jan-san) stocked SKUs, in addition to valuable web tools and resources. A participating Public Agency will be able to access customized U.S. Communities pricing that will show our everyday price (List Price) and clearly show their discounted U.S. Communities member price.

In our proposal we will go into further detail on numerous other areas that we feel are critical components that will demonstrate our commitment and strategy for success. Some of those components include a dedicated team of in-house specialists who can partner with Public Agencies to oversee electronic integration and management of purchasing applications with SupplyWorks, a full service inventory management program StockWise™ to improve

productivity, and reduce costs, our In-Site™ Total Cost Management Solution designed to work with your facility to enhance your operational efficiency.

By fourth quarter 2017 we will have additional benefits from being a Home Depot company including integrating a “one account” method of procuring from both the local Home Depot store and SupplyWorks. Towards the end of 2017 we will be adding thousands of new products that are available from Home Depot to our already robust online offering.

These customer focused tools and many more outlined in our proposal are why our reputation in the industry is not about the products we sell but instead about the solutions we create!

PROPOSER INFORMATION

- a. **Proposer shall provide a written narrative of its understanding and acceptance of the Supplier Qualifications Commitments in Section 1.**

SupplyWorks and Interline Brands understand that the mutual commitments outlined in Section 1 of this RFP are essential and vital to the success of a relationship of this nature. As part of our commitment, U.S. Communities is the only national Public cooperative that we would support under our SupplyWorks division.

We understand and acknowledge the four commitments set forth Corporate, Pricing, Economy, and Sales. Below we express our acceptance to these Supplier Commitments. Additionally, our acknowledgement and understanding of these four commitments are highlighted throughout our entire response.

CORPORATE COMMITMENT

The leadership team referenced in the proposal recognizes the successful foundation of this partnership will provide the maximum benefit to both participating public agencies and the supplier. We have the full support of our senior executive management team, many of them closely monitored and/or had input into this proposal signifying the importance with which we view this opportunity.

We will position this Master Agreement as the preferred offering to public agencies nationally; consistent with our current positioning of the Facilities Solutions US Communities contract. Additionally, the entire SupplyWorks sales force will be trained to understand, and reinforce, the U.S. Communities contract and will present the contract to existing and new customers.

PRICING COMMITMENT

The pricing model offered is designed to provide the Participating Public Agencies the most favorable overall available pricing to Public Agencies. Our pricing model will be managed utilizing our online product catalog at usc.supplyworks.com. This robust website provides 24/7 access to over 10,000 stocked Janitorial and Custodial Related SKUs, in addition to valuable web tools and resources. A participating Public Agency will be able to access customized U.S. Communities pricing that will show our everyday price (List Price) and clearly show their discounted U.S. Communities member price.

ECONOMY COMMITMENT

We understand the benefits of an agreement with U.S. Communities. We will continue to communicate the benefits of the Master Agreement over alternative options such as local bid and competitive solicitation options to existing and potential customers.

SALES COMMITMENT

We understand and commit to training the SupplyWorks sales force on how to present the U.S. Communities Master Agreement to agencies. The leadership team that is outlined in the proposal will work diligently to ensure all SupplyWorks sales representatives are trained on the benefits of the program, beyond just offering competitive pricing to participating agencies. An updated toolbox will be made available to our entire sales team with all documents, co-branded marketing material and additional information to effectively market the Master Agreement nationally.

Additionally, participating public agencies would have access to our already established dedicated communication links for ease of communication and access to SupplyWorks information.

- A dedicated U.S. Communities homepage with pertinent contract details. (updated upon award).
- A dedicated toll free phone number for inquiries (800-393-1131)
- A dedicated email address (uscommunities@supplyworks.com)
- A dedicated online website with access to view all items and the contracted pricing (usc.supplyworks.com)

We agree and encourage the regular review of the performance relative to the contract and our leadership team will commit to attending these reviews.

c. SUPPLIER INFORMATION

National Commitments

1. Please provide a written narrative of your understanding and acceptance of the Supplier Qualifications and Commitments.

SupplyWorks and Interline Brands understand that the mutual commitments outlined in Section 1 of this RFP are essential and vital to the success of a relationship of this nature. As part of our commitment, U.S. Communities is the only national Public cooperative that we would support under our SupplyWorks division.

We understand the four commitments set forth Corporate, Pricing, Economy, and Sales. Below we express our acceptance to these Supplier Commitments. Additionally, our acknowledgement and understanding of these four commitments are highlighted throughout our entire response.

CORPORATE COMMITMENT

The leadership team referenced in the proposal recognizes the successful foundation of this partnership will provide the maximum benefit to both participating public agencies and the supplier. We have the full support of our senior executive management team, many of them closely monitored and/or had input into this proposal signifying the importance with which we view this opportunity.

We will position this Master Agreement as the preferred offering to public agencies nationally. Additionally, the entire SupplyWorks sales force will be trained to understand the U.S. Communities contract and will present the contract to existing and new customers.

PRICING COMMITMENT

The pricing model offered is designed to provide the Participating Public Agencies the most favorable overall available pricing to Public Agencies. Our pricing model will be managed utilizing our online product catalog at usc.supplyworks.com. This robust website provides 24/7 access to over 10,000 stocked Janitorial and Custodial Related SKUs, in addition to valuable web tools and resources. A participating Public Agency will be able to access customized U.S. Communities pricing that will show our everyday price (List Price) and clearly show their discounted U.S. Communities member price.

ECONOMY COMMITMENT

We understand the benefits of an agreement with U.S. Communities. We will continue to communicate the benefits of the Master Agreement over alternative options such as local bid and competitive solicitation options to existing and potential customers.

SALES COMMITMENT

We understand and commit to training the SupplyWorks sales force on how to present the U.S. Communities Master Agreement to agencies. The leadership team that is outlined in the proposal will work diligently to ensure all SupplyWorks sales representatives are trained on the benefits of the program, beyond just offering competitive pricing to participating agencies. An updated toolbox will be made available to our entire sales team with all documents, co-branded marketing material and additional information to effectively market the Master Agreement nationally.

The average tenure of our more than 1,000 sales professionals across the US is 14 years. They receive monthly trainings in all areas covered in the scope of this agreement in addition to regular product knowledge training. Our Sales professionals are very experienced working through cooperative agreements and well versed on how pricing is managed and reporting needs and responsibilities. This represents a significant portion of our sales and therefore critical to be successful over long periods of time. They provide the plan and implement the training programs, perform site audits, and program recommendations that result. They coordinate with their sales managers to ensure program compliance with the Master Agreement.

Additionally, participating public agencies would have access to our already established dedicated communication links for ease of communication and access to SupplyWorks information.

- A dedicated U.S. Communities homepage with pertinent contract details. (to be updated upon award.
- A dedicated toll free phone number for inquiries (800-393-1131)
- A dedicated email address (uscommunities@supplyworks.com)
- A dedicated online website with access to view all items and the contracted pricing (usc.supplyworks.com)

We agree and encourage the regular review of the performance relative to the contract and our leadership team will commit to attending these reviews.

Company

2. Provide the total number and location of sales persons employed by your company in the United States.

3. Please provide a narrative on how these sales people would be used to market the contract to eligible agencies across the country. Please describe what you have in place today and your future plans, if you were awarded the contract.

As a company we have a tenured team that has successfully managed Government Cooperatives that are national in scope; including current US Communities contracts. For that reason we have developed training systems that allow us to execute well in this environment. The average tenure of sales professionals is 14 years. All levels of sales management have performance reviews and bonus opportunities based on requirements that include Government Cooperative goals. This ensures all levels of sales management from senior level to local Regional Sales Managers are fully committed to the successful development and implementation of the contract with the local sales professionals.

Our government team is actively involved working in the field with our sales professionals. All leads and opportunities we generate through are marketing efforts and from U.S. Communities flow through our government team and are assigned to the local RSM who in turn assigns that lead to local sales professional. We have implemented a customized CRM program to track the performance of the sales team ensuring continuous follow up with potential leads. Through constant education of the sale force they recognize the value of the U.S Communities proposition for them and understand how it helps them achieve sales goals that sales leaders set for them. Certain sales professionals have specialties outside of government sales, yet a vast majority of our sales force is actively involved in current national Government Coop sales. New business time commitments of sales professionals engaged in Government Coop sales range from 25% to 100% with an average of about 68%.

4. Please provide the company's annual sales for 2014, 2015, and 2016 in the United States. Sales reporting should be segmented into the following categories.

Distribution

1. Describe how your company proposes to distribute the products nationwide.

Interline Brands is one of the Nation's largest distributors of janitorial, sanitation, housekeeping and MRO supplies. We own all of our distribution facilities, and trucks. We deploy and train all our Interline drivers and they are considered a vital component of our customer service. By having our own drivers and fleet of vehicles, Interline typically provides delivery, on stocked items, throughout the continental US within 24-48 hours upon receipt of orders. This allows us to maintain a high standard of customer satisfaction with respect to services. Depending upon the distribution location and where the customers are located, we would utilize UPS or LTL for agencies outside of our normal delivery area or for remote customer locations. We cover 98% of the United States population with next day delivery. We have a 98% fill rate on stocked items nationally. Please refer to question 4 below for additional details outlining the details of our distribution centers.

2. Identify all other companies that will be involved in processing, handling or shipping the product to the end user.

In addition to our fleet of over 500 branded vehicles we use third party LTL carriers for remote areas and occasional larger orders or drop shipments. In addition we utilize third party small package services such as UPS or FedEx for smaller orders or remote areas.

3. Provide the number, size and location of your company's distribution facilities, warehouses and retail network as applicable.

Currently we have 100 distribution centers throughout the United States. Below is a detailed listing of all of our Interline Brands Distribution facilities and warehouses along with the square footage of each building.

4. Provide the number and location of support centers (if applicable).

Interline Brands has a network of customer service centers serving our tens of thousands of customers nationwide. The centers are nationwide and linked so our customers can always speak to a live professional. In addition, these centers are linked on a common system with all account details available to customer service representatives at all times. We also have a dedicated set of customer service representatives that have been deeply trained on U.S. Communities. We have a dedicated toll free number that will link customers to these representatives who will be trained on the Master agreement such that can provide a differential service.

Please see the below chart regarding our support centers nationwide.

IBI, Inc.'s goal of \$80 MM in diversity spend for 2017 was derived by calculating an approximate 1.5% increase in spending over our 2016 subcontracting goals. In addition, in 2017 as we become more aligned with The Home Depot we will partner with their robust supplier diversity program in which over 9000 companies are registered as suppliers, service providers, potential suppliers, or potential service providers.

Marketing

1. Outline your company's sales and marketing plan for the Products and Services to eligible agencies.

SupplyWorks understands that Marketing is integral to the success of the program. Monthly calls with our marketing team ensure we keep our microsite content fresh, exciting and relevant to our Public Agency customer base. Our goal is to participate in a minimum of 10 monthly U.S. Communities marketing (Solution) campaigns. Our marketing team works directly with U.S. Communities to provide on time delivery of appropriate content for that month's campaign. For each Solutions Campaign we provide U.S. Communities with a link to a landing page and/or a content tab that has information of that month's topic.

We would continue to work with marketing to submit additional content such as a Tips on, How-to sections, white papers, case study or video to U.S. Communities and our micro-site. We would continue to offer educational articles for U.S. Communities to share with their sponsors and or other media outlets.

Scheduling quarterly marketing calls help all parties understand what is transpiring in the marketplace and it helps us generate ideas for promos, communications, etc. to be proactive with our customer base. Last year we participated in more than 30 Strategic Sourcing Summits with plans to expand our attendance at these events. Upon award we will expand our customized website and make sure it is compliant and easy to use for all Public Agencies. All contract details will be easily accessible on the website.

For those public agencies that opt in, we will send customized Email blasts monthly. With innovation and new products becoming available under the janitorial offering, we will offer quarterly branded mini catalogs specifically for U.S. Communities customers along with monthly specials.

Additionally we are partnering with our Home Depot Pro division to attend a minimum of 5 major Public Agency targeted tradeshow annually where we can showcase our Janitorial and custodial product offering along with our MRO offering.

2. Explain how your company will educate its national sales force about the Master Agreement.

The SupplyWorks national sales force would receive specific training (Launch Kits) outlining the details of the new U.S Communities Master Agreement, its members and specific target accounts. This training will be continually refined based upon our long-standing contractual relationships under the US Communities umbrella. Senior Management that has been assigned to the U.S. Communities program will be regularly involved with training of the sales force and will always be available to answer questions relating to the contract offering, contract details, program details, etc. Additionally, we

will coordinate on a regional basis with the U.S. Communities Program Managers on providing localized training and expertise, so that our sales force can effectively recruit new agencies for the U.S. Communities program.

3. Explain how your company will market and transition the Master Agreement into the primary offering to Participating Public Agencies.

SupplyWorks has extensive expertise in the development and launch of National Cooperative purchasing programs under US Communities. We will specifically meet with our senior management assigned to the U.S. Communities program to develop a custom launch kit for US Communities members. We will schedule regional Meetings with the front line managers to train and equip our sales force to be effective in marketing and promoting products to State and local government agencies nationwide. Our senior management team assigned to the U.S. Communities program will be heavily involved with the ongoing development and growth of the Master Agreement to Public Agencies Nationwide.

Products, Services and Solutions

1. Provide a description of the Products, Services, and Solutions to be provided by the major product category set forth in Introduction and Background Overview, Section 4, General Definition of Products and Services of the RFP. The primary objective is for each Supplier to provide its complete product, service and solutions offering so that Participating Public Agencies may order a range of products as appropriate for their needs.

SupplyWorks, a Home Depot company, is the leading national provider of integrated facility maintenance solutions. Our smart solutions and unparalleled expertise advance the performance, image, safety, health, and sustainability of facilities throughout the United States.

SupplyWorks provides a wide array of brand names from recognized industry leaders you know and trust like Diversey, Gojo, 3M, Rubbermaid, Kimberly Clark, Georgia Pacific, Advance Machine, Karcher/Windsor and many, many others.

With more than 140,000 (10,000 Janitorial and Custodial products) well recognized name brand quality products available online and ready to order we supply a full spectrum of facility maintenance products, ranging from:

- Commercial Grade Cleaning Chemicals
- Commercial Grade Cleaning Tools
- Commercial Grade Cleaning Equipment
- Commercial Grade Trash Can Liners
- Roll Towels, Folded Towels, Facial and Sanitary Tissue
- Safety and PPE Supplies
- Entrance Way, Safety and Fatigue Matting

In addition to our wide array of national brands, our exclusive brands provide exceptional value on the industry's leading products with best-in-class manufacturer

partnerships that deliver high-quality exclusive brand product lines that are designed to stretch your budget, reduce your labor costs, enhance the health, safety and sustainability of your facility, and improve your bottom line.

We've worked with manufacturers and incorporated customer feedback into our product designs to create products that meet your demands for durability, dependability, and value. We offer more than 1,000 exclusive brand items—or more than 1,000 ways for you to reduce your product supply expenditures. Exclusive brands in partnership with The Home Depot include Renown®, HDX®, Appeal® and Rigid®.

2. State your normal delivery time (in days) and any options for expediting delivery.

SupplyWorks normal delivery time for 98% of the U.S. population is next day for stocked items. We will deliver to most U.S. location within 3 days with our IBI fleet of vehicles. For remote delivery locations, we will use the most efficient 3rd party service provider to meet the customer requirements. If a customer needs expedited delivery our sales staff and customer service team can offer expedited delivery as needed via several different avenues. Our staff understands that products may be needed in an emergency and we will work with our customers on the best approach to get the products to customers.

3. State backorder policy. Do you fill or kill order and require Participating Public Agency to reorder if an item is backordered.

SupplyWorks has a flexible backorder policy and it can be managed to fit the customers' needs. We can fill or kill backorders based on the agency requirements. We also offer a ship complete feature that holds order until all line items are available to ship at one time. Our local sales force can work closely with the agency contacts to determine the best process for handling backorders on orders, substitute products, etc., and we can set up the customer account accordingly.

4. State restocking fees and procedures for returning products.

SupplyWorks will accept returns on all stocked items within 90 days of invoice date. The product must be in sellable condition and original packaging. In some cases restocking charges may apply for non-stocked items and are generally specific to the manufacturer of the product.

To return products contact customer service or your sales representative. In order to expedite the process it is recommended but not required to have the sales order or invoice, item number and quantity to be returned. Our Customer service reps have the

ability to look up this information and assist the customer. The customer will be given a return authorization and the items can be picked up on the next available delivery date. A credit memo will then be issued to the customer once the product is returned to the warehouse.

5. Specify guaranteed fill rate by product category specified in Section 4, General Definition of Products and/or Services.

SupplyWorks stocks over 130,000 SKUs in our various distribution centers across the United States. Of these SKUs, over 10,000 SKUs are janitorial or custodial products. We stock items manufactured by key manufacturers in the industry along with our exclusive brands of products known as Renown and Appeal. We are consistently bringing new items into stock in our warehouses as manufacturers introduce new items to the market.

Our warehouses are equipped to stock commonly purchased SKUs to ensure high and consistent fill rates for our customers' orders. Our local sales force will work collaboratively with agencies to determine the product mix that will be ordered regularly and will then coordinate weekly/monthly demands of those items to ensure product is on hand for a specific customer when needed. We have the resources to allocate and hold product for a specific customer based upon those pre-determined demands.

SupplyWorks is known for delivering a high level of customer service with industry leading fill rates for our customers nationally.

6. Describe any special programs that your company offers that will improve customers' ability to access products, on-time delivery, or other innovative strategies.

With several innovative tools at our fingertips and knowledgeable associates; our staff is able to work closely with agencies to implement customized solutions to help Public Agencies streamline order processes. Our sales professionals will be proactive with presenting customized options and introducing programs to help and assist customers with their daily tasks. All of these options can be bundled together, or can be used independently, as a way to access products and improve procurement strategies.

Some of our key programs include:

- Our SupplyWorks InSite for Education Platform - to help manage training of staff members to make buildings cleaner and healthier
- Our SupplyWorks StockWise program - to help manage and maintain inventory at locations.

SUPPLYWORKS IN-SITE FOR ED PLATFORM

SupplyWorks will provide qualifying U.S. Communities Participating Agencies access to **SupplyWorks In-Site for ED**. In-Site for ED is a proprietary cost-management solution designed to enhance the health and safety of school buildings and reduce total operating cost. In-Site for Ed has a proven track record of making facilities more efficient, healthier and greener.

Results through this platform are achieved thru a six step process:

- 1) Site Assessment
- 2) Benchmark & Analysis
- 3) Plan Implementation
- 4) Staff Training
- 5) Cleaning Performance Index Tool
- 6) Building & Staff Certification

Below are the key components of the InSite for Education Platform that can be implemented for participating Agencies. Additional details of this program are outlined in questions # 8-10 below.

- **In-Site Assessment Tool**

The primary purpose of the data-base driven In-Site Assessment Tool is to improve operation effectiveness. Accessing In-Site's cloud based application thru the platform website, Supplyworks professionals benchmark and score the key elements that make a cleaning program successful as both client and SupplyWorks rep respond to the information it provides.

- **Benchmark & Analysis**

Our thorough site-assessments uncover actionable data we use address our client's needs. Our In-Site expert will use this information to develop a detailed analysis for our client to consider.

- **In-Site Ed K-12 Labor Analysis App**

Establishes building and district workload averages per custodian FTE based on square feet and enrollment and compares to national average. The app also provides important detail on how equitable labor is being distributed throughout the district.

- **Plan Development and Implementation**

• Staff Development & Training

We provide professional staff training on proper cleaning procedures and materials used throughout the facility. Cleaning process training is conducted to improve staff productivity and safety of all facility occupants. Training programs are available in the classroom through online videos and testing or customized on-site hands on training.

• Cleaning Performance Index Tool

The Cleaning Performance Index (CPI) tool provides clients an opportunity to design their own custom cleaning performance audit that is Internet based. The easy-to-use CPI tool gives you a choice of room types, as well as the ability to rename the individual spaces and select from a list of callouts. The audit provides the inspector a means to record the level of performance.

It also provides the inspector the opportunity to add notes and point-and-click picture taking. The audits roll up into graphic reports that track results in each building and by building group.

The Cleaning Performance Index Tool creates summary reports that clients can export and analyze in MS Excel. Clients can review and print their results based on the location and timeline of their choosing.

- **Staff & Building Certification**

Together, information is acted upon, leading to SupplyWorks In-Site certification (gold, platinum, and diamond) for buildings. Individual certificates can be provided to staff member who complete training courses.

STOCKWISE INVENTORY SOLUTIONS

SupplyWorks offers a variety of inventory management solutions through the StockWise™ Program. Our StockWise Inventory Solutions provide customers with customized solutions that allow for a better managed inventory, improved productivity and reduction in overall costs. These solutions can be implemented for Participating Public Agencies at many different levels depending on the needs of customers. We can offer something as simple as bin labels to help organize custodial closets or more advanced inventory tools involving scanning and software to help track and monitor inventory. These options are explained and detailed below in question # 11.

7. Describe the capacity of your company to broaden the scope of the contract and keep the product offerings current and ensure the latest products, standards, and technology for Cleaning Supplies, Equipment, and Custodial Related Products Services and Solutions.

Interline Brands has a new product committee that is continually looking for the newest and most compelling technologies that will bring value to our customers. We have added 30,000 SKUs in the last two years. We meet regularly with our field sales force to understand the challenges customers' face, products they've discovered, and solutions they've developed. This information is reviewed by committee and best practices are rapidly communicated across the organization.

New, existing and potential new vendors attend our Annual Partners Conference every August in Orlando. This conference is attended by nearly 1/3 of our sales force and their

feedback is critical in deciding which new products we carry. Every January we have two national roll-out meetings where this is repeated. Additionally many of our sales leaders join the merchants at large annual trade shows such as the Hardware Show, the ISSA Show and the Safety Show where they learn about new products and innovations that can potentially be added to our product offering.

Perhaps an even great impact is from The Home Depot as we begin to add thousands of SKU's from their offering and key manufacturer partners into our facilities.

- 8. Describe your firm's ability to provide on-line training for those using the products you sell, such as training around Restroom Care, Equipment Care, Economical Use of Chemicals, Safety Procedures in the Use of Equipment and Chemicals, etc.. Please list the topics you are able to offer.**

Our SupplyWorks InSite for Education program that was highlighted above offers a comprehensive curriculum including web based training modules backed by major manufacturers in the industry to promote professional staff development for staff members. We understand the importance of consistent training for all staff-members and the SupplyWorks InSite program helps ensure that all staff members are being trained to follow the same procedures and measures.

The SupplyWorks InSite program offers over 70 bilingual training modules, as well as a testing component that provides the administrator a record that training was provided and understood.

Topics included in the online training courses include but are not limited to:

Bloodborne Pathogen	Haz Com
Cleaning Disinfection	Restroom Cleaning
Daily Office Cleaning	Tile & Grout Cleaning
Equipment	Trashing
Floor Care	Vacuuming Procedures

And many more!

In addition to our online training videos available through the InSite for Education program, our experienced sales reps and manufacturer partners can provide on-site training focusing on proper cleaning procedures and materials that are used throughout the facility. This training will improve overall staff productivity and help provide a safe and clean environment for staff members and students/visitors. These training sessions can be customized to fit the needs of the staff can be performed at individual locations or larger district wide events.

The dedicated SupplyWorks Sales Representative can work with participating public agencies to help design and implement a program that will be most effective for the type of agency and staff size.

9. Describe your firm's ability to provide real-time reporting to track the training of individuals enrolled in any training programs offered.

Our SupplyWorks Insite program offers tools to help implement consistent cleaning procedures. As noted above, training can be completed through online videos or hands on training classes and events. Training videos are followed by a quiz that helps ensure the user not only watched the video, but that they understood the video. Once a staff member has completed a training course a designated administrator will receive an email notification that the user passed the course. In addition, our InSite website hosts a dashboard that will list all users and the quizzes that have been taken and passed by each user.

In addition to the online test tracking, our SupplyWorks team can provide certificates for users acknowledging that users were present and attending training events.

10. Does your firm have an online, customizable building cleaning tracking and reporting capability? If yes, please describe this tool.

SupplyWorks recently launched a new cleaning audit tool that can be used to track the cleanliness of a building. The Cleaning Performance Index (CPI) tool provides clients an opportunity to design their own custom cleaning performance audit that is Internet based. The easy-to-use CPI tool gives you a choice of room types, as well as the ability to rename the individual spaces and select from a list of callouts to determine which areas need improvement.

The audit provides the inspector a means to record the level of performance. It also provides the inspector the opportunity to add notes and point-and-click picture taking. The audits roll up into graphic reports that track results in each building and by building group.

This Cleaning Performance Index tool includes summary reports that can be generated and reviewed to help analyze and monitor results based upon location or timeline.

Having quick and easy access to these reports, allow administrators to review and determine which areas need improvement and potentially implement additional training for staff members, helping establish continuous improvement and safe environments.

- 11. Does your firm offer an inventory management solution? If so, please provide a detailed description of the solution and the implementation process for a public agency. Please detail the cost of such a solution.**

Interline Brands offers a variety of inventory management solutions through the StockWise™ Program which provides customers customized solutions that allow for a better managed inventory, improved productivity and reduction in overall costs. These programs can be customized and tailored to fit the specific needs and goals of an

agency. Our SupplyWorks Account Executives and StockWise™ Managers would be available to help agencies select and implement the best solution. Below is an overview of the various solutions available.

Shop Management Program (SMP) - The SMP is a StockWise™ Solution that fits any size stock room. The solution focuses on organization of the inventory and can be facilitated through a customized racking order to full scale, project-based layout and installation. The SMP solution includes racking, bins, bin labels and custom catalog. Racking and bin options are determined by customer and could include color coding by product category. Consignment of product is also an option within the SMP. Management of the inventory in a Shop Management Program can be done in a variety of ways to include:

- Customer managed- After IBI sets up the shop, the customer manages their inventory utilizing a variety of tools ranging from manual to the IBI Mobile App or Supplyware.
- IBI managed- Sales Representative assists in the inventory process. Customer and Sales Rep agree upon frequency and responsibilities.
- Supplyware- Customer manages inventory through the Supplyware software program.

Vendor Managed Inventory (VMI) – The VMI option is a StockWise™ Solution that provides an onsite employee dedicated to a customer's inventory needs. IBI can implement a complete inventory management program from installing infrastructure to staffing. Consignment of inventory and product sourcing may be components of the VMI Program. Spend requirements and/or service fees may be required for the VMI.

Consignment/Pre-positioned Inventory (PPI) – Consignment is an option within both the Shop Management and Vendor Managed Inventory programs. Consignment can also be offered outside of these programs for "bigger ticket", frequently purchased items. The Consignment program allows you to increase your inventory on hand and not be invoiced until time of use and reorder.

Supplyware – Supplyware is a software program which allows the customer to control inventory in real time and automate ordering, cycle counts and replenishments. Supplyware utilizes barcode scanning technology at time of use resulting in tighter control of inventory and reduction of shrink. Supplyware can accompany a StockWise™ program or act as a stand-alone software solution.

In addition to these inventory management solutions outlined above, our sales professionals are known for creating and implementing solutions for streamline

ordering, receiving of products and inventory management. Our sales professionals can work closely with public agencies to determine strategies to improve and streamline their daily processes. With our robust online ordering site and support of over 4,000 employees, our sales professionals can work within our departments to offer customized solutions that can benefit an agency.

One example of a simple but effective solution that our staff can implement is our Bin Label feature. Through our online ordering site, SupplyWorks offers a quick and easy tool to keep bins and shelves more organized, track inventory levels and ensure that products are always on hand when needed.

Customers can select items from our thousands of available products and print labels to use on shelves and bins. These labels can be printed on various sizes of Avery labels depending on the shelf size being used in a facility.

Bin Label Printer

Keep your products more organized in bins, shelves, and drawers with adhesive labels you can print from your desk. Our "Bin Labels" feature allows you to print labels on your choice of three standard sizes, all of which are readily available at your local store.

To add more items to your Bin Label Printer, click on the "Add Item" button to the desired item(s) on search results, product detail pages, source/order history, and other options. You can also add items from a "Wishlist" directly to your Bin Label Printer by selecting the desired items and clicking the "Add" icon at the top of your list.

Please Note: The 2" x 2-5/8" label is no longer available for the end of 2016. If you have any questions or comments, please contact your account manager.

These labels will contain item number, product images, barcodes for easy ordering through our Mobile App, and even min and max levels for easy inventory management.

Our sales professionals can assist the agency with organizing the stock room and implementing these labels for a cleaner and more organized stock room.

12. Describe any equipment leasing programs or financing options for equipment purchases offered by your company.

Government at all levels including State, County and Local face unprecedented demand for equipment at a time when revenue short falls and budget cutbacks are the norm rather than the expectation. SupplyWorks has extensive experience when dealing with Government agencies that are seeking Municipal Financing program options for their equipment needs.

We currently work with two different Leasing Companies that offer a Municipal Financing programs, giving our Participating Agencies a competitive advantage when seeking finance rates.

It's common in the Leasing Industry to "Sell the Payment" which often leads to payments based off a higher List Price but with SupplyWorks we have negotiated with vendors to quote payments based off of our already discounted, lower U.S. Communities pricing. This results in significantly lower monthly payments. Other features of our SupplyWorks Municipal Leasing Program include the following benefits to Participating Agencies:

- Ability to obtain new labor-saving equipment and pay for it as it is being used.
- Bridge the gap between the equipment needed now and budget money currently available.
- Leases are not considered debt and are not subject to limitations placed on debt.
- Municipal lease financing does not require voter approval or time consuming bond election.
- Own equipment for \$1 at the end of the lease.

- Includes a "Non-Appropriations" clause that allows termination of the lease without penalty. Leases represent a year-to-year commitment on the part of a municipality to make lease payments. If for some reason the funds are not approved for a new budget cycle, you have no obligation.

SupplyWorks will make available two competitive links for Participating Agencies to receive up to the date current Municipal Rate quotes. Your local SupplyWorks sales professional can assist you in obtaining these quotes for you to compare.

Administration

1. Describe your company's normal order processing procedure from point of customer contact through delivery and billing. Additionally please provide the following:
 - a. In what formats to you accept orders (telephone, ecommerce, etc.)?
 - b. Please state if you use a single system or platform for all phases of ordering, processing, delivery and billing.

ORDER PROCESSING

To support our customers, Interline operates support centers throughout the U.S with over 130 experienced customer care representatives that are trained on all product categories and product offerings. This virtual call center model provides advanced routing, staffing, and reporting. Currently, this platform will be upgraded to expand the centers' capabilities to include online chat, instant messaging, and to provide a platform for additional automated customer support services (i.e., IVR and screen pops).

Orders are accepted in a variety of formats: customer service placing orders via our order entry system, special orders, fax, email, website ecommerce, EDI, and punchout cXML web services. Each method of entry utilizes one common set of validation rules contained in our ordering and inventory management platform. This ensures that inventory availability and customer specific pricing are consistent regardless of how the order is placed by the customer.

Inventory Control

Product Managers are responsible for the lifecycle of the product including bringing innovative products to our customers. We utilize a best-of-breed replenishment software solution to manage customer demand by location to ensure high fill rates are met. Interline utilizes state-of-the-art supply chain management software for inventory visibility coming into and moving across our network. Through the use of our product

managers we are able to manage fill rates and ensure product is on hand for customers when product is needed.

Delivery

Interline delivers packages to our customers using our private fleet, parcel, and LTL services. Our fleet of local delivery trucks is outfitted with proof of delivery devices with the ability to track a package from shipping to delivery. We track various delivery milestones that are communicated back to our warehouse management system. This allows us to report delivery status to the customer as needed through our customer service team. We track when packages are placed on a truck for shipment and when packages are delivered. We obtain an electronic customer signature as well as identify any discrepancies in the number of packages delivered versus shipped. This processing also tracks returns. Customers are able to view a proof of delivery on our ecommerce website and on a punch-out.

2. State which forms of ordering allow the use of a procurement card and the accepted banking (credit card) affiliation.

Our customer service staff is able to accept payment via p-card over the phone for all orders that are placed on account. In addition, our e-commerce sites are completely integrated to our pricing and delivery platforms which allows us to accept orders on account, using major credit card payment methods (multiple cards), and p-card (procurement card) payment methods.

3. Describe your company's ecommerce capabilities.

- a. Include details about your company's ability to create punch out sites and accept orders electronically (cXML, OCI, etc.)
- b. Provide detail on where your company has integrated with a public agency's ERP (Oracle, Infor Lawson, SAP, etc.) system in the past and include some details about the resources you have in place to support these integrations. List, by ERP provider, the following information: name of public agency, ERP system used, "go live" date, net sales per calendar year since "go live", and percentage of agency sales being processed through this connection.

Interline Brands offers state-of-the-art e-commerce capabilities to our end-users. We understand that e-commerce tools are not one size fits all, so we have created a technology program that allows us to partner and grow with our customers as we develop and implement technology programs to fit their needs. We can quickly provide a solution because we have architected our web platform to be scalable and flexible to manage the procurement process customers' unique requirements. We accept and process customer orders via a variety of online methods, including:

- Website and mobile app (UPC scanning is supported via mobile app)
- ePro integrations: punch-out and hosted catalogs
- EDI integrations

ONLINE ORDERING – WEB & MOBILE APP

Upon authenticating, the user can view products, contract pricing, and available quantities to ship. Users can search by product keywords, part or manufacturer numbers. Our website uses a state-of-the-art search engine that is configured for the janitorial, plumbing, and maintenance and repair industry. Features such as spelling correction, thesaurus, “did you mean,” and most popular search phrases are embedded into the search engine to make finding an item easy. Users can also narrow their search results by product attributes (example: color, dimensions, type), manufacturer, “green” and other options displayed on the left navigation pane.

Favorite lists are fully supported for our users to have quick and easy access to frequently ordered products. There are several options available when establishing favorites lists including creating a user-specific favorite list, creating a favorite list to be shared across users, and creating a favorite list shared access users and updated by multiple users. Users can also create a dynamic favorites list, which is built automatically based on recent purchases. This feature can also be used to generate a current “usage report” of spending. Your account representative or customer service can assist with the bulk uploading of favorite lists to all user accounts.

While shopping, users can compare up to four items. This allows the user to quickly compare items based on a narrowed item selection process. Buyers can also narrow their search results by selecting the “Show Items Ordered Previously” option. This feature will display products that have been ordered by the account, which makes it easier to find a frequently purchased product.

For users who would like to purchase from their own procurement platform but integrate into our ordering platform, we offer a variety of integration methods.

PUNCHOUT INTEGRATIONS

We support both the hosted catalog solution and punchout integration solutions. The diagram depicted herein shows the roundtrip punchout capabilities. IBI has dedicated staff to onboard partners for single and double punchouts (i.e., round trip). Interline Technology follows the published cXML standard, version 1.2.014 and supports the following punchout processes:

- PunchOutSetupRequest ('Create' Function Only)
- PunchOutSetupResponse (IBI URL Provided for Shopping)
- PunchOutOrderMessage (IBI Shopping Cart Returned for PO Approval)
- OrderRequest (Order Submission to IBI)

We are integrated with 30+ platforms and took \$150MM+ in orders via these channels in 2015. We have integrated with a variety of platforms and portals including DSSI, SCIQuest, SAP, Oracle, Yardi Ariba, Nexus, ePlus, Equal Level and many others.

In addition to the round trip punchout offering, we also have the ability to accept specific cXML calls for real-time pricing and inventory availability. We also offer cXML invoicing.

ELECTRONIC DATA INTERCHANGE (EDI)

Interline offers a variety of methods for integration, including full support of EDI transaction sets. If a hosted catalog is implemented, we accept orders vial EDI. We support the following transaction sets:

- 850 (order)
- 855 (order acknowledgement)
- 856 (advance shipping notice)
- 810 (invoice)
- All accompanying 997 EDI functional acknowledgement transaction sets

- We often implement punchouts with an EDI 810 invoice transmission

Interline Technology supports ANSI EDI, cXML, email, and web based protocols. Interline Technology utilizes SPS Commerce for our EDI mapping and onboarding; however, this is managed through an Interline Technology project leader.

4. Describe any existing multi-state cooperative purchasing programs, including the entity's name(s), contact person(s), contact information, contract term (including contract options) and annual volume by year for each of the last three years.

SupplyWorks currently holds two multi-state cooperative purchasing programs through U.S. Communities. One is the current contract with Fresno Unified School District for **Contract #12-22 for Cleaning Supplies, Equipment and Custodial Related Equipment, Service and Solutions**. We were also recently awarded a contract with Maricopa County for **Contract 16154 - Maintenance, Repair, Operating Supplies, Industrial Supplies, and Related Services**. Our Supplier Manager through U.S. Communities is Scott Wilson.

IBI does not support any other multi-state cooperative purchasing programs.

5. Describe your company's ability to provide customized reports (ie commodity histories, purchase histories by department, green spend, etc.) for each Participating Public Agency.

Interline Brands offers many different types of reporting to help our customers manage their purchases and procurement processes. Through our online site, customers have access to various reports that can be accessed by any user with web credentials to obtain more information on purchase history at any time.

- **Usage Reports** – The Usage report will provide you with detailed information regarding items that have been purchased by an account during a selected date range. This report can be downloaded to excel for easy filtering and sorting. The report includes several levels of detail including ship to information, item number, description, qty, unit price, extended price, total spend, invoice number, invoice date, order date, order number and product category.
- **Green Reports** – this report is similar to the Usage report outlined above but additionally it shows qualifying green products as a % of total purchases or show your total spend on Green products. This report breaks down the green details into the various categories, Green Seal Certified, EcoLogo, Recycled Content, etc.....

- **My Top Products** – This report is a quick snap shot view of products most frequently purchased by your location in the last 12 months. Customers often use this report to build Favorites Lists, Custom Catalogs or build a cart.

In addition to the three reports listed above that can be accessed by our customers, our staff at IBI can provide a customized report to Public Agencies as needed to meet any of their reporting needs.

Environmental

1. **Provide a brief description of any company environmental initiatives, including your company's environmental policies and/or strategies, your investments in being an environmentally preferable product leader, and any resources dedicated to your environmental strategy, including staff.**

Sustainability at Interline Brands and The Home Depot is prevalent in many different formats across all aspects of our business including the products we sell, our daily operations, and our supply chain. We have a longstanding commitment to holding ourselves, our suppliers, and our business partners accountable for sustainable business practices – from our environmental impact, to our sourcing to our involvement within the communities in which we do business.

Our merchants work with our suppliers to develop and review products that save our customers money, create healthier living and reduce environmental impacts. Our Eco Options classification is one of the ways we identify products that have less of an environmental impact than standard products. In 2015, our sales of environmental preferred products exceeded \$8 billion. Our energy savings products reduced U.S. carbon emissions by 3.4 million metric tons from our sales in 2015.

We seek the same sustainability innovation enhancements in our daily operation and supply chain. In 2015, we had an absolute reduction of 315 million kilowatts used in our daily operations compared to 2013. This significant reduction was the result of years of design and equipment improvement. In 2015, we reduced our Scope 2 carbon emissions by 135,673 metric tons compared to 2013. Through the leadership in our facility operations, we set new energy reduction goals for 2020 and announced our commitment for renewable energy goals.

Our supply chain transformation has provided a healthy reduction of fossil fuel carbon emissions from combustible engines. These savings were recognized by the EPA through their 2013-2014 and 2015 SmartWay Excellence award.

Whether through the products we sell that help our customers save money and promote sustainable building solutions, or through the way we continue to reduce our environmental impact we strive to do what is right. And as an industry leader we believe the right thing should not be a mere goal but instead a guiding principle for every aspect of our business.

- 2. Describe your company's process for defining, verifying, and labeling green/sustainable products and services in your offering. Explain how you help public agencies navigate toward the green products in your offering through website filters, keyword searches, displaying eco-logos, etc.**

For a product to be classified and labeled Eco-option product, the supplier has to present a detailed third-party report illustrating the environmental attributes of the product that provides it has less of impact on the environment than others. These can be multi-criteria labels, which compare products with others in the same category on a number of impacts throughout their lifecycle, or single issue labels which refer to a specific environmental or social characteristic of a product, such as sustainable forestry. These labels are most useful in conveying 3rd-party verified information on sustainability in a simple way and provide transparency which enables consumers to make informed choices.

Promoting sustainable consumption to public agencies is realized through website filters, keyword searches and the display of third-party logos as they verified information on sustainability in a simple way and provide transparency, which enables consumers to make informed choices. Our website uses a state-of-the-art search engine that public agencies can utilize narrow their search results by "green" displayed on the left navigation pane. Our Green Products Reporting Web tool allows public agencies to see what percentage of their spend is classified as a green purchases.

For more on Green Products visit our "Easy Being Green" link at:
www.supplyworks.com/Info/EasyBeingGreen

- 3. Please indicate if you have any products in your offering that have any third-party environmental certifications, such as:**
- a) Biodegradable Products Institute (e.g., compostable bags, food service ware, etc.)
 - b) Consortium for Energy Efficiency (lamps)
 - c) Cradle to Cradle (e.g., building materials, construction adhesives, paint)
 - d) Design Lights Consortium (e.g., LED lighting equipment)
 - e) ENERGY STAR (e.g., appliances, HVAC and lighting equipment)

- f) Green Seal (e.g., cleaners, hand soap, janitorial paper products, paint)
- g) Master Painters Institute (MPI) Green Performance Standard (paints and coatings)
- h) NEMA Premium Efficiency (e.g., motors, ballasts)
- i) Scientific Certification Systems (SCS) FloorScore (e.g., carpet, flooring, flooring adhesives, underlayment, etc.)
- j) Scientific Certification Systems (SCS) Indoor Advantage (building materials, furniture, etc.)
- k) UL GREENGUARD (adhesives, flooring, insulation, sealants, etc.);
- l) UL EcoLogo (cleaners, deodorizers, hand soaps and sanitizers, floor polish and strippers, etc.)
- m) USDA Biobased (lubricants, building materials, etc.)
- n) US EPA Safer Choice (cleaners, hand soaps, deicers, floor maintenance chemicals)
- o) WaterSense (water efficient fixtures, toilets, etc.)

At SupplyWorks we understand that sustainable products and practices lead to sustainable business. We strive to be a leader in offering sustainable solutions and innovative products for our customers.

We carry products that have ratings in all of the above categories.

We have submitted a listing of products that hold a green certification in our attached Cost Proposal. In addition, Participating Public Agencies can see which products hold a green certification when they shop on our online site. If a product holds a certification from one of the above agencies, the item would be labeled as a green product on our online site.

4. **Describe your company's recycling services. Describe any buy back or take back options offered for products sold on this contract such as batteries, mercury-containing equipment, paint, chemicals, etc. Describe your company's efforts to reduce or reuse packaging (or avoid difficult-to-recycle packaging such as polystyrene foam) and minimize the environmental footprint in the shipping process.**

We do not have any buy back or take back options for items purchased through this contract at this time. We do have an internal national program with Stericycle, a leading certified national waste management company to properly collect and recycle hazmat products described above.

We are continuously working with our manufacturing partners to create and bring new products and packaging to market that is sustainable, reduces or allows for reuse.

Examples include super concentrated chemicals that eliminate costly shipping of water, biodegradable can liners and compostable food service products that help eliminate the need for Styrofoam. Many of our institutional paper products are now being packaged in recyclable plastic film which reduces packaging 75% and allows more paper to be added to each roll.

5. What percentage of your offering is environmentally preferable and what are your plans to improve this offering?

As of September 6, 2016 we have 5452 SKU's that have a third party certification on our website. This accounts for approximately 5% of our total offering. Of our Top 800 active SKU's (sales volume) the percentage of third party environmental certifications is just over 25%.

STATEMENT OF QUALIFICATIONS

a. Organizational and Staff Experience – Proposers must describe their qualifications and experience to perform the work described in this Request for Proposal. Information about experience should include direct experience with the specific subject matter.

As a company we have a tenured team who has successfully managed complex, multi layered relationships with national scope. For that reason we have developed systems that allow us to execute well in this environment. We have included the resumes of our sales leadership team that will be leading this program. Several have extensive experience working successfully with direct government and cooperative purchasing alliances as well as government contracting entities. Both John Pettinelli and Becky Newell who are leading this effort have extensive experience in government cooperative sales.

The Government Coop team experience includes:

- Direct program management with a national cooperative
- Sales management and negotiations.
- Successful negotiation and implementation of cooperatives
- Program development and training for entire sales teams.
- Successful implementing and execution of launch plans.
- Success integrating and strengthening our government cooperatives by merging many of our value- added programs into the offering, including our In-Site™, StockWise™ and e-commerce programs.
- Unparalleled success delivering record sales growth within our current national cooperative program.

In review of our qualifications we can look at our functional teams.

Sales Representatives: The average tenure of our more than 1,000 sales professionals across the US is 14 years. They receive monthly trainings in all areas covered in the scope of this agreement in addition to regular product knowledge training. Our Sales professionals are very experienced working through cooperative agreements and well versed on how pricing is managed and reporting needs and responsibilities. This represents a significant portion of our sales and therefore critical to be successful over long periods of time. They provide the plan and implement the training programs, perform site audits, and program recommendations that result. They coordinate with their sales managers to ensure program compliance with the Master Agreement.

Below is a listing of Sales Pro training webinars that our sales force has participated in year to date:

Additionally, our sales force attends regular training classes on how to effectively sell programs to customers through our **Sales Force Excellence (SFE)** program. This program affords all IBI sales representatives professional advancement in selling skills beyond product selling alone. This is excellent training when program selling and lends itself well to Government Coop sales.

The primary focus of SFE is to align the field and office based sales teams around a value added, solutions based sales methodology designed to become the standard sales process used throughout the organization. In addition, a coaching model has been implemented with leadership to ensure the entire organization continuously improves. This commitment to coaching enables leaders to engage their teams in a continuous, consistent manner and to build their team's skillsets in ways that make them more valuable to themselves, customers, and the organization.

In addition to Solution Selling, the following are small sample of the Professional Development Courses offered:

Coaching for Performance (2 days): Designed for Sales Managers, this program helps them train their sales professionals to gain a competitive advantage using an effective, structured coaching approach that taps their salespeople's potential and leads to improved performance and fulfillment.

Objection Resolution (90 minutes): A four stage process to help a sales professional continue an effective business engagement when encountering objections.

Questioning (90 minutes): An interactive instructor led workshop to help sales professionals ask probing questions to gain relevance by facilitating a conversational flow that clarifies the customer needs or problems.

Presentation Skills (2 hours): A course provided to help the participant learn to design, develop, and deliver impactful presentations.

Effective Email (60 minutes)

Customer Service: Our CSRs are trained to provide exception sales service across the core planks of our customer service culture.

- Exceeding Expectations Everyday
- Building Customer Delight/Loyalty
- Being Easy to Do Business With
- First Call Resolution
- Ownership of Issue

They are trained on proper call management for customer satisfaction. They receive product training and are fully trained on our system which enables them with all critical information to execute for customer effectively. They have remote headsets that allow them to communicate with the customer if required to be mobile to solve the issue or engage another associate. They are linked to our transportation system so they have real time access to our transportation team which allows them to relay real time information on when where their delivery is that minute.

Below are some key informational customer service operational facts:

2015 Key Operational Facts:	
Customer Contacts (Total)	1,888,886
o Inbound Calls	
o Fax	
o Emails	
Calls Handled:	1,308,573
Fax & Email Contacts:	580,313
Orders Entered	1,277,811
Potential Booked Revenue	\$565,455,000

Program Management - Program Management of this contract will be headed up by Scott Matthews and John Pettinelli; with support from Becky Newell (resumes included).

Responsibilities include coordinating the updating of the system and web development with our IT team (the framework is already developed and fully functional with our existing U.S. Communities contract). Becky Newell will work with the CSR support staff to upload and manage the pricing and discount structure in the ERP system.

Scott and John will be the leads to ensure we meet the program timeline objectives and be the Key contact for US Communities national team. They will coordinate the connection of the regional teams of both organizations and be the spokesperson as we roll it out to the sales teams. They will coordinate with Jeff French to ensure the team is versed in the master agreement when we launch. They will coordinate all business reviews regarding the Master Agreement.

In Summary at the Agency level the primary contacts for the Agency will be the sales representative and the customer service representative. The sales manager and customer service supervisor will be points of escalation for local issues. And the Sales leadership team will be the 2nd level of escalation point for local issues.

U.S. COMMUNITIES ADMINISTRATIVE AGREEMENT - EXECUTED

SupplyWorks

1. Can you further clarify the Home Depot/SupplyWorks relationship and the “one account” method?

SupplyWorks is the wholesale division of The Home Depot. The ProPurchase program allows SupplyWorks customers to shop at the Home Depot and purchase products and services using your SupplyWorks credit account for payment. At checkout, simply swipe your ProPurchase card to complete your transaction. You will have visibility to all of your purchase transactions in store and with SupplyWorks. Electronic receipts for store purchases will be emailed to a designated address and will also be detailed on your SupplyWorks invoice. With multiple SupplyWorks summary invoice options, the ProPurchase card can help streamline invoice reconciliation for users. Additionally, multiple cards can be set up for an account to help differentiate purchases by user, department, location, etc....

2. How does the proposed pricing compare to that currently available through the contract with FUSD?

Pricing is closely aligned with pricing as it appears today on the current contract 12-22 while taking into account that this pricing is valid beginning in January of 2018. Every attempt will be made to hold that pricing for one year.

Attachment C Discounts are based on discounts off of the SupplyWorks Everyday Low Price that appear in our online catalog. These are not MSRP or List prices. The SupplyWorks discounts submitted reflect additional discounts off of these Every Day Low Prices.

Attachment C Discounts are minimum discounts by category. As we continue to refine our Every Day Low Prices your minimum discount will not change even if our prices go down.

The Market Basket pricing and discounts shown reflect our best pricing which often is deeper than the minimum discount offered. Where manufacturers offer us additional price concessions based on U.S. Communities aggregate spend we are able to pass those savings on. As an example, Vendor D might offer a competitive discount overall of 15% but on a specific category like floor care (example) they offer 20%. On those items we extend the savings and offer a deeper discount than the percentage we list in Attachment C.

3. In the Price List submitted by SupplyWorks, can you provide this in Excel format as well?
Can SupplyWorks also add two (2) additional columns – one showing the proposed minimum discount and another for the Manufacturer Product Number?

We can provide that information assuming it will be kept confidential. Please see attached file.

4. Please provide clarification and explanation for the Everyday Low Price (EDLP) methodology.
How would an agency be able to audit the EDLP pricing at any given time?

As you may recall in late 2015 SupplyWorks responded to market conditions and adopted a new online pricing strategy to compete more favorably with the online marketers and retailers. We eliminated MSRP and “List” prices in favor of a pre-discounted Everyday Low Price model. The proposed Pricing Discounts will be based off our Online Catalog. An Agency would be able to

audit the EDLP by logging in and searching an item. See the example below, with an EDLP lined out and U.S. Communities price clearly marked.

5. RFP #17-21 General Information, Section 3.3, Page 30 states that price adjustments must be submitted 60 days prior to Contract annual anniversary date. In your pricing proposal (Attachment B) you indicated that "SupplyWorks will make every effort to minimize any price changes and make our best effort to submit changes twice per year". Please clarify your exception to the specification in the original solicitation.

This was the method of handling price increases for the previous contract 12-22 and it was very beneficial for the U.S. Communities Agencies. Price increases were kept to a minimum often exceeding 18 months. If we were required to only raise prices once per year at a set date we would have to ask manufacturers to project increases well into the future. The assumption is most would request increases at a higher rate based on holding prices for a longer period. Some of the more volatile categories such as paper and liners could see larger increases.

6. Please clarify who the Primary Contact for this contract would be, if awarded?

John Pettinelli

7. On page 13 you indicate that sales to all Public Sector markets decreased dramatically in 2016. What was the cause of this decrease?

The Home Depot made a business decision to exit the Federal Government market resulting in a decrease in revenue in the Public Sector. Business in the Public Sector under U.S. Communities rose significantly.

8. On page 13 of your proposal you list approximately \$40M in sales to states, but there are no states listed in your top 10 customers. Are these sales via State-held contracts? If so, which States hold these contracts? Have you had discussions with these states about transitioning to U.S. Communities in the past?

State Contracts account for the majority of the sales listed under STATE.

States that we currently have contracts with are listed below.

Alabama	Kansas	Ohio
Colorado	Nebraska	Tennessee
Hawaii	New York	Washington
Iowa		

In the majority of cases we have attempted conversations with the states about transitioning to U.S Communities.

9. Of the top public agency customers you list on page 14 of your proposal, DFW International Airport is not using the current U.S. Communities contract. What contract are they using? Have conversations been had with them about transitioning to USC in the past? DFW currently utilizes a public bid process to procure their janitorial and custodial products. We have discussed USC in the past and will revisit this with the customer.

10. What products are offered under the In-Site for Ed Program?
We offer our entire product offering under the In-Site for Ed Program. In-Site service and solutions include benchmarking, best practice training, detailed written procedures and access to cleaning and audit tools. With all of these tools combined, the In-Site for Ed program is designed to help streamline processes and procedures for cleaner, safer, and healthier buildings.

11. Who is a "qualifying customer" for In-Site for Ed Program?
Any member of U.S. Communities can access the In-Site for Ed Program if they agree to the negotiated spend and product mix requirements.

12. Is there a charge for the In-Site for Ed Program? If so, please provide a price breakdown.
There is no fee associated with the In-Site for Ed Program. These programs can be customized and tailored to fit the specific needs and goals of an agency. Our SupplyWorks Account Executives would be available to help agencies select and implement the best solution and discuss spend requirements and product mix.

13. On page 30 of your proposal, you indicate there is a "Stockwise Program" available?
IBI offers a variety of inventory management solutions through the StockWise™ Program. StockWise™ provides customers with customized solutions that allow for a better managed inventory, improved productivity and reduction in overall costs. These programs can be customized and tailored to fit the specific needs and goals of an agency. Our IBI Account Executives and StockWise™ Managers would be available to help agencies select and implement the best solution.

Is this program or options under the Stockwise Program free to PPAs?
Most of the StockWise programs have no additional charges. The VMI is a StockWise™ Solution that provides an onsite employee dedicated to a customer's inventory needs. IBI can implement a complete inventory management program from installing infrastructure to staffing. Consignment of inventory and product sourcing may be components of the VMI Program. Spend requirements and/or service fees may be required for the VMI.

Is there a minimum time commitment to utilize the racking system?
The Shop Management Program is a partnership between SupplyWorks and the PPA. Each installation is on a case by case basis. The SupplyWorks Account Executives and the PPA would agree upon spend requirements and product mix as well as order frequency and inventory management responsibilities.

14. On page 35 of your proposal, you indicate there is training available? Is this program free to PPAs?

Yes, SupplyWorks offers a variety of training to Participating Public Agencies including training through videos, hands-on training by the local account executive, and training by the manufacturer reps. There are no additional costs or fees associated with the training.

15. On page 37 of your proposal, you indicate there is a cleaning and audit tool available? Is this program free to PPAs?

There is no cost associated with the cleaning and audit tool (CPI tool). This tool (CPI tool) is a component of our In-Site for Education program. Access to the InSite for Education program is a free to PPAs that commit to SupplyWorks as outlined above.

16. Does the Stericycle Waste Management program you mention on page 51 have a cost to PPAs?

The Stericycle Waste Management program that is detailed on page 51 is a program that is currently implemented internally on our end. This program is not available to customers at this time.

Additional information requested on conference call.

Can SupplyWorks provide the details of the Everyday Low Pricing if needed for an audit?

Yes, We are able to provide the details and pricing history of any item as requested along with the dates of the price changes. See below for an example of the details that can be provided upon request.

USN	Brand SKU Nbr	List price	Eff date	Exp date

Negotiation issues for RFP #17-21

1. I was requested to have the ability to search online for invoices through multiple accounts and also to have admin rights for a couple of select users to be able to add and remove our own users as staff changes.

Through the SupplyWorks ecommerce site, we can set up key personnel as Administrators with the ability to add, remove and adjust users to various locations. The Administrators would have access to this functionality in the Administration section of their account dashboard. See below for a screen shot showing the options.

Currently, our ecommerce site does not have the functionality to search for invoices through multiple accounts. Users do have access to view invoices, PODs, and invoice detail at the account level. A user can also search an invoice under a specific account once they know which SupplyWorks account the invoice is associated with. SupplyWorks can provide various reports to users which can help users identify which account an invoice is associated with to make reconciliation easy.

2. One of the members had interest in adding the chemical free cleaning and disinfecting solutions provided by John Shanahan with GenEon. Can that be added to the assortment?

We have contacted our SupplyWorks VP of Merchandising and opened this topic for discussion. Additionally we have reached out to GenEon and John Shanahan directly. John Pettinelli has collaborated previously with John Shanahan before at Tennant and Minuteman. We will make a Good Faith effort to discuss if a partnership is a viable alternative. We can also offer the public agency member some alternative information such as the new Clorox 360 disinfection system.

3. For the Vendor Managed Inventory Program you stated that costs would be negotiated, but can you define some general pricing parameters such as minimum spend?

Please see below for the details of the various options of the Vendor Managed inventory program.

Financial parameters for various SupplyWorks inventory management programs:

Vendor Managed Inventory SupplyWorks Sales Professional Managed.

Details- SupplyWorks Sales Professional assists customer in management of inventory to include; providing and labeling of product storage racks and bins, organization, weekly inventory audits, quarterly reporting.

Qualifier- Annual spend of \$100,000 with Supplywoks products, may be combined Jan/San and MRO.

Vendor Managed Inventory Full Time SupplyWorks Associate On-Site

Details- SupplyWorks provides a full-time employee focused on managing inventory and the replenishment process exclusively for the customer at a single site. This would not include cost or labor to ship products to remote sites or buildings.

Qualifier- Annual spend of \$1,000,000 with Supplyworks, may be combined Jan/San and MRO. .

Shop Management Program

Details- SupplyWorks provides necessary organization for products being purchased from SupplyWorks. Including but not limited to: shelving, racking, bins, bin labels.

Qualifier- Annual spend of \$250,000 with Supplyworks, may be combined Jan/San and MRO.

4. If a customer goes into a Home Depot store and buys a SupplyWorks product, is a rebate still available on that purchase?

Currently the only way to access SupplyWorks products are through a Pilot Program at the Home Depot Pro Desk utilizing a web order process. Those items would be shipped from SupplyWorks and not be eligible for a rebate. Future plans include adding SupplyWorks products to the Home Depot store shelves and those products will be eligible for rebates.

5. Is there any other discounts available such as a prompt pay discount if the customer pays within 30 days or an additional discount for a higher level of volume reached?

The SupplyWorks model for U.S. Communities was the best overall value to the members upfront. Currently every U.S. Communities Participating Agency is granted an instant \$5,000.00 credit limit. Within 48-72 hours that credit limit is review and usually adjusted to a higher amount without SupplyWorks requesting any further information from the Participating Agency. In a Good Faith effort, if a qualified Participating Agency wants to fill out a more detailed Credit Application we will submit it to our Credit Department for a complete review. Upon their approval SupplyWorks would offer that qualified agency up to 1% 10, Net 30 terms. We offer customized invoicing methods including EDI platform options, summary invoicing, ship complete invoicing, detailed GL coding options on the web that can be uploaded into excel and many other options.

We do not currently offer any Bulk Item or Volume level discounts. If the company directions changes we will notify you regarding this options.

6. Can SupplyWorks provide a plan on how they will adhere to the U.S. Communities Supplier Commitments in relation to the SupplyWorks SIPC Cooperative Contract?
 - There have been multiple discussions regarding this cooperative and that SupplyWorks needs to demonstrate the value and lead with U.S. Communities to all agencies in Illinois (including current SIPC customers).
 - How will SupplyWorks enforce this in the field, if awarded a contract?

SIPC is a legacy program that began in Southern Illinois over 20 years ago. At the time it was the only cooperative SupplyWorks had access to and it was expanded outside of Illinois. Below is a list of actions that have been implemented along with further steps to be taken.

- Effective August of 2016 all SIPC accounts outside of Illinois have been transitioned to U.S. Communities. Approximately 3M in spend was transitioned.
- SIPC is not marketed outside of Illinois.
- U.S. Communities sales in Illinois have increased each of the past 4 years and are trending up for 2017.
- Two large K-12 recently were signed on to U.S. Communities
- Last year we provided a list of all K-12 in Illinois for USC to direct market too.
- SIPC's stance is to remain independent and not collaborate with USC.
- The U.S. Communities pricing remains competitive versus the SIPC program.
- SIPC does not have the value added of partnering with Home Depot on a U.S. Communities program or offer any rebates.

We would like to offer to schedule joint meetings with U.S. Communities, the SupplyWorks U.S. Communities team and the three divisions in Illinois. The topics at this meeting would include a complete refresher meeting, updating of the new RFP and thorough discussion of our marketing agreements with U.S. Communities as well as a go to market strategy.
