

Citizens Against Bahia Mar Fiasco

Recipient: Mayor Jack Seiler and City Commissioners McKenzie, Roberts, Rogers and Trantalis

Letter: Greetings,

This plan is unsustainable and incompatible with the Lease's concept of a Marina, Hotel-Resort complex open to the public. Permanent residential use, whether condominium ownership or rental units, was never conceived as a use for this public owned property. Other privately owned sites are available for risk development that do not collide with the Marina-Hotel-Recreation-Resort-Boat Show uses. When this project fails the taxpayers will be facing a monumental financial bailout. The developer will fade back into the Miami sunset.

There are many more reasons why you should JUST SAY NO!

The Leaseholder's Plan will cause IRREPARABLE HARM to this property plus years of litigation and they should be prevented from speculating with our Public Land.
