Pursuant to the City of Fort Lauderdale Ordinance No. C-15-01, Applicant presented the Application (including the land use amendment, rezoning and site plan) to Edgewood Civic Association ("Association"), the only officially recognized civic association located within 300' of the proposed development. All meetings were noticed and communicated through e-mail with the Association's president. Applicant met with the Association's Board on February 28, 2017 at 7:30 PM at the Association Clubhouse, located at 1790 SW 32nd Street. At this meeting Applicant presented the proposed project and answered questions from the Board members. Meeting Minutes

Bridge LLC. – Robert B. Lochrie III, Attorney 954-779-1101 & Kevin Carroll 305-807-8000 and Bridge are under contract with the BCPS. A little 10.6 net acres, and 10.68 gross acres. Zoning and Land use category is currently public. They are proposing office/warehouse/logistics center. They have met with Wendy and have done a presentation to the board. This is their presentation on replacing the old Edgewood Elementary. The only access to the site would be southbound onto perimeter road and 595. Two warehouse buildings with a 6 foot wall and landscaping. They will not touch any residential fences. Windows and doors will not be able to see into residents pools. Same approach as the property on 31st avenue. We are not proposing refrigeration warehouses. Air conditioning units will be on the roof with a parapet around them. Access will be to perimeter road only, not through the warehouse. Drainage will be required by code for retention and wells. West side will have a large landscape that catch drainage. View to the south, 42 with parapet. Wet demolition and contact info through the board, to call the project manager 24/7 for demolition issues. Will 12th be cut off during demolition? Great thought! It is not a done deal, they are going through the zoning and planning process. That takes 10 months. Sum total is about two years. Generally speaking it is a distribution center. Pulling goods from port or airport and distribution will be regional. Will there be security? Yes, onsite security. First priority will be demos and walls. Biodegradable company? We don't lease to that type of company. No hazardous waste no refrigeration. Please let us know when you are planning on demoing. Hurricane season is coming. We can post questions and answers on a section of our website. Portables will go to the land field. Chain-link fence.....if it is a BCPS they will take it down. If it belongs to them they will take it down. How many bays will it have? Will you do the buildings or the wall first? Wall but they will happen simultaneously. What is the zoning? At the county level it is commerce, city level is industrial, and zoning is industrial.

Wendy met two code enforcement officials last month, doors were open, people were living in them and they were in a state of disrepair. Code went after the BCPS, to make sure they were tied down, they were boarded up except one that is going to be removed by June 1st.

Send any questions to oldschool@edgewoodcivic.org.
