

**REQUEST:** Rezoning from Residential Multifamily Mid Rise/ Medium High Density (RMM-25) to North West Regional Activity Center-Mixed Use east (NWRAC-MUe) District

<b>Case Number</b>	Z17010
<b>Applicant</b>	Gospel Arena of Faith, Inc.
<b>General Location</b>	613 NW 3 <sup>rd</sup> Avenue - North of NW 6 <sup>th</sup> Street, west of NW 3 <sup>rd</sup> Avenue, south of NW 7 <sup>th</sup> Street and east of NW 4 <sup>th</sup> Avenue
<b>Property Size</b>	13,500 Square-Feet or 0.3099 acre
<b>Current Zoning</b>	Residential Multifamily Mid Rise/ Medium High Density (RMM-25)
<b>Proposed Zoning</b>	North West Regional Activity Center-Mixed Use east (NWRAC-MUe)
<b>Existing Use</b>	Vacant
<b>Proposed Use</b>	Mixed-Use Development
<b>Future Land Use Designation</b>	Northwest Regional Activity Center (NW-RAC)
<b>Applicable ULDR Sections</b>	Section 47-13.31 Northwest Regional Activity Center – Mixed Use District Sec. 47-24.4 Rezoning Criteria
<b>Notification Requirements</b>	Sec. 47-27.6 Sign Notice 15 days prior to meeting Sec. 47-27.6 Mail Notice (300 foot radius) 10 days prior to meeting Sec. 47-27.4. Public Participation
<b>Project Planner</b>	Linda Mia Franco, AICP, Principal Planner 

**PROJECT DESCRIPTION:**

The applicant is requesting to rezone a 13,500 Square-Foot parcel of land generally located at 613 NW 3<sup>rd</sup> Avenue - North of NW 6<sup>th</sup> Street, west of NW 3<sup>rd</sup> Avenue, south of NW 7<sup>th</sup> Street and east of NW 4<sup>th</sup> Avenue from Residential Multifamily Mid Rise/ Medium High Density (RMM-25) to North West Regional Activity Center-Mixed Use east (NWRAC-MUe) to allow for "The Six13" mixed-use development (Case #R17075), which is currently under review. The location of the property, sketch and legal description of the property and concept plans are included as Exhibit 1 and 2 respectively.

**REVIEW CRITERIA:**

As per Section 47-24.4.D of the City's Unified Land Development Regulations (ULDR), an application for a rezoning shall be reviewed in accordance with the following criteria:

1. The zoning district proposed is consistent with the City's Comprehensive Plan;  
The proposed zoning district, NWRAC-MUe, is consistent with the City's Comprehensive Plan in that proposed rezoning furthers redevelopment efforts within the Northwest Regional Activity Center-Mixed Use District and better aligns the zoning with the existing underlying Northwest Regional Activity Center land use. The proposed zoning district promotes a mix of uses that help to support the long-term goal of reducing blight conditions in the area and providing redevelopment opportunities that promote multi-modal accessibility.
2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration;

The proposed rezoning would maintain the character of the neighborhood and support standards that target redevelopment, while maintaining the vision for the area. The proposed use is consistent with the underlying land use and neighboring zoning districts. The proposed zoning district requires development design standards that collectively guide the design of the streetscape, open space, and building design to results in a pedestrian-friendly, cohesive, and successful public realm environment, as envisioned by the NWRAC Master Plan.

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

The surrounding properties have a Land Use designation of Northwest Regional Activity Center (NW-RAC), with zoning classifications of Residential Multifamily Mid Rise / Medium High (RMM-25) to the north, Northwest Regional Activity Center – Mixed Use east (NWRAC-MUe) to the east, south and west and also Heavy Commercial/Light Industrial Business (B-3) to the west. The proposed rezoning to NWRAC-MUe would permit the development site to be unified under the NWRAC-MUe zoning district, and developed in accordance with the standards required by the ULDR and NWRAC Master Plan.

#### **Comprehensive Plan Consistency:**

The property is designated Northwest Regional Activity Center on the City's Future Land Use Map. The proposed rezoning and associated uses are consistent with the underlying land use. The rezoning is also generally consistent with the City's Comprehensive Plan Goals, Objectives and Policies, including the Future Land Use Element, Goal 1, Objective 1.7, which encourages development and redevelopment to be consistent with the Northwest/Progresso/Flagler Heights Redevelopment Plan. The proposed zoning district was established to further goals of the Northwest/Progresso/Flagler Heights Redevelopment Plan.

The applicant has provided narrative responses to all criteria, which are attached to the plan sets as part of Exhibit 3. Staff concurs with applicant's assessment.

#### **Public Participation**

The rezoning request is subject to the public participation requirements established in ULDR, Section 47-27.4. According to the applicant, a public participation meeting was held on December 14, 2017, to offer the neighborhood surrounding the property the opportunity to learn about the proposed project. The public participation meeting summary and affidavit are attached as Exhibit 4.

In addition, this request is subject to sign notification requirements established in ULDR, Section 47-27.4. The applicant has installed a total of 3 signs on the property and has submitted a sign affidavit indicating proper sign notification was provided. Exhibit 5 contains the affidavit and pictures of the posted signs.

#### **STAFF FINDINGS:**

Staff recommends the Board approve this request consistent with:

ULDR, Section 47-13.31, Northwest Regional Activity Center – Mixed Use District  
ULDR, Section 47-24.4, Rezoning Criteria

#### **PLANNING & ZONING BOARD REVIEW OPTIONS:**

If the Planning and Zoning Board determines that the application meets the criteria as provided in this section, the Planning and Zoning Board shall recommend that the rezoning be approved or recommend a rezoning to a more restrictive zoning district than that requested in the application if necessary to ensure compliance with the criteria for the rezoning and if consented to by the applicant.

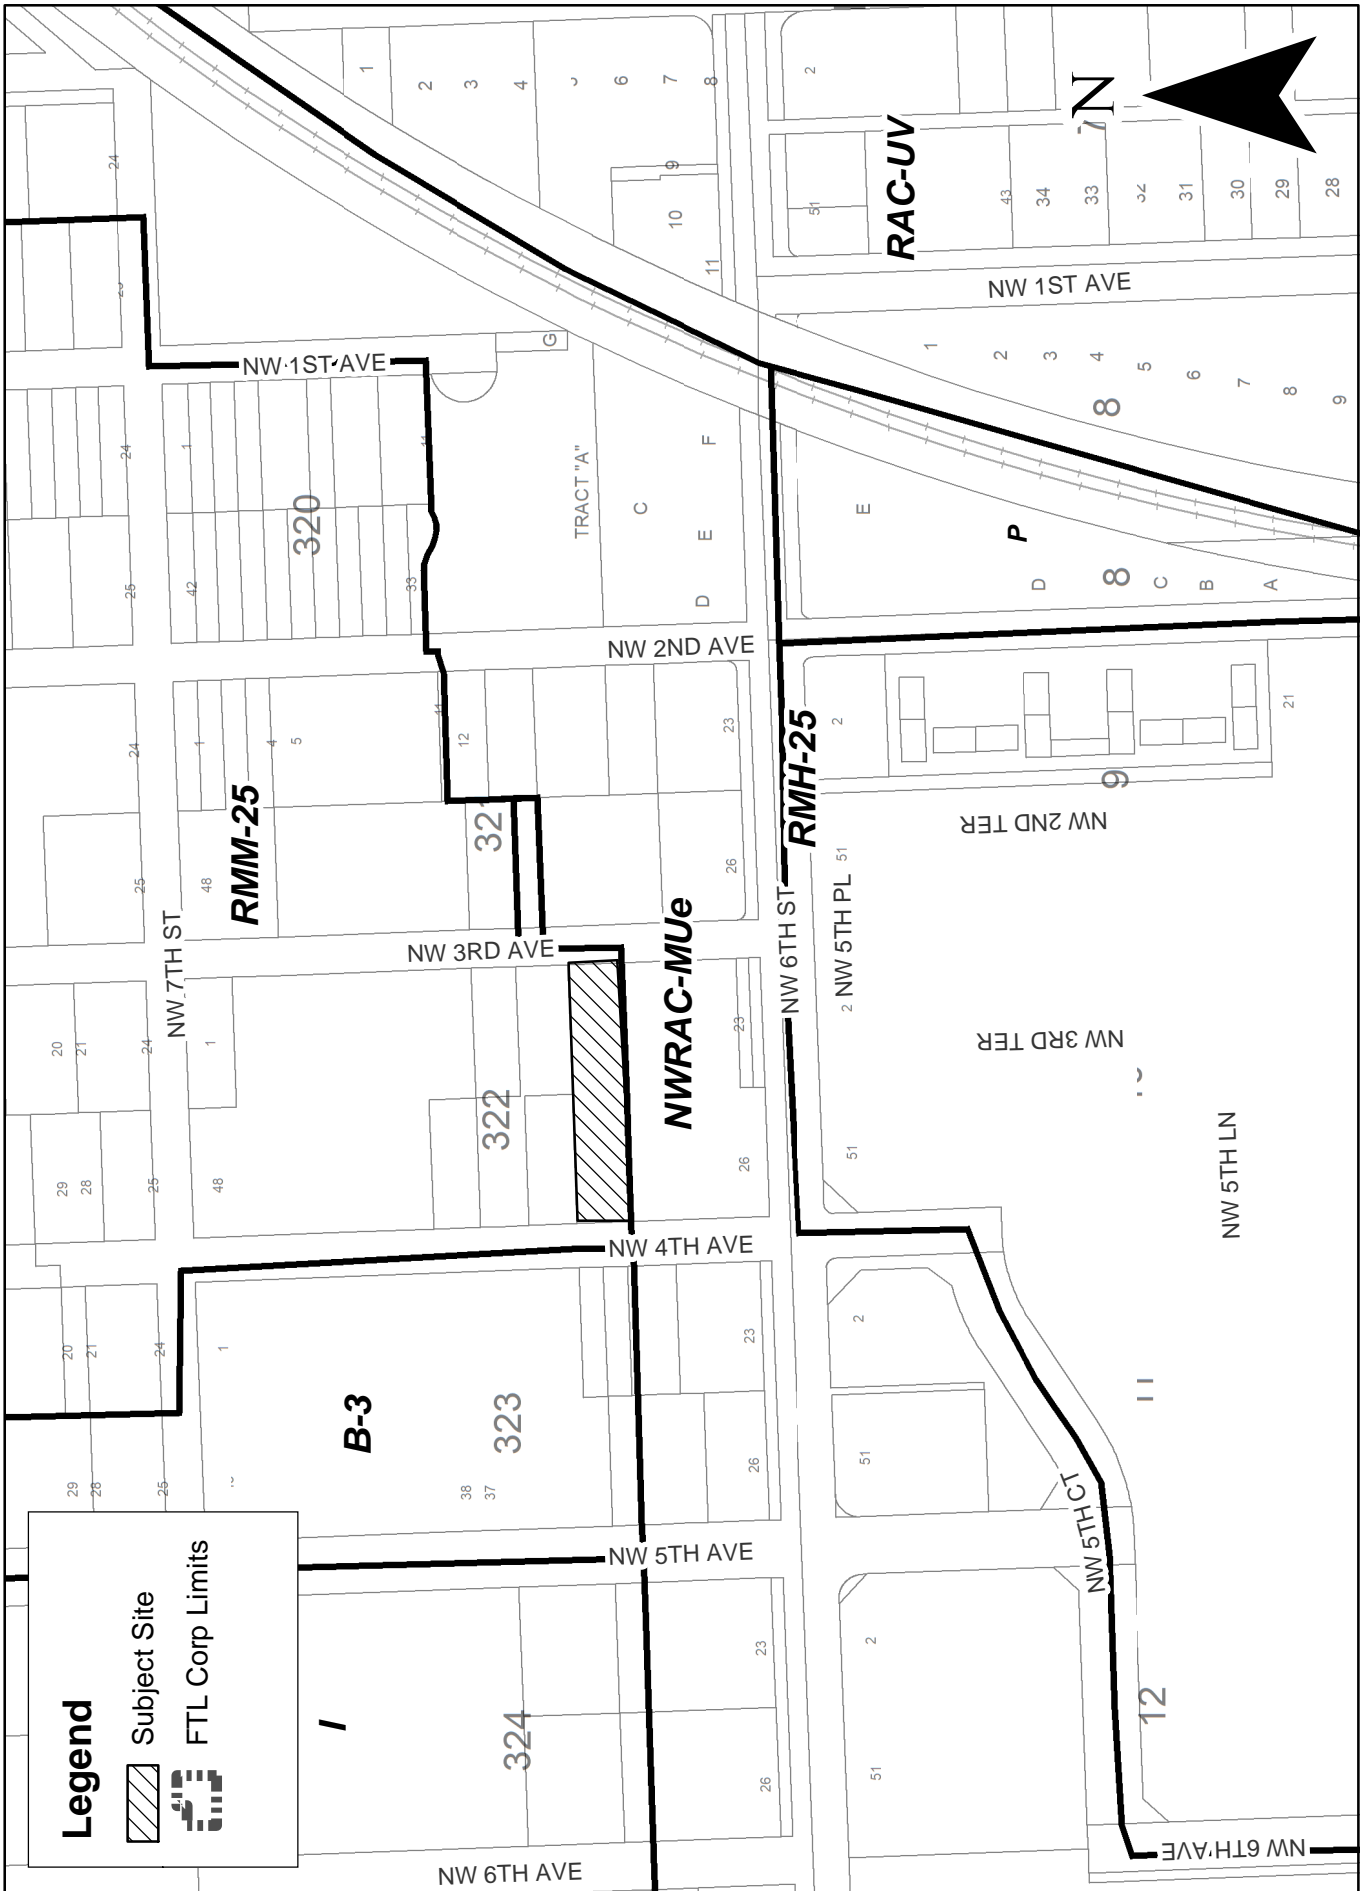

CASE # Z17010

Page 2

If the Planning and Zoning Board determines that the application does not meet the criteria provided for rezoning or if the applicant does not consent to a more restrictive zoning district, the Planning and Zoning Board shall deny the application and an appeal to the City Commission may be filed by the applicant in accordance with Section 47-26.B, Appeals.

**Owner:** Gospel Arena of Faith, Inc.  
**Project:** Six13  
**Site Address:** 613 NW 6<sup>th</sup> Street (“Property”)  
**Request:** Rezoning a Portion of the Property from  
**Author:** Andrew Schein, Esq.

November 13, 2017

**Rezoning Narrative**

*City of Fort Lauderdale ULDR Section 47-24.4.D.*

1. The zoning district proposed is consistent with the city's comprehensive plan.

**RESPONSE:** The Property is split between two (2) zoning districts: Northwest Regional Activity Center – Mixed Use East (“NWRAC-MUe”) and RMM-25. The Property is designated Northwest Regional Activity Center (“NWRAC”) under the City’s comprehensive plan. The NWRAC land use category was created to permit a wide variety of retail, residential, and office uses, among others. The proposed development consists of residential uses and retail uses, and the Property is surrounded by residential and retail uses. Rezoning the Property to NWRAC-MUe would be consistent with the City’s comprehensive plan and the underlying NWRAC land use category.

2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration.

**RESPONSE:** The character of development in or near the area supports the rezoning. Specifically, the area is characterized by a diverse mixture of uses such as retail, service, and residential uses, including retail uses to the east, south, and west, single family residential uses to the north, and multifamily residential uses to the east. The parcels immediately west of the parcels to be rezoned are zoned B-3, further supporting the rezoning. If approved, the use of this land will be consistent with the pattern of commercial and residential development along the Sistrunk Boulevard corridor. The Project will also satisfy the need for mixed-use developments that are necessary to balance the increase in residents coming to Fort Lauderdale with the need to lessen the transportation impacts of such residents.

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

**RESPONSE:** The rezoning of the property to NWRAC-MUe is compatible given the mixture of land uses surrounding the Property. The area is characterized by a

**variety of commercial uses to the west, south, and east, and multi-family uses to the east. The parcel to be rezoned is surrounded by the following zoning districts:**

**North – RMM-25**

**South – NWRAC-MUe**

**West – NWRAC-MUe and B-3**

**East – MWRAC-MUe**

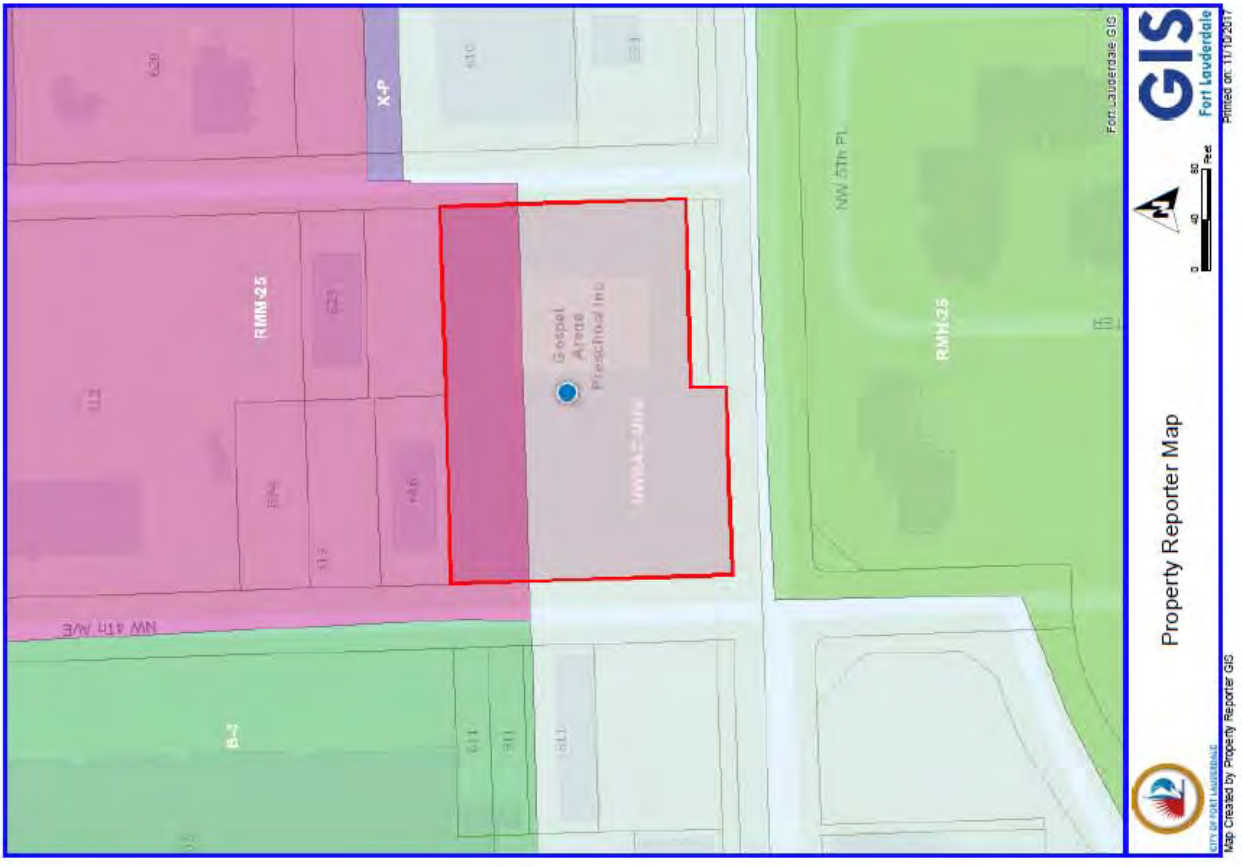

**The proposed rezoning to NWRAC-MUe would permit the development site to be unified under the NWRAC-MUe zoning district and developed in accordance with the standards required under the City’s ULDR. Additionally, the existing use of the Property is entirely non-residential. The rezoning to NWRAC-MUe is compatible with the surrounding districts and uses as well as the current use of the Property.**

## Addendum: PZB Public Participation Notification <<if applicable>>

Applicant must provide notification according to the procedure listed below for projects listed in Sec. 47-27.4.A.2.c.

- A minimum of 21 days prior to the Development Review Committee (DRC) meeting, a notice from the applicant via letter or e-mail shall be provided to any official city-recognized civic organization(s) within 300 feet of the proposed project, notifying of the date, time and place of the DRC meeting.
- Prior to submittal of application to the Planning and Zoning Board (PZB), a notice from the applicant via letter or e-mail shall be provided to official city-recognized civic organization(s) within 300 feet of the proposed project, notifying of the date, time and place of applicant's project presentation meeting to take place prior to the PZB hearing.
- The applicant shall conduct a public participation meeting(s) a minimum of 30 days prior to the PZB hearing.
- After the public participation meeting(s), the applicant shall provide a written report letter to the Department of Sustainable Development, with copy to subject association(s), documenting the date(s), time(s), location(s), number of participants, presentation material and general summary of the discussion after a public participation meeting(s) has taken place a minimum of 30 days prior to the PZB hearing. The report letter shall summarize the substance of comments expressed during the process and shall be made a part of the administrative case file record.
- The applicant shall, ten (10) days prior to DRC and again for the PZB, execute and submit to the department an affidavit of proof of public notice according to this section. If the applicant fails to submit the affidavit the public hearing will be postponed until the next hearing after the affidavit has been supplied.

February 12, 2018

Linda Mia Franco, Principal Planner  
Urban Design & Planning  
700 NW 19<sup>th</sup> Avenue  
Fort Lauderdale, FL 33311

**RE: Public Participation Summary for DRC Case Nos. V17010 and Z17070**

Dear Linda:

Pursuant to the City of Fort Lauderdale Ordinance No. C-15-01, the applicant held a public participation meeting with the Progresso Village Civic Association on December 14<sup>th</sup>, 2017 at 5:30pm at the Affiliated Development offices, located at 414 North Andrews Avenue in Fort Lauderdale. The Progresso Village Civic Association is the only officially recognized civic association within 300' of the proposed development. The meeting was noticed and communicated through e-mail with the Association's president. There were approximately seventeen (17) people in attendance.

At this meeting the applicant gave a detailed description of the rezoning and alley vacation. The applicant also discussed the site plan, provided project renderings and answered questions from those in attendance. Discussions included the type of development, timeline of approval, traffic issues and access to the site. A full list of the questions and answers provided at the meeting is included with this letter.

Should you require additional information, please let me know.

Very Truly Yours,

Robert B. Lochrie III, Esq.

cc: Ronald Centamore, President of Progresso Village Civic Association

## December 14, 2017 Public Participation Meeting Questions and Answers

1. Question: When does the project go to Planning and Zoning?

**Answer: We will be shooting for the February P&Z meeting, so we will be submitting materials in January.**

2. Question: I own property between 2<sup>nd</sup> and 3<sup>rd</sup> and we have a utility easement. Is there a utility easement on your property?

**Answer: There is not a utility easement that we're aware of, no. As you mentioned, there are some private utility easements in the area. There is, however, a powerline that runs down the center of the property that is in the alley vacation area, which will be relocated underground and brought around the property.**

3. Question: The lights currently used on Sistrunk Boulevard are very dim. I hear that they were going to make the lights brighter but this doesn't seem to have happened. Will you be putting brighter lighting along the walkways? I think one of the main issues is that Sistrunk is not very welcoming at night, and can be scary to walk down late at night.

**Answer: We have not heard too much about this issue, but know that the type of lighting currently on Sistrunk will have to be maintained. We are looking into potentially adding pedestrian lighting along the sides of the property. We will get it brighter to the extent that we are able to, and will certainly include what lighting we can. Having under-lighting will help as well.**

**Our goal is to have an active use on the ground floor, which will provide a lot of light and a lot of activity, and the restaurant space will help.**

4. Question: What is on the first floor?

**Answer: The ground floor contains a restaurant, lobby space, and office space. We will be relocating our offices to the building when it is completed.**

5. Question: What is between the residential lobby and restaurant area?

**Answer: That is our office – we will be on the first floor. This in combination with the restaurant space will allow for active daytime as well as nighttime uses. We believe strongly in the activity along Sistrunk, which was the reason for pitching the project to the CRA, and putting our office there.**

6. Question: How large is the office and other ground-floor spaces?

**Answer: Our office will be around 1,700 square feet. The majority of space here will be the restaurant, which at 4,000 square feet will occupy about half the ground level. Our office will be a small amount of the ground level and the majority will be taken up by the restaurant.**

7. Question: Are there currently any interested tenants for the retail space?

**Answer: Yes – we are speaking with a few regional groups, one of which is a coffee shop out of West Palm Beach who are looking to implement some additional concepts around South Florida. We’re designing this space to not only draw people to the building, but also to help serve our 142 tenants.**

8. Question: Will the lights on the side streets be the same type of solar street lights that currently exist in the community?

**Answer: We discussed this point at our DRC meeting on Tuesday and will comply with the requirements.**

9. Question: Are there plans to replace the Sistrunk lighting with a more effective type of lighting? I remember hearing a few months ago that the City had plans to replace all Sistrunk lighting with a more effective type of lighting. You might want to look into that.

**Answer: This hasn’t come up in any of our meetings yet. We wanted to ensure that the architectural elements of our building create additional lighting along Sistrunk, so that people feel safe walking around there no matter what time of day it is.**

10. Question: Why isn’t there street parking on Sistrunk?

**Answer: This area of Sistrunk does not allow on-street parking. We have, however, maximized the parking available on side streets.**

11. Question: Where is the entrance to the parking garage?

**Answer: We have entrances on both sides, which will allow for a better flow of traffic.**

12. Question: How much parking do you have on the ground floor?

**Answer: There are approximately 66 spaces on the ground floor.**

13. Question: How many parking spaces are required for the commercial space?

**Answer: For the commercial element, 13 spaces are required on the ground floor. We’ll be providing more than that, though, because we want to be able to rent the space and provide what the market supports.**

14. Question: How many levels of parking do you have?

**Answer: There are 3 levels of parking.**

15. Question: Where is the drop-off area?

**Answer: It will be inside the garage. We will also have a designated Uber drop-off and pick-up area in the garage. This will allow tenants and consumers to be covered, safe, and surrounded by plenty of light, instead of having to wait or pull over to the side of the road.**

16. Question: What is on the roof?

**Answer: We are proposing to put an active, green rooftop deck space on the roof for residents to use.**

17. Question: How far along are you in the process?

**Answer: We attended our DRC meeting this week. We haven't reached final approval yet, but we're in the process. Our P&Z target meeting date is in February, and we are aiming to start the project as soon as possible.**

**Right now, that looks like late spring around May, depending on how quickly we can move through the municipal process. We are working very swiftly with a team that is fully invested in expediting the process.**

18. Question: What types of units will there be?

**Answer: There will be one- and two-bedroom units – we don't have any studios.**

19. Question: How much will you charge for rent?

**Answer: We will start off around \$1100 a month. For 2-bedroom units, we'll start at \$1600 and go up to \$1800, which will provide significant cost savings compared to other new buildings in the area.**

20. Question: Where is the clubhouse and gym?

**Answer: These will be on the amenity deck, on the fourth floor of the building.**

21. Question: Why did you reduce your height?

**Answer: The ordinance the city currently has in place for meeting the previously planned height was something our lenders were not willing to work with.**

**With that in mind, we reduced the height of the building, but still kept the same number of units and square footages. We made this decision in the interest of getting the project into the ground as soon as possible.**

22. Question: Why are other buildings in the area taller?

**Answer: They fall under different zoning requirements.**

Page 4: Sign Notification Requirements and Affidavit

SIGN NOTICE

Applicant must POST SIGNS (for Planning and Zoning Board and City Commission Hearings) according to Sec. 47-27.4.

- Sign Notice shall be given by the applicant by posting a sign provided by the City stating the time, date and place of the Public Hearing on such matter on the property which is the subject of an application for a development permit. If more than one (1) public hearing is held on a matter, the date, time and place shall be stated on the sign or changed as applicable.
The sign shall be posted at least fifteen (15) days prior to the date of the public hearing.
The sign shall be visible from adjacent rights-of-way, including waterways, but excepting alleys.
If the subject property is on more than one (1) right-of-way, as described above, a sign shall be posted facing each right-of-way.
If the applicant is not the owner of the property that is subject of the application, the applicant shall post the sign on or as near to the subject property as possible subject to the permission of the owner of the property where the sign is located or, in a location in the right-of-way if approved by the City.
Development applications for more than one (1) contiguous development site shall be required to have sign notice by posting one (1) sign in each geographic direction, (north, south, east and west) on the public right-of-way at the perimeter of the area under consideration.
If the sign is destroyed or removed from the property, the applicant is responsible for obtaining another sign from the City and posting the sign on the property.
The sign shall remain on the property until final disposition of the application. This shall include any deferral, rehearing, appeal, request for review or hearings by another body. The sign information shall be changed as above to reflect any new dates.
The applicant shall, five (5) days prior to the public hearing, execute and submit to the department an affidavit of proof of posting of the public notice sign according to this section. If the applicant fails to submit the affidavit the public hearing will be postponed until the next hearing after the affidavit has been supplied.

CASE NO. Z17010

APPLICANT: Gospel Arena of Faith, Inc.

PROPERTY: 613 NW 3rd Avenue

PUBLIC HEARING DATE: February 21, 2018

BEFORE ME, the undersigned authority, personally appeared Nicholas Rojo, who upon being duly sworn and cautioned, under oath deposes and says:

- 1. Affiant is the Applicant in the above-cited City of Fort Lauderdale Board or Commission Case.
2. The Affiant/Applicant has posted or has caused to be posted on the Property the signage provided by the City of Fort Lauderdale, which such signage notifies the public of the time, date and place of the Public Hearing on the application for relief before the Board or Commission.
3. That the sign(s) referenced in Paragraph two (2) above was posted on the Property in such manner as to be visible from adjacent streets and waterways and was posted at least fifteen (15) days prior to the date of the Public Hearing cited above and has remained continuously posted until the date of execution and filing of this Affidavit. Said sign(s) shall be visible from and within twenty (20) feet of streets and waterways, and shall be securely fastened to a stake, fence, or building.
4. Affiant acknowledges that the sign must remain posted on the property until the final disposition of the case before the Board or Commission. Should the application be continued, deferred or re-heard, the sign shall be amended to reflect the new dates.
5. Affiant acknowledges that this Affidavit must be executed and filed with the City's Urban Design & Planning office five (5) calendar days prior to the date of Public Hearing and if the Affidavit is not submitted, the Public Hearing on this case shall be cancelled.
6. Affiant is familiar with the nature of an oath or affirmation and is familiar with the laws of perjury in the State of Florida and the penalties therefore.
