The boundaries for the NRSA are: N.W. 7th Avenue on the east; Broward Boulevard on the south; I-95 on the west; and Sunrise Boulevard on the north. The target area has been designed to be of manageable and efficient size, so that proposed activities can be accomplished within a five-year time frame.

The field has 150 x 150 yards of lights around the perimeter. The park cannot be used at night due to the lack of lighting. The lighting has been requested by the neighborhood and the youth athletic organizations. Installing the lighting would increase the neighborhood's use of Riverland Park multipurpose ball fields.

2. **City of Fort Lauderdale: To Be Determined (TBD)**

**Funding Recommendation for this Activity: \$137,361.60**

#### **CDBG ADMINISTRATION**

**GENERAL ADMINISTRATION:** Funds will be used for program administrative costs related to planning, execution of community development activities and sub-recipient monitoring. The City is limited to 20% of its CDBG annual allocation for general administrative costs. With the reduced overall funding levels for HUD programs, the full 20% of administration funding is required in order to not have an impact on the City's general fund.

**REHABILITATION ADMINISTRATION:** This line item is known commonly as project service delivery costs. Funds will be used to cover salaries and benefits of eligible HCD staff that work within the CDBG and HOME programs. The type of eligible costs under this category is costs for the housing inspectors and staff that perform underwriting duties.
