

**CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING**

CAM #18-0652

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: July 10, 2018

TITLE: Resolution in Support of the City of Tamarac's Prospect Road Complete
Streets Project

Recommendation

It is recommended that the City Commission adopt a resolution in support of the City of Tamarac's Complete Streets and Localized Initiatives Program (CSLIP) application to add bike lanes, sidewalks, and curbs/gutters along Prospect Road between NW 31st Avenue and Commercial Boulevard.

Background

The City of Tamarac is seeking funding during the upcoming grant round of the Broward Metropolitan Planning Organization Complete Streets and Localized Initiatives Grant Program (CSLIP). The proposed application includes the installation of bike lanes, sidewalks, and curbs/gutters along Prospect Road between NW 31st Avenue and Commercial Boulevard.

A 205 foot section of Prospect Road, located at the corner of Prospect Road and 31st Avenue, falls within the jurisdiction of the City of Fort Lauderdale. The grant requires that all parties with jurisdiction within the project limits provide resolutions of support in order for the project to be eligible for funding. By approving the resolution, the City indicates its support of Florida Department of Transportation (FDOT) managing the design and construction of the project. Broward County maintains the roadway.

It is the City of Tamarac's desire to finish the bike paths, sidewalks, curbs and gutters to NW 31st Avenue rather than stopping abruptly at the Tamarac city limits. Staff from the City of Tamarac presented the bike lanes concept to the Aviation Advisory Board at its December 7, 2017 meeting, where the Advisory Board voted unanimously to support the project.

The project supports the City of Fort Lauderdale Fast Forward Fort Lauderdale vision to have a connected community, as well as the City's Vision Zero Initiative to improve safety for all users.

Resource Impact

There is no fiscal impact associated with this action. Design and construction will be funded by the City of Tamarac through the Complete Streets and Localized Initiatives Program (CSLIP) grant.

Strategic Connections

This item is a *Press Play Fort Lauderdale Strategic Plan 2018 initiative*, included within the Infrastructure Cylinder of Excellence, specifically advancing:

- Objective 1: Improve transportation options and reduce congestion by working with agency partners
- Objective 3: Improve pedestrian, bicycle, and vehicular safety

This item advances the *Fast Forward Fort Lauderdale 2035 Vision Plan: We Are Connected*.
