Re: Victoria Park Civic Association's Letter of Support – Park Located in the  
500 North Federal Development

Development Review Committee Members,

On behalf of the the Victoria Park Civic Association's (the "VPCA") board of directors and planning and zoning committee, please allow this letter to serve as the VPCA's letter of support relating to a park being located in the 500 North Federal Development being proposed by Charlie Ladd.

On numerous occasions, Charlie Ladd and the VPCA team have discussed the 500 North Federal Development, including the possibility of including a park in this development. The VPCA supports locating a park in this development. However, as discussed with Mr. Ladd, the VPCA has requested and Mr. Ladd has agreed to allow the VPCA to be involved in the planning of the park, including the approval of the site plan for the park.

This letter of support is not meant to make any representations, positive or negative, regarding the underlying negotiations between Mr. Ladd and the City relating the purchase of the park by Mr. Ladd from the City.

Sincerely,

Andrew Gordon  
President, Victoria Park Civic Association
