DATE: August 21, 2018

TITLE: Resolution to Approve Budget Amendment – Appropriation of \$2,500,000 from the Las Olas Boulevard Corridor Improvement Project and \$1,921,684 from the City's General Fund to the Aquatic Center Renovation Project.

Recommendation

It is recommended that the CRA Board of Commissioners approve the appropriation of \$2,500,000 from the Las Olas Boulevard Corridor Improvement Project (P11900) to the Aquatic Center Renovation Project (P12315) and \$1,921,684, contingent on approval of the line of credit from the City's General Fund to the Aquatic Center Renovation Project (P12315)

Background

On July 10, 2018 the City Commission authorized staff to negotiate a design/build contract for the renovation of the Fort Lauderdale Aquatic Center with Hensel Phillips Construction Company in the not-to-exceed amount of \$27,000,000. The negotiated contract is \$26,995,368. The sources of funding for this contract include \$695,368 from the General Fund, \$500,000 from the Parking Fund and \$25,800,000 from the CRA.

There is currently \$21,378,316 of CRA funding in the Aquatic Center Renovation Project (P12315.346). To fully fund the project, the CRA will need to transfer \$2.5 million from the Las Olas Boulevard Corridor Improvement Project to the Aquatic Center Renovation Project and secure a line of credit from the City's General Fund through an agreement in the amount of \$1,921,684. The proposed transfer of CRA funding from the Las Olas Boulevard Corridor Improvement Project will be replaced by Park Impact Fees to fund a portion of the approved Oceanside Park.

The Aquatic Center Renovation Project is listed as one of four major public improvement projects in the Fort Lauderdale Beach Community Redevelopment Plan's Redevelopment Plan Concept. The proposal is also consistent with the Redevelopment Goal of providing for a mix of land uses that will foster family activity and recreation in the Central Beach area, and provide opportunities for the expansion of tourist-related facilities and activities, and achieves the Redevelopment Objective of making Fort Lauderdale Beach an integral part of the City for use by local residents.

Resource Impact

There will be a fiscal impact to the CRA in the amount of \$4,421,644. This funding is contingent upon the approval of the City's budget amendment (CAM 18-0844) allocating \$2,500,000 in Parks Impact Fees to the Las Olas Boulevard Corridor Improvement Project and agreement between the City and the CRA (CAM's 18-0883 and 18-0891).
