Identified as North of NW 9th Street, East of NW 7th Avenue, West of NW 6th
Avenue and South of Sunrise Boulevard - Broward County Board of County
Commissioners – Case No. V18006

Recommendation

It is recommended that the City Commission adopt an ordinance vacating a 15-foot wide, approximately 225-foot portion of an Alley Reservation (right-of-way) located north of NW 9th Street, east of NW 7th Avenue, west of NW 6th Avenue and south of Sunrise Boulevard.

Background

The applicant, Broward County Board of County Commissioners, requests to vacate a 15-foot wide, approximately 225-foot long portion of a right-of-way located north of NW 9th Street, east of NW 7th Avenue, west of NW 6th Avenue and south of Sunrise Boulevard. The proposed alley reservation vacation is associated with the “Seven on Seventh,” project, an affordable housing development. The rezoning associated with the site has been approved by the City Commission under case number Z18003. The applicant will submit a Site Plan Level II application for the development to be reviewed by the Development Review Committee (DRC). A location map of the proposed vacation is attached as Exhibit 1.

The vacation request was reviewed by the Planning and Zoning Board (PZB) on October 17, 2018 and recommended for approval, by a vote of 8-0. Letters of no objection have been received from all of the franchise utilities as well as the City’s Public Works Department. The Application, Narratives, and Utility Letters are included as part of Exhibit 2. The PZB Staff Report and Meeting Minutes are attached as Exhibit 3 and 4, respectively.

Pursuant to Section 47-24.6.A.4 of the City’s Unified Land Development Regulations (ULDR), Vacation of Rights-of-Way, the request is subject to the following criteria:

- a. The right-of-way or other public place is no longer needed for public purposes;*
and,

The right-of-way segment is currently delineated as a “reservation,” and is not a distinct roadway used by vehicles or pedestrians. Granting the vacation will not affect or impede public access and the reservation is not needed for public purpose.

- b. Alternate routes if needed are available which do not cause adverse impacts to surrounding areas;*

The right-of way reservation proposed to be vacated does not adversely impact the surrounding areas as there are existing routes that provide access to the properties immediately adjacent to the area.

- c. The closure of a right-of-way provides safe areas for vehicles to turn around and exit the area;*

The closure of the alley reservation and proposed site improvements will provide a safe environment for vehicles to maneuver throughout the site.

- d. The closure of a right-of-way shall not adversely impact pedestrian traffic;*

Pedestrian traffic will not be impacted by the right-of-way vacation as there is existing sidewalks provided for along the right-of-way edge and adjacent property. The existing pedestrian circulation will not be affected.

- e. All utilities located within the right-of-way or other public place have been or will be relocated pursuant to a relocation plan; and the owner of the utility facilities has consented to the vacation; or a utilities easement has been retained over the right-of-way area or portion thereof; or an easement in a different location has been provided for the utility facilities by the owner to the satisfaction of the City; or any combination of same and utilities maintenance shall not be disrupted.*

The applicant has obtained letters of no objection from the franchise utilities and the City's Public Works Department.

Public Participation

The right-of-way vacation request is subject to the public participation requirements established in Section 47-27.4 of the ULDR. According to the applicant, a public participation meeting was held on May 4, 2018 to offer the neighborhood surrounding the property the opportunity to learn about the overall proposed project. The public participation meeting summary and affidavit are attached as Exhibit 5.

In addition, this request is subject to sign notification requirements established in Section 47-27.4 of the ULDR. The applicant has submitted a sign affidavit indicating proper sign notification was provided.

Conditions

Should the City Commission approve the proposed vacation, the following conditions apply:

1. Any City infrastructure known or unknown and found to be within the vacated area shall be relocated at the expense of the applicant, or easements granted, and the relocated facilities shall be required to be inspected and accepted by the City's Public Works Department, or, alternatively, in lieu of relocating all City utilities within the vacated area, the applicant shall dedicate a utility easement for City utilities that remain within the vacated area; and
