

CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING

#19-0004

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Chris Lagerbloom, ICMA-CM, City Manager

DATE: January 8, 2019

TITLE: **REVISED CR-1** Resolution Approving the Consolidated Budget
Amendment to Fiscal Year 2019 – Appropriation

Recommendation

It is recommended that the City Commission adopt a resolution amending the Fiscal Year (FY) 2019 Budget, Personnel Complement, and FY 2019 – FY 2023 Community Investment Plan (CIP).

Background

Examples of recommended actions within the budget amendment are:

- transfer between funds;
- transfer between capital and operating budgets;
- transfer between capital projects;
- acceptance and appropriation of grant funding;
- amendment to staffing level;
- appropriation from fund balance; and
- appropriation for modified revenue and related expenditures.

Staff recommends that the City Commission amend the FY 2019 Operating Budget, Personnel Complement, and FY 2019 – FY 2023 Community Investment Plan by approving the following transfers and appropriations:

Police

A. Appropriation of Fund Balance – Department of Justice Trust Fund – Confiscated Funds Police Purchases - \$200,000

In order to utilize funds that have been deposited into the Department of Justice Trust Fund from the seizure of assets acquired through illegal activity, the Police Department requests that the City Commission approve the appropriation of funds for the following eligible expenditures:

- Office Furniture for Police Training Building and Crime Scene Investigation Unit (\$115,000)
- SaferWatch remote tip reporting communication service (\$30,000)
- Carpeting and floor covering for the Police Training Building (\$35,000)
- Sound proofing for the training simulator (\$20,000)

Staff recommends that the City Commission amend the FY 2019 Operating Budget in the amount of \$200,000 for Police Department purchases using Department of Justice Trust Funds.

TOTAL AMOUNT →					\$200,000

Transportation and Mobility

B. Appropriation of Fund Balance – Fort Lauderdale Executive Airport (FXE) Fund – Fort Lauderdale Air Show Cost Sharing Agreement - \$200,000

The Fort Lauderdale Air Show is a community-based event which promotes aviation and demonstrates support for our military through aircraft exhibits, attractions, community engagement, and aerial demonstrations.

Fort Lauderdale Air Show, LLC has been promoting the air show since 2012. The Fort Lauderdale Executive Airport (FXE) will be branded as the “Official Airport” of the Fort Lauderdale Air Show. In addition to the logo and branding placement, FXE will receive promotional rights and opportunities, on-site exhibit space, and event hospitality assets. Funds are available in the Fort Lauderdale Executive Airport (FXE) Fund Balance for this purpose.

Staff recommends that the City Commission amend the FY 2019 Operating Budget in the amount of \$200,000 for the Fort Lauderdale Air Show Cost Sharing Agreement.

C. Transfer between Capital Projects – General Capital Projects Fund – Pedestrian Priority Intersection Las Olas/4th Avenue, Northeast 1st Pedestrian Refuge on Andrews Avenue, and Northeast 1st Pedestrian Refuge at Northeast 3rd Avenue Improvements – \$45,900

Staff recommends adding funding for existing community investment plan projects that require additional funding to enhance their scopes including:

- \$22,500 for the Pedestrian Priority Intersection Las Olas/4th Avenue project to fund additional engineering services and public outreach
- \$11,700 to the Northeast 1st Pedestrian Refuge on Andrews Avenue project to complete the landscape and irrigation installation
- \$11,700 to the Northeast 1st Pedestrian Refuge at NE 3rd Avenue project to complete the landscape and irrigation installation.

Funding is available in the Walkability Northeast 4th and 3rd Avenue to US 1 project that will have a reduced budget to fund these priorities.

Staff recommends that the City Commission amend the FY 2019 – FY 2023 Community

Investment Plan (CIP) in the amount of \$45,900 for the Pedestrian Priority Intersection Las Olas/4th Avenue, Northeast 1st Pedestrian Refuge on Andrews Avenue, and Northeast 1st Pedestrian Refuge at Northeast 3rd Avenue improvement projects.

Public Works

D. Transfer between Capital Projects and Transfer to Fund Balance – Water and Sewer General Capital Projects Fund – Water and Sewer Bypass Equipment – \$2,048,089

The purpose of the Water and Sewer Bypass Equipment project is to purchase and install mobile water and sewer bypass equipment that will be used to provide uninterrupted service in the event of a water or sewer pressure main failure. Owning the mobile bypass system provides the City with a temporary solution that can be engaged quickly, efficiently, with minimal impact to the City's neighborhoods, residences, and businesses. The project includes the purchasing of piping, fittings, training, and accessories needed to install the equipment.

This project is currently unbudgeted and the estimated cost is \$1,324,760. Funding is available in the Emergency Repair 30" Force Main to George T. Lohmeyer Wastewater (GTL) Treatment Plant project that was completed below budget.

Staff recommends that the City Commission amend the FY 2019 – FY 2023 Community Investment Plan (CIP) in the amount of \$1,324,760 for the Water and Sewer Bypass Equipment project and transfer the remaining project balance in the amount of \$723,329 to the Water and Sewer General Capital Projects Fund.

E. Appropriation of Fund Balance and Transfer between Capital Projects – Facilities Assessment – Roofing Priorities, Building Permits Fund – Department of Sustainable Development (DSD) Cooling System Replacement – \$293,525

As part of the FY 2019 – FY 2023 Community Investment Plan, funds were appropriated to the Department of Sustainable Development (DSD) Cooling System Replacement project for the repair and replacement of the DSD building's heating, ventilation, and air conditioning (HVAC) system. Additional funding in the amount of \$293,525 is needed to complete the replacement of existing rooftop air handling units and maintenance of the ductwork.

Funding is available within the Facilities Assessment Roofing Priorities Project that was funded for various priority facility assessment repairs and replacements in the amount of \$46,342; the remaining amount of \$247,183 is recommended to be appropriated from the Building Fund balance based upon the staffing complement occupying the DSD Building.

Staff recommends that the City Commission amend the FY 2019 – FY 2023 Community Investment Plan (CIP) in the amount of \$293,525 for the DSD Cooling System Replacement project.

F. Appropriation of Fund Balance and Transfer between Capital Projects – Water and Sewer General Capital Projects Fund, Water and Sewer Master Plan 2017 Projects Fund – Victoria Park South Small Watermains Improvements – \$4,685,900

This project is for the installation of 55,500 linear feet of new 6-inch and 8-inch watermains as well as to improve fire hydrant coverage in the Victoria Park neighborhood. This project is a priority because of the need to replace and upgrade undersized and deteriorated existing small watermains in the Victoria Park neighborhood. Additionally, the size and complexity of this project requires Construction Engineering and Inspection (CEI) services, community outreach initiatives, permit expediting, and project management assistance.

On November 6, 2018, City Commission approved amending the Victoria Park A North and Victoria Park South Small Watermain Improvement projects to provide for additional funding. Bids for both projects were opened by the City on November 20, 2018 for the construction contract award, to be advertised and awarded together. Upon further evaluation, Public Works staff is requesting the funding be transferred between the two Victoria Park projects in order to increase funding to Victoria Park South Small Watermain Improvement project, which will require an additional \$4,685,900 based on the scopes of the project bids.

Funding is available within the Victoria Park South Small Watermains Improvements project in the amount of \$1,825,300 which is anticipated to be completed under budget. The remaining amount of \$2,860,600 will come from Water and Sewer General Capital Projects Fund balance.

Staff recommends that the City Commission amend the FY 2019 – FY 2023 Community Investment Plan (CIP) in the amount of \$4,685,900 for the Victoria Park South Small Watermains Improvements project.

Department of Sustainable Development

G. Appropriation of Fund Balance and Addition of 3 Full Time Positions to the Personnel Complement – Building Permits Fund – Department of Sustainable Development's Building Services Division Staffing – \$238,862

The Department of Sustainable Development's Building Services Division has experienced a slight increase in the number of building permits issued since FY 2017. They have seen a consistent cycle of 25,000 - 26,000 permits annually for the last few years and anticipate the same rate of activity for the years to follow. The steady rate of permit volume and complexity has prompted the evaluation of staffing needs. In addition to the increase in permit processing, the pending move to a new land management platform and implementation of an electronic plans review system will require additional staff to address critical technical and non-technical tasks.

To effectively operate and manage the City's Building Services Division, the City's Department of Sustainable Development's staff recommends the City Commission approve the addition of (1) Assistant Building Official, (1) Mechanical Plans Examiner, and (1) Mechanical Inspector full time positions. The current FY 2019 impact will be \$158,447, assuming start dates of March 2019 for all new positions. The annual cost to fund the positions will be \$316,892. New staff will be solely dedicated to the activities supporting the enforcement of the Florida Building code and will be fully funded by the Building Fund.

Associated with this increase in staffing are one-time purchases of equipment and supplies for daily operations in the amount of \$69,422, and ongoing operating expenses of \$10,993.

Staff recommends that the City Commission amend the FY 2019 Operating Budget and Personnel Complement in the amount of \$238,862 and an addition of 3 positions to the Personnel Complement for the Department of Sustainable Development's Building Services Division.

TOTAL AMOUNT →					\$238,862

H. Appropriation of Anticipated Revenue and Addition of 1 Full Time Position to the Personnel Complement – General Fund, Building Permits Fund – Department of Sustainable Development's Engineering Division Staffing – \$71,545

The Department of Sustainable Development's Engineering Division has encountered a significant increase in large scale projects and plan review requests that outpace the division's ability to provide timely service. Staff recommends the City Commission approve the addition of (1) Urban Engineer II position that will be dedicated to supporting the division's plan review services.

This position will be allocated between the Building Fund and General Fund based upon workload. Funding is available within the Building Permits Fund and from additional revenue projected to be received in the General Fund from the newly established premium fee implemented with the new rate structure on December 1, 2018 as a result of the Permit Fee Study 2018.

The current FY 2019 impact if the Urban Engineer II position is filled by March 2019 will be \$64,299. The annual cost to fund the Urban Engineer II position will be \$95,700. In addition, there is an associated one-time purchase of equipment and supplies for daily operations in the amount of \$5,255, and ongoing operating expenses of \$1,991 associated with this new position.

Staff recommends that the City Commission amend the FY 2019 Operating Budget and Personnel Complement in the amount of \$71,545 and addition of 1 position to the Personnel Complement for the Department of Sustainable Development's Engineering Division.

Community Redevelopment Agency

I. Appropriation of Unanticipated Revenue and Expenditure – Fort Lauderdale Community Redevelopment Agency Fund – Purchase and Operation of Two Mobile Restroom Facilities - \$262,346

The City of Fort Lauderdale Parks and Recreation Department has requested that the Community Redevelopment Agency approve funding in the amount of \$262,346 for the purchase and operation of two mobile restroom facilities to be located on the beach within the Beach Community Redevelopment Area (CRA). The mobile restroom facilities will be installed prior to Spring Break 2019 (locations yet to be determined) and will remain on the beach until the Beach CRA sunsets on September 30, 2020. After the Beach CRA sunset date, the City of Fort Lauderdale will take possession of the trailers.

The proposal includes the purchase of two trailers, wrapping the trailers with graphics, pump-out services and contracted restroom staffing with two attendants. The cost breakdown is as follows:

- Purchase of (2) Trailers (\$90,376)
- Wrapping of (2) Trailers (\$10,370)
- Pump-out services (\$74,000)
- Attendants for the Restrooms (Contract) - 7 days per week - 8 hours per day (\$87,600)

Staff recommends that the City Commission amend the FY 2019 Operating Budget in the amount of \$262,346 for the Central Beach Redevelopment Area's purchase and operation of two mobile restroom facilities. This item is contingent upon the approval of CAM# 19-0079.
