Disclosures were made at this time.

Jim Hetzel, representing Urban Design and Planning, explained that this is a City-initiated rezoning Application led by Fort Lauderdale's Parks and Recreation Department. The request would rezone a single-family detached dwelling district to Parks, Recreation, and Open Space. The property is approximately 5.09 acres and was originally presented to the Planning and Zoning Board (PZB) in 2015. The Parks and Recreation Department is moving forward with conceptual plans to develop the parcel as a park.

There being no questions from the Board at this time, Chair Maus opened the public hearing.

Charlie Leikauf, representing the Riverland Preservation Society, recalled that the Board has twice previously voted against building homes on the subject parcel. He was in favor of rezoning the property.

As there were no other individuals wishing to speak on this Item, Chair Maus closed the public hearing and brought the discussion back to the Board.

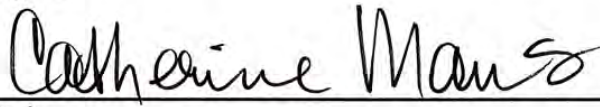

Motion made by Ms. Fertig, seconded by Mr. Weymouth, to approve. In a roll call vote, the **motion** passed 8-0.

~~Disclosures were made at this time.~~

~~Debbie Orshofsky, representing the Applicant, recalled that this Item was previously presented at the October 17, 2018 Board meeting. The Application would rezone the parking lot of an existing neighborhood grocery store. The zoning of the store and its surrounding area are consistent with the Northwest Regional Activity Center Mixed Use West (NWRAC MUw) category. The request would bring the parking lot into conformity with its existing commercial use.~~

~~The Item was deferred from the October 17, 2018 meeting to provide the Applicant with an opportunity to meet with the Home Beautiful Park Civic Association and other neighbors. They have since met with representatives of the organization and assured them that the proposed use would be mixed-use, including ground floor retail with office space overhead. The retail space is being designed to accommodate a range of retail uses, including grocery store use. The Applicant plans to work with the community to reestablish this type of use if possible.~~
