WHEREAS, the Constitution and laws of the State of Florida, Chapter 166, Florida Statutes, as amended and supplemented, the Charter of the City of Fort Lauderdale (the "City Charter") and other applicable provisions of law authorize and empower the City of Fort Lauderdale (the "City") to adopt this resolution; and

WHEREAS, it is deemed advisable and necessary to provide for the submission to the qualified electors of the City, at a special election to be scheduled for March 12, 2019, the question of whether the City should issue its general obligation bonds for the purpose of providing funds, together with other available funds of the City, to enable the City to pay the costs of the Parks and Recreation Projects described in Section 3 hereof; and

WHEREAS, on December 4, 2018, the City Commission of the City (the "City Commission") adopted Resolution No. 18-251 in order to, among other things, authorize (i) certain Parks and Recreation Projects, (ii) the financing of such Parks and Recreation Projects with proceeds of general obligation bonds to be issued by the City, (iii) the issuance of the general obligation bonds subject to a voter referendum and (iv) a voter referendum to be held on March 12, 2019 to determine if such general obligation bonds should be issued; and

WHEREAS, to better describe the Parks and Recreation Projects to be undertaken and financed with proceeds of the general obligation bonds to be issued by the City, the City Commission desires to repeal in its entirety Resolution No. 18-251 adopted on December 4, 2018 and replace said resolution with this resolution;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA:

SECTION 1. The foregoing "WHEREAS" clauses are ratified and confirmed as being true and correct and are incorporated in this resolution.

SECTION 2. Issuance of Bonds. Subject to the referendum provided for herein and pursuant to subsequent proceedings of the City, the City will issue from time to time, in one or more series, general obligation bonds in an aggregate principal amount not exceeding TWO HUNDRED MILLION DOLLARS (\$200,000,000), maturing at such time or times not exceeding thirty (30) years from their date or dates of issuance and bearing interest at a rate or rates not exceeding the legal maximum rate of interest, in each case as shall be determined or provided for by resolution of the City prior to the time of sale thereof (the "Bonds"). Such Bonds shall pledge the full faith and credit of the City and be payable from ad valorem taxes levied by the City without limit as to rate or amount on all taxable property within the City. The Bonds will be issued to provide funds which, together with other available funds of the City, will enable the City to pay the cost of acquiring, constructing, developing, extending, enlarging, improving, renovating, equipping and furnishing the Parks and Recreation Projects described in Section 3 hereof and to pay all costs of issuance of the Bonds.

SECTION 3. Authorization of Projects. The Parks and Recreation Projects to be financed with proceeds of the Bonds include the acquisition, construction, development, extension, enlargement, improvement, renovation, equipping and furnishing of the Parks and Recreation Projects identified in Exhibit "A" attached hereto and incorporated herein. Included in the list of Parks and Recreation Projects in Exhibit "A," are four "signature" park projects, to wit: Joseph Carter Park, Holiday Park, Lockhart Stadium and Tunnel Top Park. It is the City's intention to include these four signature park projects among the projects to be financed with proceeds of the first series of Bonds issued by the City. Other Parks and Recreation Projects listed in Exhibit "A," including, without limitation, land acquisition, will be undertaken by the City and

financed with proceeds of the first or subsequent series of Bonds as approved by the City Commission by subsequent resolution; provided, however, that prior to the City Commission's approval of a Parks and Recreation Project that is not one of the four signature park projects named above, such project shall have been reviewed by the City of Fort Lauderdale Parks, Recreation and Beaches Advisory Board (the "Advisory Board") and the Advisory Board shall have submitted its recommendation to the City Commission as to whether the project should or should not be undertaken and financed, in whole or in part, with proceeds of the Bonds. In deciding whether to undertake and finance with proceeds of the Bonds a Parks and Recreation Project that is not one of the four signature park projects, the City Commission shall conduct a public hearing and consider, but shall not be obligated to follow, the recommendation of the Advisory Board with respect to such project.

The dollar amounts set forth for each Parks and Recreation Project in Exhibit "A" are good faith estimates of the cost of the improvements to be undertaken in connection with each Parks and Recreation Project; such dollar amounts are not binding. The expenditure for each Parks and Recreation Project shall depend on the actual improvements undertaken in connection with the particular project, it being understood that the City shall make its best efforts to undertake and complete all of the Parks and Recreation Projects listed in Exhibit "A" and the specific improvements described in connection therewith. The foregoing notwithstanding, the City may, in its sole discretion, by official action evidenced by a resolution of the City Commission adopted from time to time after receiving the recommendation of the Advisory Board (which recommendation the City Commission shall not be obligated to follow) modify or amend all or any portion of the Parks and Recreation Projects listed in Exhibit "A" or any component thereof, to (1) delete one or more of such Parks and Recreation Projects or any component thereof, if the City determines it is not feasible or is otherwise not in the best interests of the City to pursue or (2) substitute or modify one or more of such Parks and Recreation Projects, if the City determines such substitution or modification better serves City purposes; provided such modified or substituted facility, improvement or equipment is a Park and Recreation Project.

In addition to the foregoing, proceeds of the Bonds in an aggregate principal amount of not exceeding \$14,072,500 may be applied by the City to pay the cost of acquisition, construction, development, extension, enlargement, improvement, renovation, equipping and furnishing of other Parks and Recreation Projects not listed in Exhibit "A"; provided, however, that prior to the City Commission's approval of any such other Parks and Recreation Project such project shall have been reviewed by the Advisory Board and the Advisory Board shall have submitted its recommendation to the City Commission as to whether the project should or should not be undertaken and financed, in whole or in part, with proceeds of the Bonds. In deciding whether to undertake and finance with proceeds of the Bonds a Parks and Recreation Project that is not listed in Exhibit "A," the City Commission shall conduct a public hearing and consider, but shall not be obligated to follow, the recommendation of the Advisory Board with respect to such project.

The City hereby finds, declares and determines that the Parks and Recreation Projects described in this Section 3 will further important municipal purposes of the City and will promote the health, safety and welfare of its residents.

SECTION 4. Bond Referendum. A bond referendum in the form of a special election (the "Referendum") is hereby called to be held in the City from 7:00 a.m. to 7:00 p.m. on March 12, 2019 for the purpose of determining whether the qualified electors of the City approve the issuance of the Bonds to finance, together with other available funds of the City, the cost of acquiring, constructing, developing, extending, enlarging, improving, renovating, equipping and furnishing the Parks and Recreation Projects described in Section 3 hereof and to pay the costs of issuance of said Bonds.

SECTION 5. The appropriate Broward County election officials (the "Election Officials") shall conduct the Referendum hereby called, with acceptance of the certification of the results of the Referendum to be performed by the City Commission. The official returns of each precinct shall be furnished to the City Clerk of the City as soon as the ballots from all precincts have been tabulated.

SECTION 6. The voting precincts for the Referendum shall be as established by the Election Officials. All electors shall vote at the polling places and the voting precincts as determined by the Election Officials. The polling places for the Referendum shall be open from 7:00 a.m. to 7:00 p.m. on the day of the Referendum. In accordance with the Constitution and the laws of the State of Florida, all qualified electors of the City shall be entitled and permitted to vote in the Referendum.
