A. Appropriation of Fund Balance – Cemetery Perpetual Care Fund – Management/Operating Services Reimbursement - \$799,300

On October 9, 2019, the City Commission approved a budget amendment for the City to takeover Cemetery operations. The newly created Cemetery System Enterprise Fund estimated reimbursement in the amount of \$1,514,300 from the Perpetual Care Fund for maintenance related expenses. The FY 2019 Adopted Perpetual Care Fund Maintenance Reimbursement is \$750,000 and additional funding in the amount of \$799,300 is recommended in the Perpetual Care Fund for FY 2019 anticipated reimbursements to the Cemetery System Fund.

Staff recommends that the City Commission amend the FY 2019 operating budget in the amount of \$799,300 to increase the Perpetual Care Fund for anticipated reimbursements to the Cemetery System Fund.

Fire-Rescue

C. Appropriation of Unanticipated Revenue and Expenditure – General Fund – to Correct the Departmental Overage - \$500,000

During FY 2019, Fire-Rescue Department experienced an overage of approximately \$500,000 due to overtime expenses. The Fire-Rescue Department operates within a minimum staffing model for both Fire-Rescue Operations and the Ocean Rescue bureaus. The overtime expenses exceeded the annual appropriations due to a number of factors, including but not limited to, unanticipated vacancies due to early retirement, military leave deployments, a long-term disability, and ongoing disciplinary issues.

Funding is available for this expense from unbudgeted interest earned in FY 2019.

Staff recommends that the City Commission amend the FY 2019 operating budget in the amount of \$500,000 for the overage in unplanned overtime.

Transportation and Mobility

D. Appropriation of Grant Funds and Transfer between Operating Budgets – Grant Fund, General Fund – Mobility Study Build Grant - \$100,000

The City is exploring an opportunity to convert Andrews Avenue and 3rd Avenue in downtown Fort Lauderdale to a one-way pairs network. To this end, a study has been scoped with one of the City's traffic engineering consultants at an estimated cost of \$200,000. Funding for this study is estimated to come from three sources:

- City of Fort Lauderdale (\$75,000)
- Downtown Development Authority (DDA) (\$25,000)
- Broward County (\$100,000)

The City's contribution of \$75,000 (grant match) is included in the City's 2019 Operating Budget and the DDA contribution of \$25,000 (grant) will be awarded to the City as a grant. The County's contribution is anticipated to be approved in October.

Staff recommends that the City Commission amend the FY 2019 Operating Budget in the amount of \$100,000 for the Mobility Study Build Grant. This item is contingent upon the approval of the grant acceptance CAM #19-0764.
