

**CITY OF FORT LAUDERDALE  
City Commission Agenda Memo  
REGULAR MEETING**

**#19-0980**

---

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Chris Lagerbloom, ICMA-CM, City Manager

**DATE:** November 5, 2019

**TITLE:** Motion Approving Contract for Isle of Palms Seawall Replacement –  
Poseidon Dredge & Marine, Inc. – \$1,952,767 – **(Commission District 2)**

---

**Recommendation**

It is recommended that the City Commission approve a contract, in substantially the form attached, for the Isle of Palms Seawall Replacement Project with Poseidon Dredge & Marine, Inc in the amount of \$1,952,767.

**Background**

The project replaces approximately 900 linear feet of deteriorated coral rock seawall as recommended in the Seawall Master Plan, prepared by BCC Engineering at the City's request. The new seawall will be constructed with new sheet-pile along the west side of Isle of Palms Drive in the Las Olas Isles neighborhood, located just south of Las Olas Boulevard. Additionally, new stormwater infrastructure, pavement and landscaping restoration will be constructed to drain the runoff from Isle of Palms Drive through the new seawall into the canal.

On August 15, 2019, the Procurement Services Division issued Invitation to Bid No. 12261-493. The City received seven bids in response to the solicitation, which were opened on September 20, 2019. All bids were reviewed for compliance with the solicitation specifications. Two of the seven bids received indicated they are a Minority-Owned Business Enterprise, Woman-Owned Business Enterprise or Small Business Enterprise. The bid submitted by Poseidon Dredge & Marine, Inc. has met all the specifications of the solicitation and has been deemed the lowest cost, responsive, and responsible bid.

**Resource Impact**

There will be a fiscal impact to the City in the amount of \$1,952,767 for the contract award with the allowances included and \$472,695 for estimated in-house and consultant project management fees for a total of \$2,425,462. Funds for this purchase in the total amount of \$2,425,462 are available in the FY 2020 Community Investment Plan in the accounts listed below:

**Funds available as of October 14, 2019**

ACCOUNT NUMBER	INDEX NAME (Program)	CHARACTER CODE/ SUB-OBJECT NAME	AMENDED BUDGET (Character)	AVAILABLE BALANCE (Character)	AMOUNT
331-P12014.331-6599	Isle of Palms Seawall Replacement	Capital Outlay / Construction	\$ 2,816,000	\$ 2,722,047	\$ 2,231,425
470-P12074.470-6599	Southeast Isles Tidal and Stormwater Improvements	Capital Outlay / Construction	\$ 1,329,520	\$ 336,805	\$ 194,037
<b>TOTAL →</b>					<b>\$ 2,425,462</b>

**Strategic Connections**

This item supports the *Press Play Fort Lauderdale Strategic Plan 2024 Strategic Plan*, specifically advancing:

- The Infrastructure Focus Area
- Goal 1: Build a sustainable and resilient community.
- Objective: Proactively maintain our water, wastewater, road, bridge infrastructure.
- Objective: Reduce flooding and adapt to sea level rise.
- Objective: Ensure climate change resiliency and implement local and regional strategies to reduce our carbon imprint.

This item advances the *Fast-Forward Fort Lauderdale Vision Plan 2035: We are Ready*.
