

**CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING**

#19-1102

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Chris Lagerbloom, ICMA-CM, City Manager

DATE: November 5, 2019

TITLE: Resolution Appointing Representatives to the Working Group and
Technical Group Relating to the Memorandum of Understanding with
Broward County Regarding Collaborative Study and Development of an
Integrated Solid Waste and Recycling System (**Commission Districts 1,
2, 3 and 4**)

Recommendation

It is recommended that the City Commission appoint a primary and alternate representative to participate in the Working Group, as well as a representative to participate in the Technical Group as outlined in the Memorandum of Understanding (MOU) with Broward County regarding a collaborative study and development of an integrated regional solid waste and recycling system.

Background

On September 12, 2019, City Commission approved the MOU with Broward County (CAM 19-0670). The MOU confirmed the City's desire to participate in the establishment and implementation of a regional solid waste management system, secured representation under any governing body established to govern any integrated solid waste and recycling system resulting from the MOU and provided the opportunity to request representation on both the Working Group and Technical Group providing recommendations.

The attached resolution establishes the City's appointments to the Working Group and Technical Group. The Working Group members (a primary and alternate) must be elected officials. The meeting frequency and time commitment to participate will be determined by the Working Group once formed. The Commission will need to discuss and decide who among them will fulfil these roles.

As City Manager, I am recommending Melissa Doyle, the Solid Waste and Recycling Program Manager, be appointed to represent the City on the Technical Group.

Resource Impact

There is no fiscal impact associated with this action.

Strategic Connections

This item is a *Press Play Fort Lauderdale Strategic Plan 2024* initiative, specifically advancing:

- The Infrastructure Focus Area
- Goal 1: Be a sustainable and resilient community
- Objective: Effectively manage solid waste

This item advances the *Fast Forward Fort Lauderdale 2035 Vision Plan: We Are Ready*.
