WHEREAS, in order to help facilitate the voluntary removal by Outfront of billboards from surface streets and/or downtown, historic, redevelopment or infill areas within the City, and to rebuild those billboards on interstate highways within the City, it is recommended that the distance between permitted signs on the same side of an interstate highway within the City be reduced to a minimum of 1,000 feet for any billboards constructed, reconstructed, operated or maintained by Outfront pursuant to the Amended and Restated Settlement Agreement;
