4. CASE:	L19002
REQUEST: *	Amend City of Fort Lauderdale Comprehensive Plan to update the Ten-Year Water Supply Plan
APPLICANT:	City of Fort Lauderdale
PROJECT NAME:	10-year Water Supply Facilities Work Plan 2020 Update
GENERAL	
LOCATION:	City-wide
CASE PLANNER:	Lorraine Tappen

Ms. Tappen advised that Florida Statutes require the City to update its Ten-Year Water Supply Facility Work Plan as soon as the South Florida Water Management District updates its own plan. The update, including amendments related to the Comprehensive Plan's Infrastructure and Future Land Use elements, is a separate document that must be approved within a faster time frame and must be completed by May 2020.

Ms. Tappen further clarified that this update is an amendment to the existing Comprehensive Plan. The language of amendments related to the Future Land Use and Infrastructure elements of the updated Comprehensive Plan will be retained when the Comprehensive Plan is updated.

There being no further questions from the Board at this time, Vice Chair Fertig opened the public hearing. As there were no other individuals wishing to speak on these Items, the Vice Chair closed the public hearing and brought the discussion back to the Board.

Motion made by Mr. Tinter, seconded by Ms. Scott, to adopt/recommend. In a voice vote, the **motion** passed 6-0.

~~V. COMMUNICATION TO THE CITY COMMISSION~~

~~None.~~

~~VI. FOR THE GOOD OF THE CITY OF FORT LAUDERDALE~~

~~**Motion** made by Ms. Scott, seconded by Mr. Prewitt, to adopt the calendar [of 2020 Planning and Zoning Board meeting dates]. In a voice vote, the **motion** passed 6-0.~~

~~Mr. Shechtman recalled that he serves as the Board's representative on the LauderTrail Working Group, which has been tasked with identifying seven miles of pedestrian and bicycle facilities within the City. He is now the Chair of that advisory body, which recently presented their final route recommendations to the City Commission. They requested that the Commission appropriate \$5 million from the Parks Bond to formalize a public-private partnership with the Mockingbird Trail group for the design, implementation, and maintenance of the trail in perpetuity, and to prioritize collaboration with the Broward Metropolitan Planning Organization (MPO) and the use of County surtax dollars. This item will go before the City Commission for a formal vote at a later date.~~

Ms. Parker noted that Staff had not read the exceptions to Item 4, the Ten-Year Water Supply Plan, into the record during discussion of that Item.

Motion made by Ms. Scott, seconded by Mr. Prewitt, to reopen the [Ten-Year Water Supply] Plan to read the [exceptions] into the record. In a voice vote, the **motion** passed unanimously.

Ms. Tappen read the exceptions into the record at this time:

- P.12, regarding Figure ES-4: add the following language, "Figure ES-4 is based upon the City operating Peel Dixie WTP to produce approximately six MGD indefinitely. If the City operated the Peel Dixie WTP to produce its maximum capacity of 12 MGD, then the demand curve would increase, resulting in a water supply deficit in approximately the year 2029."

Motion made by Ms. Scott, seconded by Mr. Prewitt, to forward the Plan to the City Commission with the Staff changes and recommendations [that were] just read into the record. In a voice vote, the **motion** passed 6-0.

There being no further business to come before the Board at this time, the meeting was adjourned at 9:02 p.m.

Any written public comments made 48 hours prior to the meeting regarding items discussed during the proceedings have been attached hereto.
