

Get Paid to Save!

With a rebate for **efficiency upgrades** to your home irrigation system.

What kind of upgrades?

Upgrade your sprinkler zones to **improve efficiency**.

Upgrade your existing timer to an **EPA WaterSense** smart irrigation controller.

Rebate Options

In the Zones

Restore zone balance by replacing sprays with multi-stream nozzles and pressure regulating sprinkler (PRS) bodies or adding sprays/rotors to zones to eliminate head mixing and improve efficiency. Using PRS bodies is mandatory. **Up to \$300.**

Get Smart

Bring any mechanical system into the Wi-Fi age with this upgrade that rebates new solenoid valves and an EPA WaterSense-labeled weather-based (smart) irrigation controller. System design must meet special criteria. **Up to \$500.**

VIP Upgrade

Already have a digital irrigation controller with solenoid valves? Take the next step and add an EPA WaterSense-labeled weather-based irrigation controller. System design must meet special criteria. **Up to \$200.**

Mix and Match

Improve zone design AND upgrade to an EPA WaterSense-labeled weather-based irrigation controller. **Up to \$600.**

Am I eligible?

- Must have a working system
- Must use metered, potable water
- Must reside in participating city
