

Developed Projects

MC CLINTON HOLDINGS: The conversion of a former warehouse space into corporate office use as a telecommunications company. McClinton Holdings and BTS Towers is a developer of wireless and broadcast communication real estate towers in South and Central America with a portfolio of over 300 sites including assets in Argentina, Uruguay, Paraguay, Peru, Ecuador, Colombia, Nicaragua, Honduras, Haiti, and Mexico. The company employs an on-site staff of 10 in the management, legal and accounting field.

This property has motivated neighbors to upgrade their properties, making the area more appealing for more business development.
