To Whom It May Concern,

Please accept this written statement as our official endorsement of support regarding the BLUE TREE CAFÉ.

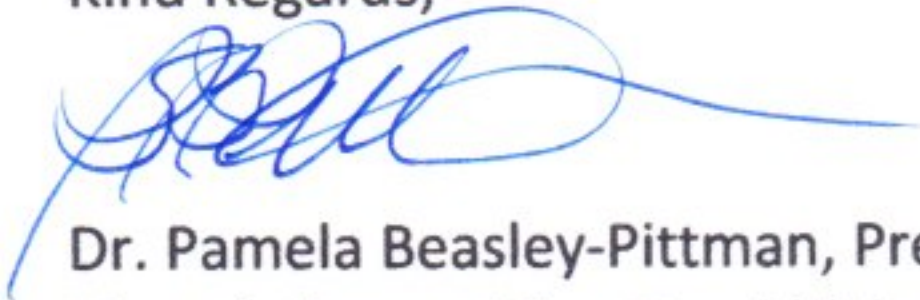

Ms. Sharon Allen, the Proprietor of The Blue Tree Café, has satisfied the directive of our City Commission to contact us, Historic Dorsey RiverBend Civic Association, Inc. (HDRB). As duly noted, HDRB is within 300ft of the future proposed establishment at 612 NW 9th Ave, Bay #3, which mandates sharing the project's details with our neighborhood.

Ms. Allen contacted me, and I included her on the Agenda of our regularly schedule October Meeting, Monday the 26th. Our meeting was via Zoom Video Conference. The membership well-accepted Ms. Allen's presentation. The concept of The Blue Tree Café project created much enthusiasm. Therefore, the membership of HDRB offers this written statement as approval of the Blue Tree Café's proposed project. If you have any questions, contact me at 954-445-0244.

We also ask that this statement be read openly before the Commission when discussed as an agenda item. Please attach it with the appropriate Meeting Minutes to be included as part of the official records.

Submitted by the ***Membership of Historic Dorsey RiverBend Civic Association, Inc.***

Kind Regards,

Dr. Pamela Beasley-Pittman, President

Sharon Allen,

I am writing this letter on behalf of the Progresso Village Civic Association to state our support of The Blue Tree Cafe and the virtual restaurants, so that you may secure funding from the CRA.

You and your daughter (business partner) both presented your plans and ideas to our community. We believe your plans to provide a restaurant that caters healthy food to the community will be much appreciated as well as aligned with our visions of a sustainable future. We unanimously approve the project and welcome you to our neighborhood. We look forward to dining with you soon.

This letter serves as documentation that may be shared with any city staff or city meeting to show support from our community towards your project. If you have any questions please feel free to contact me via email at pvca.ftl@gmail.com.
