TITLE: Discussion Regarding Public/Private Partnerships Between the Fort
Lauderdale Police Department and the City of Fort Lauderdale
Homeowners' Associations - **(Commission Districts 1, 2, 3 and 4)**

The City Commission will discuss public/private partnerships between the Fort Lauderdale Police Department (FLPD) and the City of Fort Lauderdale Homeowners' Associations for the use, placement and recurring costs of license plate readers (LPRs). The use of LPRs is a vital component to the proactive and follow up investigative efforts to solve and prevent crime. It is in the FLPD's best interest to have adequate LPR coverage throughout the City.
