Part IV: SECURITY AND EMERGENCY SERVICES

Your Event may require Security and Emergency Services which will be determined using this application, your Site Plan and Narrative, MOT, transportation plan and any additional information requested during your Special Events meeting. The hourly rate and costs for services will be quoted on the "Cost Estimate" worksheet developed at the meeting and provided to the organizer. The cost may change after the meeting.

If Fire Rescue or Police staff are scheduled for the event then a minimum of four (4) hours for each Fire Rescue staff and a minimum of three (3) hours for each Police staff will be charged. Fire Rescue also charges 45 minutes to set up and 45 minutes to break down for each event. If the event is canceled then an event representative must call each department at least 24 hours before the event is expected to begin or the organization will be charged.

Fire Prevention and Emergency Medical Services

Fire Rescue may need to inspect your event or provide services based on your Building Permit, expected attendance and other risk factors such as alcohol, time, day, location, event type or weather. When you complete your Building Permit Form with Department of Sustainable Development (DSD) indicate all the permits and inspections you need and immediately pay DSD directly. All other payments for services will be invoiced to the event coordinator and must be paid within thirty (30) days. For questions call the Fire Marshal at (954) 828-6370.

If you want to use a private security company, their proposed security plan must be presented along with their business license and contact information with this event application. The Police will review the plan and inform you if it meets City requirements.

I understand that I may be required to provide a deposit based on historical performance or lack thereof.

I understand that the City has a noise ordinance that my event must follow. I agree to abide by all provisions of the noise control ordinance and understand that my failure to do so may result in a civil citation, a physical arrest, or the shutting down of the event. If at any time during the event it is determined by law enforcement personnel, code enforcement personnel, parks and recreation personnel, or any other city representative that the entertainment or music is causing a noise disturbance, I will be directed to lower the volume to an acceptable level as determined by City staff. If a second noise disturbance arises during the event, I may be directed to shut down the music or entertainment for the remainder of the event.
