

CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING

#21-0815

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Chris Lagerbloom, ICMA-CM, City Manager

DATE: September 9, 2021

TITLE: Resolution Authorizing the City Manager to Submit a Grant Application for \$4,688 to the Florida Inland Navigation District – Small Scale Derelict Vessel Removal Program to Remove a Derelict Vessel from the New River – **(Commission District 1)**

Recommendation

Staff Recommends the City Commission adopt a Resolution authorizing the City Manager to submit an application for grant funding of \$4,688 to the Florida Inland Navigation District – Small Scale Derelict Vessel Removal program. This Grant requires a City match of \$1,562.

Background

The Florida Inland Navigation District (FIND) administers the Waterway Assistance Program (WAP) program. FIND provides funding assistance to local governments within the District to provide public access to area waterways through boat ramps, floating docks and derelict vessel removal.

A 24' vessel sank in Lake Sylvan and the Florida Fish and Wildlife Commission deemed the vessel derelict and authorized the City to remove the vessel on June 15, 2021. On July 28, 2021, Matt's Marine removed the derelict vessel for the City at a cost of \$6,250.

The Florida Inland Navigation District Small Scale Derelict Vessel Removal Program will fund up to 75%, or in this case \$4,688 of the costs needed to salvage and properly dispose of this derelict vessel. The remaining costs of \$1,562 to remove the vessel will be funded by a Broward County Boating Improvement Derelict Vessel Removal Grant which was awarded to the City in 2019.

Resource Impact

There is no fiscal impact associated with the grant application. The Grant will be brought back to the City Commission for execution and appropriation if awarded.
