

CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING

#21-0832

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Chris Lagerbloom, ICMA-CM, City Manager

DATE: October 5, 2021

TITLE: Resolution Approving the Execution and Acceptance of Florida Department of Transportation Grant Funds for the Design and Installation of New Shuttle Stops and Shelters in Compliance with the Americans with Disabilities Act of 1990 – \$196,875 - **(Commission Districts 1, 2, 3 and 4)**

Recommendation

Staff recommends the City Commission authorize the City Manager to execute the Florida Department of Transportation (FDOT) Grant Agreement, in substantially the form attached, and approve the acceptance of the grant funds on behalf of the City for funding the design and installation of new Americans with Disabilities Act of 1990 (ADA) compliant community shuttle stops and shelters.

Background

The City has been awarded a grant from FDOT in the amount of \$393,750 that requires a 50% match of \$196,875 from the City. Funding is available in Capital Improvement Project P12599.331 to fulfill the grant match requirement. The scope of P12599.331 is to design and install new ADA compliant community shuttle stops and shelters. The new stops and shelters will:

- Improve safe access to public transit with the addition of firm, stable, and slip-resistant pads in designated locations where passengers board and alight.
- Improve service options to high-demand locations that are currently underserved from the transition of a “Wave and Ride” system to a fixed-route system.

The funding will be used towards the design and installation of fifteen (15) community shuttle stops and shelters in select locations listed in Exhibit 2.

Resource Impact

This action will result in a positive fiscal impact to the City in the amount of \$196,875 which will be appropriated to the accounts below contingent upon the approval of the Consolidated Budget Amendment Commission Agenda Memo 21-0602. Funding for the grant match requirement is appropriated in P12599.331.
