Communication to Commission:

1. We encourage Broward County School Board to continue to review all options for the construction of a cafeteria at Stranahan High School, which is a critical construction requirement in the City of Fort Lauderdale.
2. We recommend they acknowledge the less expensive reuse option, which is predicted to be completed and open roughly one school year earlier and cost less than a new design option, as their preferred option.

3. We ensure the eventual cafeteria meets the dining, restroom, and all other requirements for Stranahan High School.

Our recommendation is based on our belief that the reuse option will be faster and is more likely to be completed, but if these constraints did not exist, we would prefer a new design cafeteria.

Motion by Mr. Christopher Relyea, seconded by Mr. Moises Acosta, to approve the communication. **Motion** passed unanimously. (11 -0)
