

RESOLUTION NO. 21-

A RESOLUTION OF THE CITY COMMISSION OF THE CITY
OF FORT LAUDERDALE, FLORIDA, APPROVING THE CITY
OF FORT LAUDERDALE'S 2022 STATE LEGISLATIVE
PROGRAM, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City's Government & Development Manager, along with the Tallahassee contract lobbyists, will advocate and lobby the City's interests during the upcoming legislative session;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA:

SECTION 1. That the City Commission of the City of Fort Lauderdale, Florida, hereby approves the City of Fort Lauderdale's 2022 State Legislative Program as set forth in Exhibit 1 to City Commission Agenda Memo No. 21-1078, a copy of which is attached hereto.

SECTION 2. That this Resolution shall be in full force and effect upon final passage.

ADOPTED this _____ day of _____, 2021.

Mayor
DEAN J. TRANTALIS

Introduction and Strategic Goals

The 2022 Legislative Priorities reflect the general position of the City Commission pertaining to upcoming legislation that would impact operations. Most importantly, this Program integrates the Commission's Strategic Goals: *Press Play Fort Lauderdale 2024*, which brings focus and coordination to what we do every day as we build community. This framework enables our employees to collaborate and innovate together to achieve a set of aspirational goals, objectives, and initiatives over the next five years.

Infrastructure

GOAL 1: Build a sustainable and resilient community.

GOAL 2: Build a multi-modal and pedestrian friendly community.

Public Places

GOAL 3: Build a healthy and engaging community.

Neighborhood Enhancement

GOAL 4: Build a thriving and inclusive community of neighborhoods.

Business Development

GOAL 5: Build an attractive global and local economic community marketplace.

Public Safety

GOAL 6: Build a safe and well-prepared community.

Internal Support

GOAL 7: Build a values-based organization dedicated to developing and retaining qualified employees.

GOAL 8: Build a leading government organization that manages all resources wisely and sustainably.

Fundamental Principles

HOMELESSNESS AND HOUSING OPPORTUNITIES

Address homelessness and the creation of housing opportunities including evaluation of activities and initiatives that can address the root cause of homelessness while identifying ways to create additional housing opportunities in the City.

The Commission *supports* full funding for the Sadowski Affordable Housing Trust Fund, the State Housing Initiative Partnership (SHIP); and other housing programs which aid income eligible residents, including individuals with disabilities.

FLORIDA LEAGUE OF CITIES

Support the Florida League of Cities (FLC) Legislative Priorities and Policy Statements, unless specific issues conflict with the City's approved Legislative Priorities.

WORKFORCE EDUCATION/EARLY LEARNING

Support funding for early learning education; and full funding for workforce readiness programs.

SOVEREIGN IMMUNITY

Oppose legislative efforts to increase or eliminate the monetary limits on the waiver of sovereign immunity in current law.

UNFUNDED MANDATES

Oppose legislation which shifts the financial burden from the state to local government, specifically municipalities.

TAXES AND FEES

Oppose legislation that modifies, restricts, or eliminates a municipality's ability to levy and collect or spend franchise fees, communications service taxes, local business taxes, or other revenues.

Commission Legislative Priorities

INTERGOVERNMENTAL COLLABORATIONS

The Commission *supports* legislation:

- Allowing local government to regulate short-term rental properties, vacation rentals, and sober homes.
- That would change the date for the non-ad valorem assessment roll public hearing from September 15th to September 25th to avoid a special meeting of the City Commission regarding the budget.
- To amend Sec. 286.011, Florida Statutes allowing closed-door meetings on pre-suit liability claims.

FIREARM REGULATIONS

The Commission *opposes* the Legislature's attempt to prohibit local governments from implementing firearms regulations.

INFRASTRUCTURE, RESILIENCE, AND TRANSPORTATION

Examine and address infrastructure needs related to water, wastewater, and stormwater. Integrate resilience in all decisions relating to current and future City operations, so that the city can effectively plan for, respond to, and quickly recover from disruptive events. Develop programs and implement strategies to improve traffic flow and evaluate new solutions that will alleviate congestion within the city.

The Commission *supports* legislation and funding for transportation enhancements focused on greenways, complete street initiatives, pedestrian safety, improving traffic flow, and mass transit development. The Commission further supports legislation that:

- Requires flood disclosures upon the sale of a property;
- Promotes energy conservation and alternative energy development; and
- Supports the inclusion of municipalities in the state environmental permitting process.

Plastic Bag & Styrofoam Bans

The Commission *supports* the repeal of state regulations prohibiting local governments from banning the use or sale of polystyrene products.

PUBLIC SAFETY

The Commission *supports* initiatives that focus on a fair and equitable justice system, which can be achieved through statewide comprehensive criminal justice reform. The Commission further *supports* legislation that modifies the Law Enforcement Trust Fund's (LETf) evidentiary standard in a forfeiture proceeding and use of future forfeitures, which may result in an increase in amounts collected.

NEW/PENDING The Commission *supports* legislation that would allow municipal building code inspectors to inspect buildings of a certain age and enforce violations found on repeated occasions.

Appropriation Requests

ARTS AND CULTURE

The Commission *supports* increased funding for historic preservation. As a city known for its arts and culture, the Commission also *supports* the advocacy efforts of the Florida Cultural Alliance, calling for the restoration of full funding for the cultural arts.

ECONOMIC DEVELOPMENT

The Commission *supports* funding for Fort Lauderdale Executive Airport capital projects, and the collaboration between the marine and aviation industries to promote economic development and tourism. Furthermore, the Commission *supports* VISIT Florida and the transfer of the spending authority of the Tourism Development Tax to municipalities based on tourism activity.

EDUCATION

***NEW/PENDING* Summer Enrichment Program | \$500,000**

The Summer Enrichment Program is a tri-fold strategy designed to:

- 1) Academically enrich the City's Parks and Recreation camps;
- 2) Launch an extended day camp to complement Broward County Public School's half-day Summer Academy; and
- 3) Deliver college and career readiness workshops.

Children will maintain or increase their academic performance during the summer months and build social and emotional skills that will prepare them for academic success.

HOUSING & COMMUNITY DEVELOPMENT

Community Court Program | \$100,000

The goal of the Community Court program is to reduce the daily jail population by addressing the needs of homeless, petty crime and municipal ordinance offenders. Community Court focuses on the root causes of each defendant's issues, applying appropriate therapeutic and community service-based punishments. Participants must choose to take an active role in their rehabilitation. Furthermore, funding will support the operational expenses of the weekly court sessions in the City of Fort Lauderdale's Commission Chambers.

The program provides participants with access services specific to their needs including hygiene kits, bus passes, birth certificates, and state issued identification in addition to access to social service and treatment agencies. Funding also covers Court operating costs such as advertising, office equipment, office supplies, parking fees for services providers, and more.

Rapid Rehousing Program | \$500,000

For over five (5) years, the City of Fort Lauderdale received \$1.15 million leading to the success of the Rapid Rehousing program. Along with local resources, the City provided housing to limited income individuals and families. The City has also provided move-in assistance, first and last month's rent, security deposits, temporary hotel stays, utility deposits, support services, step down rental assistance, and case management services.

RESILIENCE & INFRASTRUCTURE

Support full funding for infrastructure projects that fight sea level rise; fighting sea level rise, and funding existing infrastructure projects. Specifically, the Commission supports:

- The identification of adequate funding for water, sewer, and stormwater infrastructure improvements.
- Legislation that requires flood disclosures upon the sale of a property.
- Legislation that promotes energy conservation and alternative energy development.
- Legislation that supports the inclusion of municipalities in the state environmental permitting process.
- Maintaining, at minimum, \$50 million recurring for beach re-nourishment, revitalization, and enhancement efforts.

***NEW/PENDING* Tarpon River Environmental/Maintenance Dredging | \$100,000**

Water quality is a top priority of the Commission with 165 miles of waterways. The Tarpon River contains designated uses of fish consumption, recreation, and propagation and maintenance of a healthy, well-balanced population of fish and wildlife. A Florida Department of Environmental Protection (FDEP) Class III waterway, with approximately 11,000 linear feet, requires dredging of 23,000 cubic yards of sediment. The river has not been dredged in over 25 years, severely impacting tidal flow. The July 2021 Tarpon River West Assessment Report indicated there are some heavy metals in the sediment that adversely impacts the biological community within the river.

The project would remove an estimated 23,000 cubic yards of sediments, heavy metals, and other harmful toxins that compromise water quality. Removing the sediments would result in the restoration of the original navigable depth. The project will also increase flow and water quality.

***NEW/PENDING* Melrose Manors Neighborhood Improvements | \$1,000,000**

Due to the lack of stormwater infrastructure, the City Commission has made the Melrose Manors Neighborhood a top priority. During the October and November rainfall, in 2020, Melrose was the most impacted of all neighborhoods within the City of Fort Lauderdale – in fact – it remained flooded for several weeks after the rainfall, until finally percolating into the ground. Furthermore, after such flooding, an emergency declaration was issued, and the commission unanimously voted to begin the design of a comprehensive drainage system for this area.

There are some challenges to building the drainage system because the area is devoid of stormwater infrastructure and positive outfalls to a waterbody. As rainfall continues, it will continue to flood until stormwater improvements are put in place. The requested funding will initiate much needed improvements that will reduce the incidence of flooding caused by high tides and/or precipitation in the Melrose Manors neighborhood.

TRANSPORTATION

Transportation in any city is a critical component to stability and growth. The Commission *supports* full funding for all transportation projects within the FDOT Workplan.
