Disclosures were made at this time.

Hope Calhoun, representing the Applicant, stated that the Item is a rezoning request in anticipation of a project known as Sistrunk View. This property was awarded to the developer by Fort Lauderdale's Community Redevelopment Agency (CRA) and the developer has worked closely with that organization, as well as with the surrounding neighborhood.

During the Development Review Committee (DRC) process, the Applicant and City Staff determined that the property should have a single consistent zoning district. At present, half of the property is zoned Mid-Rise/Medium-High Density (RMM-25) and half zoned Northwest Regional Activity Center-Mixed Use West (NWRAC-MUw). The Applicant requests rezoning of the RMM-25 portion of the property to NWRAC-MUw.

Ms. Calhoun continued that Staff has reviewed the Application and found the project to be consistent with the NWRAC-MUw rezoning criteria. Supporting information is provided in the Applicant's backup materials as well as the Staff Report.

At this time Chair McTigue opened the public hearing. As there were no individuals wishing to speak on the Item, the Chair closed the public hearing and brought the discussion back to the Board.

Mr. Spence noted that the rezoning narrative for the Application indicated plans to develop 100 rental units alongside commercial space, as well as a garage that would accommodate up to 114 cars. He requested clarification of the proposed garage location. Ms. Calhoun replied that there will be structured parking within the proposed building. She confirmed that the Applicant's traffic statement was presented to the City and showed that the project would result in a negligible amount of traffic.

**Motion** made by Vice Chair Donaldson, seconded by Mr. Buckley, to recommend approval of Case Number UDP-Z26002 based on the following findings of fact, the facts in the City Staff Report, and/or based on the testimony heard tonight, that the Board hereby finds that the Application meets the applicable criteria of the ULDR cited in the Staff Report, and any conditions that may be attached to this is [sic] also added to the motion. In a roll call vote, the **motion** passed 7-0.
