

**CITY OF FORT LAUDERDALE**  
**City Commission Agenda Memo**  
**REGULAR MEETING**

**#26-0600**

---

**TO:** Honorable Mayor & Members of the Fort Lauderdale City Commission

**FROM:** Rickelle Williams, City Manager

**DATE:** June 16, 2026

**TITLE:** First Reading - Ordinance Amending Chapter 15, Article V, of the Code of Ordinances, by Amending Sections 15-181, 15-182, 15-183, 15-184, 15-185, and 15-186, to Revise the Outdoor Event Application Requirements and Implement a New Event Application Fee Structure with Exceptions, Providing for Definition of the Terms “Legacy Event” and “Signature Event,” Adopting an Event Impact Fee Matrix, Limiting the Number of Permitted Events and Road Closures on the Barrier Island, and Providing for Increased Penalties - **(Commission Districts 1, 2, 3 and 4)**

---

**Recommendation**

Staff recommends the City Commission approve an ordinance amending Chapter 15, Article V, of the Code of Ordinances, by amending Sections 15-181, 15-182, 15-183, 15-184, 15-185, and 15-186, to revise the outdoor event application requirements and implement a new event application fee structure with exceptions, providing for definition of the terms “Legacy Event” and “Signature Event,” adopting an event impact fee matrix, limiting the number of permitted events and road closures on the Barrier Island, and providing for increased penalties.

**Background**

On September 5, 2023, City staff presented at the City Commission Conference Meeting on outdoor events hosted by third parties (CAM #23-0729). The presentation highlighted the City’s existing fee structures, recommended fee structures, and other general policy recommendations. The presentation did not lead to the implementation of new fee structures.

During the Fiscal Year (FY) 2025 budget process, the Budget Advisory Board (BAB) recommended that prior to the adoption of the upcoming fiscal year budget, an event ordinance for full cost recovery be adopted for third-party hosted events. In response to this request, City staff met with the Central Beach Alliance (CBA) on January 23, 2025, to discuss outdoor events and share an outdoor event impact fee matrix concept. The CBA was generally supportive of the outdoor event impact fee matrix.

On March 18, 2025, City staff presented recommendations to the City Commission for outdoor event ordinance amendments (CAM #25-0155). The presentation included the introduction of an outdoor event impact fee matrix concept that takes public impacts into consideration when establishing the associated fee. The City Commission requested that City staff engage with the Parks, Recreation, and Beaches Advisory Board (PRBAB) and the Beach Business Improvement District (BBID) to get recommendations on the proposed outdoor event impact fee matrix, to consider a potential cap on the number of outdoor events annually, and to explore fee reductions for events that provide major economic impact.

On June 9, 2025, City staff presented to the BBID. The BBID was supportive of the proposed fee structure associated with the outdoor event impact fee matrix. The BBID suggested a cap on permit fees for events that provide an economic benefit to the City.

On June 25, 2025, the PRBAB confirmed that they were in favor of the outdoor event impact fee matrix; however, the board did not support adding a surcharge for ticketed events or reducing fees for large-scale events. Additionally, the PRBAB recommended not exceeding 400 outdoor permitted events annually. Note that 340 events were approved in 2025.

On August 19, 2025, City staff presented recommendations regarding amendments to the Outdoor Event Ordinance to the City Commission. (CAM #25-0698). The presentation included recommendations from the CBA and BBID. One (1) of the recommendations from the BBID was that events with an economic impact of \$6,000,000 (or more) should have the event fees capped at \$15,000. The City Commission requested that staff develop a stakeholder working group to coordinate with event promoters to further develop recommendations to create a balance between events and event impacts.

City staff invited local stakeholder representatives to develop recommendations for City Commission consideration. The stakeholders that participated in the meetings include:

- Riverwalk Fort Lauderdale;
- Central Beach Alliance;
- Greater Fort Lauderdale Chamber of Commerce;
- Downtown Development Authority;
- Hilton; and
- Downtown Fort Lauderdale Civic Association.

Three (3) meetings were held with stakeholders on the following dates:

- Wednesday, December 3, 2025;
- Friday, January 16, 2026; and
- Tuesday, January 27, 2026.

In addition, a joint meeting with stakeholders and the event promoters was held on Wednesday, February 4, 2026. The event promoters who participated in the meeting included those associated with the following events:

- Tortuga Music Festival;
- Lauderdale Air Dot Show;
- Split Second Timing (Shamrock Run, Turkey Trot);
- Exclusive Sports (A1A Marathon); and
- Igloo Cooler Festival.

The outcome of the stakeholder and event promoter meetings includes the following recommendations:

1. Increase the application fee – increase the base application fee from \$200 to \$500 and create two (2) late fee categories.
  - \$1,500 Fee: The first category reflects applications submitted more than sixty (60) but fewer than ninety (90) days before the event, with a late fee of \$1,000 for a total application fee of \$1,500.
  - \$2,000 Fee: The second category reflects applications submitted fifty-nine (59) days or fewer before the event with a late fee of \$1,500 for a total application fee of \$2,000.
2. Implement the Outdoor Event Impact Fee Matrix – implement the outdoor event impact fee matrix, as proposed, to determine the cost of the event fees based on the event impacts.
3. Define Categories of Events – Establish two (2) categories to include “Signature” and “Legacy” events.
  - A Signature event is a distinct, recognizable event that is unique, held annually/seasonally, has strong branding, and has positive impacts (including economic development) on the City. Examples of signature events include Tortuga Music Festival, Lauderdale Air Show, and the

## Fort Lauderdale International Boat Show.

- A Legacy event is a recurring event that has been held for at least five (5) consecutive years and is in good standing. Examples of legacy events include the A1A Marathon, Turkey Trot, Igloo Cooler Festival, Las Olas Art Fair, and Christmas on Las Olas.

4. Create a maximum event fee cap for Signature Events (\$25,000) and Legacy walk/run events (\$2,500).

On April 1, 2026, Letter to the Commission (LTC) No. 26-093, titled Outdoor Event Summary Matrix, was distributed to the City Commission. The LTC highlighted the application fees, deadlines, and late fees that other Florida coastal municipalities impose for outdoor special events.

On April 21, 2026, City staff presented the above-referenced recommendations at the City Commission Conference Meeting (CAM #26-0410). The presentation led to support of the ordinance revisions, which introduced an outdoor event impact fee matrix, increased the application fee structure, further defined a legacy event, and introduced a signature event designation. The City Commission did not take any action to reduce or limit the number of outdoor events on the barrier island but rather requested that City staff bring back an agenda item in the future to further consider limiting events on the barrier island.

On June 2, 2026, City staff presented four (4) potential actions that would limit the number of outdoor events on the barrier island (CAM #26-0450). The City Commission supported these recommendations, which include:

1. Restrict the number of Road Closures issued monthly;
2. Implement a Civic Association Acknowledgement Form;
3. Implement seasonal restrictions on events; and
4. Establish a guaranteed quiet weekend each month on the barrier island.

The proposed ordinance revision includes the above-referenced recommendations as well as additional edits proposed to streamline and improve the Outdoor Event permitting process.

### **Resource Impact**

There is no fiscal impact associated with this action.

### **Strategic Connections**

This item supports the 2029 Strategic Plan, specifically advancing:

- The Public Places Focus Area, Goal 5: Build a beautiful and welcoming community.

This item advances the Fast Forward Fort Lauderdale 2035 Vision Plan: We are Here.

This item supports the Advance Fort Lauderdale 2040 Comprehensive Plan specifically advancing:

- The Public Places Focus Area
- The Parks, Recreation & Open Spaces Element
- Goal 2: Be a community with high quality parks and recreational facilities that highlight the character of our city.
